

EVENING NEWS REVIEW.

15TH YEAR. NO. 43.

EAST LIVERPOOL, O., SATURDAY, JULY 29, 1899.

TWO CENTS

TAUGHT THEM HATRED

Carpet-Baggers Arrayed Negroes Against Whites.

CANDLER ON THE RACE PROBLEM.

Another Element Are the Fanatics and Cranks, Who Urge the Blacks to Arm Themselves Against the Whites—Rotten Politics Also Blamed.

ATLANTA, July 29.—Governor Candler has, since the Bainbridge series of lynchings occurred, been asked by newspapers in various parts of the country to give his opinion of the race question in the south. To one he said that before the ballot was thrust into the hands of the negro, unprepared for it and utterly ignorant of its sanctity, of the responsibilities of citizenship, notwithstanding he was a slave, he was happy and well contented.

But after his emancipation came his enfranchisement and with his enfranchisement came a hoard of carpet-baggers, who took charge of him when his former master and protector, with whom he had lived for generations on the most friendly and often even on affectionate terms, was de-citizenized by the partisan reconstruction laws.

They falsely taught the negroes that the southern white men were solely responsible for their enslavement and were their worst and only enemies, and that therefore it was their duty and their interest to vote against them and their party and oppose everything they were in favor of, favor everything they were opposed to—in a word to hate them.

The civil teachings had but little permanent effect upon the grownup negroes, but upon the children, the generation which has grown to manhood since that time, that effect has been most baneful.

A more immediate cause is the perpetual intermeddling with the relations of the races in the south by fanatics and fools.

They publish in the newspaper grossly exaggerated accounts of crimes committed against the negro in the south and omit any notice of the crimes against the white women which provoked the retaliation. They write incendiary letters to turbulent negroes all over the south, advising them to arm themselves with Winchester rifles and for every guilty rapist who pays the penalty to shoot down the first two white men he meets.

Thousands of such letters have been written to Georgia in the last three months.

Governor Candler says the intermeddlers of the north do not present a respectable minority, and that the lawless and criminal negroes of the south constitute less.

Rape is as much deplored by the better class of negroes as by the better class of white men. But, as because some negroes commit rape the whole race suffers, so, because some white men lynch rapists, all the whites of the south are abused.

Another and a continual present cause which contributes to race friction is corrupt politics.

Governor Candler said he believed a restricted suffrage will remedy the evils, that the ballot be given only to the intelligent negro. As to the disposition to be made of the large percentage of illiterate negroes, the governor makes no suggestion.

A U. S. SAILOR BURIED.

Admiral Dewey Sent a Wreath—Austrian Marines Participated—Olympia Sails Tuesday.

TRIESTE, Austria, July 29.—Isaac Raskallan, electrician on board the United States cruiser Olympia, was buried with military honors.

The cortege was led by the Olympia's band, followed by a squadron of marines. The hearse was followed by 60 American sailors and a detachment of Austrian marines.

Admiral Dewey sent a beautiful wreath. The Austrian authorities offered a military band for the occasion, which was courteously declined.

The Olympia will leave on Tuesday, Aug. 1, for Naples. On the way to New York the cruiser will probably stop at Leghorn, Gibraltar and Madeira.

ADVERSE TO SALVATION ARMY.

Court Decides Religious Liberty Does Not Cover Beating a Drum.

PHILADELPHIA, July 29.—The superior court of Pennsylvania handed down an opinion adverse to the Salvation Army, in which the court maintains that the question of religious freedom is not involved in a case where the public peace is disturbed.

The matter came before the court on an appeal of Joseph Garabed from the Luzerne county courts. He is a Salvation Army officer and was arrested and fined for beating a drum, which was alleged to have disturbed the peace.

DEPOSED BY ASSASSINATION.

A Plot Was on to Deprive Heureaux of His Place.

KINGSTON, Jamaica, July 29.—Advices from Santo Domingo to a Domini-

can here described the existence of a well planned and widespread plot by adherents of Jimenez to depose President Heureaux which it was thought was sure to succeed. The assassination of President Heureaux was regarded here as an indication of the success of the plot.

OUR SULTAN IS LOYAL.

Warned His Subjects to Be Friendly and Not Molest the Americans. Fight at Balabac.

SANDAYAN, Philippine islands, July 24, via Labuan, July 29.—Gen. Bates reached Sulu July 16 to arrange a treaty with the sultan at a conference to begin today. The sultan is to go to Sulu from the village of Maibun. The people of that island display great friendliness toward the Americans and it is believed a satisfactory treaty will soon be completed. If so future hostilities between the natives and the Americans in the Sulu archipelago would be prevented. The same would be true of the island of Mindanao, which is tributary to the sultan. The only features likely to be troublesome are slavery and the plurality of wives, which points it is believed the natives will insist upon.

The sultan of Sulu has issued the following proclamation to the people: "I have met the Americans. They have come among us as friends, not to interfere with our religion or rights of government. All those who love their country or sultan I warn to be friendly and not molest them. The Americans are like a box of matches—you strike one or two and they all blaze up."

The Moros of Zamboanga are anxious to have the Americans take possession of that port. They have imprisoned the Tagalo leaders representing Aguinaldo there.

A gunboat went from Manila to Balabac to re-establish a lighthouse. The commander found the light stolen, but finally recovered it. He returned to Balabac and set it up again, leaving friendly natives in charge and the United States flag floating. Going back he found the flag gone and the Filipino flag floating. Two officers and 13 marines were landed after a long, hard, stubborn fight, in which the native chief, the first officer and six natives were killed and several wounded. No American was even wounded.

Casualties Reported by Otis.

WASHINGTON, July 29.—General Otis sent a report of the capture of Calamba, in the course of which, he gave the following casualties: Privates Charles Gleesup, Fourth, and McDuffy, H. Twenty-first, killed. Corporal Thomas Totten, G. Fourth, mortally wounded. Privates Michael Sheridan, Herbert Tracey and Napoleon White, K. Twenty-first seriously wounded. Privates Hinds and Plummer, G. and Sanson, C. Fourth, Phillips, H. Christie and Hollister, D. and Ashland, I. Twenty-first, slightly wounded. Insurgent casualties unknown.

Death Reported In Cuba.

WASHINGTON, July 29.—Surgeon General Sternberg received the following from Major O'Keilly at Havana: "J. W. Dawson, civilian, Las Animas hospital, Havana, yellow fever, seriously ill, some improvement past two days. Acting Assistant Surgeon John V. Hamilton, died at Matanzas, 26th, uremia chronic nephritis."

Deaths of Soldiers Reported.

WASHINGTON, July 29.—General Davis reported the death at Ponce, Porto Rico, of Commissary Sergeant Martin Fogarty on the 26th inst. of apoplexy. General Brooke cabled the death at Holguin of Albert B. Ruin, Company G, Tenth cavalry, of typhoid fever,

To Repatriate Spaniards.

MANILA, July 29.—In compliance with an order received from Madrid, the Spanish transport Alva will proceed from Manila immediately to the Caroline islands, in order to repatriate the garrison and inhabitants of those islands.

Mormon Elders Escaped.

JACKSON, Ga., July 29.—Three Mormon elders, who were taken away from the home of William Cunnard, at Newton factory, in Jasper county, Wednesday night, escaped from the mob and were safe near Jackson. They were suffering from many bruises and injuries. They swam down a creek, hotly pursued by the mob, finally escaping. Mrs. Cunnard, a portion of whose jaw was shot away in the fight between the mob and her husband, was badly wounded.

Invited to Democratic Picnic.

DETROIT, July 29.—Mayors Harrison of Chicago and Van Wyck of New York were invited to attend a large local Democratic picnic Aug. 19, on Sugar island. A definite response was received from neither, but both were being counted upon. It was expected that the Democratic campaign for mayor this fall will be outlined by speakers at the picnic.

Ships Ordered to San Domingo.

WASHINGTON, July 29.—Secretary Long sent telegraphic orders to the cruiser New Orleans at Newport directing that she proceed at once to San Domingo. At the same time an order was sent to the gunboat Machias, at St. Thomas, to leave for San Domingo. This action was not due to the receipt of any official advices indicating possible trouble, but entirely to the desire to be forehanded in dealing with any possible disturbance.

A CAR WAS DYNAMITED

Cleveland Strike Marked by Another Explosion.

AXLINE AND FARLEY DIFFER.

The Adjutant General Believes It Is the Duty of the Guard to Put Down Rioting and Not to Do Police Duty—The Council May Act.

CLEVELAND, July 29.—A car returning from Euclid Beach park was blown up by dynamite while returning to the city. The explosion took place a short distance north of the Lake Shore railroad, about two miles east of the city limits. The front truck was demolished and the floor of the car shattered. There were no passengers on board and the motorman and conductor escaped without injury.

CLEVELAND, July 29.—The street cars were well patronized, especially during the busy hours of the morning and evening.

Mayor Farley was well pleased with the situation, but he had not relaxed his vigilance one whit and will not until the last vestige of the disorder is wiped away. The mayor and Adjutant General Axline were involved in a controversy over what the troops should do and what they should not do.

The adjutant general was of the opinion that the duty of the national guard was merely to put down rioting and not to do police duty. Whatever the duty of the national guard may be, Mayor Farley held that the troops were here under his authority and said they would remain here until he felt they could be dispensed with. The responsibility of preserving the order of the city rested upon the shoulders of the mayor, he said, and he proposed to see that his plans were not interfered with by any one. He declared that he was to be the judge as to when the troops were not wanted.

There have been several outbreaks between Mayor Farley and Adjutant General Axline within the last few days over this question. The mayor refused to discuss the difficulty, saying that this was not a time to stir up any discord.

"I will merely reiterate my statement of Thursday night," said the mayor. "This is a time for every man to mind his own business."

Rumors to the effect that the city council will endeavor to reconsider the resolution of Thursday night reached the ears of the mayor and he did not like them. The mayor felt that he had the situation well in hand and he feared that any action of the council whatever would be temporizing with the lawless element of the city and would cause agitation which would simply prolong the trouble.

After the breaches have been healed and quiet has been absolutely restored the mayor, it was said, would not object to any kind of an investigation upon the part of the council, but he deems that the members are treading on extremely dangerous ground when they undertake to reopen the discussion.

It was said that any such resolution as was proposed the other night can be adopted with a full council meeting, and efforts are to be made to have every one present next Monday night. Perhaps a new proposition will be submitted asking the council to investigate, not only the cause of the disturbances, but also the causes leading to the violation of the agreement entered into by the company and its employees at the end of the first strike.

The mayor took but little interest in the talk of boycotting merchants. He believed that just as soon as quiet was restored and the fever was gone all such talk would cease.

It was said at the City hall that there were quite a number of the recent employees of the street railway company who would go back to work if permitted, but that they are hindered by threats by some of the more radical employees and the leaders of the strike.

Mayor Farley demanded that the keys of Huck and Miles avenue school buildings be turned over to him. He wants to use the buildings as barracks for soldiers. In compliance with the demand, as had been the case on the day previous, School Director Sargent ordered the janitor of those buildings to stand ready to admit troops.

HELP DEWEY HOME FUND.

The Committee Asked Contributions—Declared Home Would Be Bought, Regardless of Amount.

WASHINGTON, July 29.—The secretary of the Dewey home fund requested the publication of the following statement: There can no longer be any doubt as to whether a home will be purchased by popular subscription for Admiral George Dewey. At a meeting of the national Dewey home fund committee today (Friday) it was found that the aggregate amount of cash actually received by Treasurer Roberts is \$16,700, from a total of over 23,000 subscribers. One hundred and three subscribers gave \$10,000. The statement was made that the \$5,000 promised some time since by the New York Journal would be forthcoming shortly, bringing the grand ag-

gregate up to \$31,700. The committee agreed to close the subscriptions before the arrival of Admiral Dewey in New York in September and then to proceed. After consultation with the admiral as to location, etc., to purchase the home with whatever funds they may at that time have in hand.

"We will purchase the home if not another dollar is received; so that the question now is whether the patriotic and generous people of the country will permit the purchase of a home at the nation's capital for the hero of Manila with \$20,000 or \$30,000," say the committee, in making their last appeal. Therefore those who desire to contribute are urged by the committee to contribute at once. All contributions should be forwarded to Hon. Ellis H. Roberts, treasurer of the United States, Washington, who will issue souvenir receipts for the same.

TRIPARTITE TREATY WRONG

Chambers Says No Government Will Succeed in Samoa Under It—Probably Won't Return.

SAN FRANCISCO, July 29.—Chief Justice W. T. Chambers of Samoa arrived here on the steamer Moana accompanied by his family. He is on a four months' leave of absence, but said that his business in the United States is of such a nature that he would probably not return to Apia.

In an interview the chief justice said in part: "All is now quiet in Samoa, but I cannot answer for the future. Both Mataafa and Malietoa affect to be satisfied with the present arrangement, which abolishes the office of king and vests the responsibility of government in the consuls of the three powers. I feel sure Malietoa is sincere in this."

"Mataafa is ambitious. For many years he has thirsted for power and will not be so easily satisfied. At the same time he is a man of exceptional ability, is shrewd and I have never thought the interests of the natives would especially suffer in his hands."

"Yes, my decision has been sustained by the commission and it has published the fact in a proclamation."

"In its work the commission has endeavored to eliminate from the original arrangement all of the features that have appeared faulty or weak. Those sections have simply been struck out, leaving nothing in their places. What will rob the whole document of proper effectiveness is the tripartite treaty under which it will have to operate. I am sure that no government in Samoa will succeed under such an arrangement. The sooner the powers see this and formulate some correction the better for all concerned."

Judge Chambers said he had finished up all of the cases to come before the court this summer. The commission is empowered to appoint a chief justice ad interim, to act in case anything arises before a permanent appointment is made. Up to the time Chambers left, the commission had not decided whom the new man would be.

FOUR HUNG ON ONE SCAFFOLD.

A Fifth Negro's Sentence Commuted. One Man's Cap Came Off.

BALTIMORE, July 29.—Upon one scaffold and simultaneously four negroes were hanged in the Baltimore city jail-yard. Three of the men, Cornelius Gardner, John Myers and Charles James, paid with their lives for criminally assaulting Annie Bailey, a 13-year-old negroess, while Joseph Bryan, the fourth member of the quartette, killed Mary Peck, a negroess, with whom he had lived.

A fifth negro, Daniel Rodgers, convicted of killing his brother-in-law, Charles Lewis, was to have occupied the same scaffold, but his sentence was commuted to life imprisonment by Governor Lowndes.

Gardner's cap became disarranged in the fall and his face was visible to the spectators. He was apparently conscious about one moment, after which he slowly strangled.

Opinions on Porto Rico Franchises.

WASHINGTON, July 29.—The attorney general rendered opinions in three cases involving questions of franchises and concessions in Porto Rico. In the case of Vicente and Jesse Usera, the attorney general holds that they do not hold a complete and lawful concession to build a tramway from Ponce to Port Ponce and that the secretary of war has no right to confirm such concession. The attorney general also holds adversely on the application of Ramon Valdez Y Cobian for a concession of the right to use the water power of the river Platan in Porto Rico. In the case of Frederick W. Weeks for application to construct a wharf or pier at Ponce, the attorney holds that to grant the application is beyond the power of the secretary of war.

Artist Parsons Was Set Free.

PHILADELPHIA, July 29.—Percy Parsons, the traveling artist, who is wanted in Allegheny county on a charge of securing \$1,500 from O. M. Schwab, president of the Carnegie Steel company, on false representations, was discharged by Judge Audenreid. Parsons was taken into custody on Sunday in violation of the statute which prohibits arrests for misdemeanor on that day.

Mrs. McKinley Was Better.

PLATTSBURG, N. Y., July 29.—The president, accompanied by his niece, Miss Duncan, and Private Secretary Cortelyou, went for a long walk toward the lake. Mrs. McKinley was feeling better than she had for several days.

ONE HUNDRED HURT.

Laborers Injured In Wreck, Near Steubenville.

WORK TRAIN STRUCK SHIFTER.

Two Loaded Cars Piled Into a Heap and Many of Them Were Buried Under the Debris—Engineer Couldn't Stop the Train In Time.

STEUBENVILLE, July 29.—A serious wreck occurred on the Cleveland and Pittsburg road, between this place and Mingo Junction, in which 100 laborers were more or less injured. Work train No. 656 left Steubenville with two carloads of men, who were engaged to do some work at Mingo Junction. The train was rounding the curve near Jefferson schoolhouse and crashed into the Mingo shifter. The two cars carrying the workmen were piled in a heap and many of the workmen buried beneath the debris.

All were considerably bruised. William McCarthy had his leg sprained and Robert McElcannan his arm sprained. Aged Jack Howard was injured by the stove falling on him. The engine and both coaches were damaged. The engineer of the gravel train remained at his post and was nearly buried with coal in the tender of the engine.

For weeks the Cleveland and Pittsburg has suffered from a congestion of freight traffic in this section, and the cause for the wreck is attributed to this fact. When the engineer of the gravel train saw the danger he tried to stop his train in time, but the rails were wet and the train, due to great speed, went along with apparently unchecked momentum.

The wreck caused great excitement here and in Mingo until it was learned that no one was seriously injured.

New President of Wooster.

WOOSTER, O., July 29.—After a vacancy of two years, Wooster university has at last secured a president. The trustees unanimously elected Rev. Louis E. Holden, professor of biblical instruction and financial agent of Beloit (Wis.) college. He has accepted. His age is 36 years. He is a graduate of Beloit and Princeton Theological seminary.

Talk of a Car Strike.

CINCINNATI, June 29.—There have been repeated rumors about a strike on the Cincinnati Consolidated Street railway system and it was stated that the men would quit today. It was also said that cars will be run as usual today, but that the men may strike if their demands are not met by next Tuesday midnight.

An Elevator Burned.

TIFFIN, July 29.—At Green Springs, near here, the large Nickel Plate elevator was burned and over 150,000 bushels of wheat consumed. An adjoining building, containing a large amount of corn, was also burned.

Messenger Strike Over.

CINCINNATI, July 29.—The strike of the messenger boys is practically over. Neither the Western Union nor the Postal made any concessions. Most of the strikers applied for reinstatement.

Foraker's Mother Died.

CINCINNATI, July 29.—Senator J. B. Foraker's mother died at Hillsboro, O. Mrs. Foraker had been seriously ill for the past three months.

Meline Offered Greater Concessions.

WASHINGTON, July 29.—The semi-official statement in Paris that American leather does not get the minimum rate under the new reciprocity treaty, although M. Meline's cabinet offered this rate to American leather, caused considerable amusement in official circles here. It is one of the recorded facts of the recent negotiations that M. Meline, when premier, who is now attacking the new treaty, offered far greater concessions on American goods than the present ministry permitted to be inserted in the treaty as finally formed.

Bailey Thinks There's an Alliance.

HOUSTON, July 29.—In an interview the Hon. J. W. Bailey said: "I am fully persuaded that the national administration has entered into a full and complete agreement for an alliance between Great Britain and the United States. This alliance, in my opinion, is to be both offensive and defensive. I think the reason it has not been published to the world is that for political reasons the president is afraid to do so."

Some Oregon Boys to Re-Enlist.

WASHINGTON, July 29.—Lieutenant Colonel Plummer, who is organizing the Twenty-fifth infantry, telegraphed to the war department that a number of the men from the Second Oregon desired to enlist in the regiment and return to the Philippines if they could be granted 30 days' furlough. The furlough has been authorized by the war department to such men as desire to enlist.

Three Persons Drowned.

NORWAY, Me., July 29.—News was received here that George Clarke, Fred Clarke and James Bowen of Bethel, Me., lost their lives in Lake Umbagog.

EVENING NEWS REVIEW.

15TH YEAR. NO. 43.

EAST LIVERPOOL, O., SATURDAY, JULY 29, 1899.

TWO CENTS

TAUGHT THEM HATRED

Carpet-Baggers Arrayed Negroes Against Whites.

CANDLER ON THE RACE PROBLEM.

Another Element Are the Fanatics and Cranks, Who Urge the Blacks to Arm Themselves Against the Whites—Rotten Politics Also Blamed.

ATLANTA, July 29.—Governor Candler has, since the Bainbridge series of lynchings occurred, been asked by newspapers in various parts of the country to give his opinion of the race question in the south. To one he said that before the ballot was thrust into the hands of the negro, unprepared for it and utterly ignorant of its sanctity, of the responsibilities of citizenship, notwithstanding he was a slave, he was happy and well contented.

But after his emancipation came his enfranchisement and with his enfranchisement came a hoard of carpet-baggers, who took charge of him when his former master and protector, with whom he had lived for generations on the most friendly and often even on affectionate terms, was de-citizenized by the partisan reconstruction laws.

They falsely taught the negroes that the southern white men were solely responsible for their enslavement and were their worst and only enemies, and that therefore it was their duty and their interest to vote against them and their party and oppose everything they were in favor of, favor everything they were opposed to—in a word to hate them.

The civil teachings had but little permanent effect upon the grownup negroes, but upon the children, the generation which has grown to manhood since that time, that effect has been most baneful.

A more immediate cause is the perpetual intermeddling with the relations of the races in the south by fanatics and fools.

They publish in the newspaper grossly exaggerated accounts of crimes committed against the negro in the south and omit any notice of the crimes against the white women which provoked the retaliation. They write incendiary letters to turbulent negroes all over the south, advising them to arm themselves with Winchester rifles and for every guilty rapist who pays the penalty to shoot down the first two white men he meets.

Thousands of such letters have been written to Georgia in the last three months.

Governor Candler says the intermeddlers of the north do not present a respectable minority, and that the lawless and criminal negroes of the south constitute less.

Rape is as much deplored by the better class of negroes as by the better class of white men. But, as because some negroes commit rape the whole race suffers, so, because some white men lynch rapists, all the whites of the south are abused.

Another and a continual present cause which contributes to race friction is corrupt politics.

Governor Candler said he believed a restricted suffrage will remedy the evils, that the ballot be given only the intelligent negro. As to the disposition to be made of the large percentage of illiterate negroes, the governor makes no suggestion.

A U. S. SAILOR BURIED.

Admiral Dewey Sent a Wreath—Austrian Marines Participated—Olympia Sails Tuesday.

TRIESTE, Austria, July 29.—Isaac Raskallan, electrician on board the United States cruiser Olympia, was buried with military honors.

The cortege was led by the Olympia's band, followed by a squadron of marines. The hearse was followed by 60 American sailors and a detachment of Austrian marines.

Admiral Dewey sent a beautiful wreath. The Austrian authorities offered a military band for the occasion, which was courteously declined.

The Olympia will leave on Tuesday, Aug. 1, for Naples. On the way to New York the cruiser will probably stop at Leghorn, Gibraltar and Maderia.

ADVERSE TO SALVATION ARMY.

Court Decides Religious Liberty Does Not Cover Beating a Drum.

PHILADELPHIA, July 29.—The superior court of Pennsylvania handed down an opinion adverse to the Salvation Army, in which the court maintains that the question of religious freedom is not involved in a case where the public peace is disturbed.

The matter came before the court on an appeal of Joseph Garabed from the Luzerne county courts. He is a Salvation Army officer and was arrested and fined for beating a drum, which was alleged to have disturbed the peace.

DEPOSED BY ASSASSINATION.

A Plot Was on to Deprive Heureaux of His Place.

KINGSTON, Jamaica, July 29.—Advices from Santo Domingo to a Domini-

can here described the existence of a well planned and widespread plot by adherents of Jimenez to depose President Heureaux which it was thought was sure to succeed. The assassination of President Heureaux was regarded here as an indication of the success of the plot.

OUR SULTAN IS LOYAL.

Warned His Subjects to Be Friendly and Not Molest the Americans. Fight at Balabac.

SANDAYAN, Philippine islands, July 24, via Labuan, July 29.—Gen. Bates reached Sulu July 16 to arrange a treaty with the sultan at a conference to begin today. The sultan is to go to Sulu from the village of Maibun. The people of that island display great friendliness toward the Americans and it is believed a satisfactory treaty will soon be completed. If so future hostilities between the natives and the Americans in the Sulu archipelago would be prevented. The same would be true of the island of Mindanao, which is tributary to the sultan. The only features likely to be troublesome are slavery and the plurality of wives, which points it is believed the natives will insist upon.

The sultan of Sulu has issued the following proclamation to the people: "I have met the Americans. They have come among us as friends, not to interfere with our religion or rights of government. All those who love their country or sultan I warn to be friendly and not molest them. The Americans are like a box of matches—you strike one or two and they all blaze up."

The Moros of Zamboanga are anxious to have the Americans take possession of that port. They have imprisoned the Tagalo leaders representing Aguinaldo there.

A gunboat went from Manila to Balabac to re-establish a lighthouse. The commander found the light stolen, but finally recovered it. He returned to Balabac and set it up again, leaving friendly natives in charge and the United States flag floating. Going back he found the flag gone and the Filipino flag floating. Two officers and 13 marines were landed after a long, hard, stubborn fight, in which the native chief, the first officer and six natives were killed and several wounded. No American was even wounded.

Casualties Reported by Otis.

WASHINGTON, July 29.—General Otis sent a report of the capture of Calamba, in the course of which, he gave the following casualties: Privates Charles Gleesup, Fourth, and McDuffy, H. Twenty-first, killed. Corporal Thomas Totten, G. Fourth, mortally wounded. Privates Michael Sheridan, Herbert Tracey and Napoleon White, K. Twenty-first seriously wounded. The mayor took but little interest in the talk of boycotting merchants. He believed that just as soon as quiet was restored and the fever was gone all such talk would cease.

It was said at the City hall that there were quite a number of the recent employees of the street railway company who would go back to work if permitted, but that they are hindered by threats by some of the more radical employees and the leaders of the strike. Mayor Farley demanded that the keys of Huck and Miles avenue school buildings be turned over to him. He wants to use the buildings as barracks for soldiers. In compliance with the demand, as had been the case on the day previous, School Director Sargent ordered the janitor of those buildings to stand ready to admit troops.

HELP DEWEY HOME FUND.

The Committee Asked Contributions—Declared Home Would Be Bought, Regardless of Amount.

WASHINGTON, July 29.—The secretary of the Dewey home fund requested the publication of the following statement: There can no longer be any doubt as to whether a home will be purchased by popular subscription for Admiral George Dewey. At a meeting of the national Dewey home fund committee today (Friday) it was found that the aggregate amount of cash actually received by Treasurer Roberts is \$16,700, from a total of over 23,000 subscribers. One hundred and three subscribers gave \$10,000. The statement was made that the \$5,000 promised some time since by the New York Journal would be forthcoming shortly, bringing the grand ag-

gregate up to \$31,700. The committee agreed to close the subscriptions before the arrival of Admiral Dewey in New York in September and then to proceed, after consultation with the admiral as to location, etc., to purchase the home with whatever funds they may at that time have in hand.

"We will purchase the home if not another dollar is received; so that the question now is whether the patriotic and generous people of the country will permit the purchase of a home at the nation's capital for the hero of Manila with \$20,000 or \$30,000," say the committee, in making their last appeal. Therefore those who desire to contribute are urged by the committee to contribute at once. All contributions should be forwarded to Hon. Ellis H. Roberts, treasurer of the United States, Washington, who will issue souvenir receipts for the same.

TRIPARTITE TREATY WRONG

Chambers Says No Government Will Succeed in Samoa Under It—Probably Won't Return.

SAN FRANCISCO, July 29.—Chief Justice W. T. Chambers of Samoa arrived here on the steamer Moana accompanied by his family. He is on a four months' leave of absence, but said that his business in the United States is of such a nature that he would probably not return to Apia.

In an interview the chief justice said in part: "All is now quiet in Samoa, but I cannot answer for the future. Both Mataafa and Malietoa affect to be satisfied with the present arrangement, which abolishes the office of king and vests the responsibility of government in the consuls of the three powers. I feel sure Malietoa is sincere in this."

"Mataafa is ambitious. For many years he has thirsted for power and will not be so easily satisfied. At the same time he is a man of exceptional ability, is shrewd and I have never thought the interests of the natives would especially suffer in his hands."

"Yes, my decision has been sustained by the commission and it has published the fact in a proclamation."

"In its work the commission has endeavored to eliminate from the original arrangement all of the features that have appeared faulty or weak. Those sections have simply been struck out, leaving nothing in their places. What will rob the whole document of proper effectiveness is the tripartite treaty under which it will have to operate. I am sure that no government in Samoa will succeed under such an arrangement. The sooner the powers see this and formulate some correction the better for all concerned."

Judge Chambers said he had finished up all of the cases to come before the court this summer. The commission is empowered to appoint a chief justice ad interim, to act in case anything arises before a permanent appointment is made. Up to the time Chambers left, the commission had not decided whom the new man would be.

FOUR HUNG ON ONE SCAFFOLD.

A Fifth Negro's Sentence Commuted. One Man's Cap Came Off.

BALTIMORE, July 29.—Upon one scaffold and simultaneously four negroes were hanged in the Baltimore city jail-yard. Three of the men, Cornelius Gardner, John Myers and Charles James, paid with their lives for criminally assaulting Annie Bailey, a 13-year-old negress, while Joseph Bryan, the fourth member of the quartette, killed Mary Peck, a negress, with whom he had lived.

A fifth negro, Daniel Rodgers, convicted of killing his brother-in-law, Charles Lewis, was to have occupied the same scaffold, but his sentence was commuted to life imprisonment by Governor Lowndes.

Gardner's cap became disarranged in the fall and his face was visible to the spectators. He was apparently conscious about one moment, after which he slowly strangled.

Opinions on Porto Rico Franchises.

WASHINGTON, July 29.—The attorney general rendered opinions in three cases involving questions of franchises and concessions in Porto Rico. In the case of Vicente and Jesse Usara, the attorney general holds that they do not hold a complete and lawful concession to build a tramway from Ponce to Port Ponce and that the secretary of war has no right to confirm such concession. The attorney general also holds adversely on the application of Ramon Valdez Y Cobian for a concession of the right to use the water power of the river Platin in Porto Rico. In the case of Frederick W. Weeks for application to construct a wharf or pier at Ponce, the attorney holds that to grant the application is beyond the power of the secretary of war.

Artist Parsons Was Set Free.

PHILADELPHIA, July 29.—Percy Parsons, the traveling artist, who is wanted in Allegheny county on a charge of securing \$1,500 from C. M. Schwab, president of the Carnegie Steel company, on false representations, was discharged by Judge Audenreid. Parsons was taken into custody on Sunday in violation of the statute which prohibits arrests for misdemeanor on that day.

Mrs. McKinley Was Better.

PLATTSBURG, N. Y., July 29.—The president, accompanied by his niece, Miss Duncan, and Private Secretary Cortelyou, went for a long walk toward the lake. Mrs. McKinley was feeling better than she had for several days.

ONE HUNDRED HURT.

Laborers Injured In Wreck, Near Steubenville.

WORK TRAIN STRUCK SHIFTER.

Two Loaded Cars Piled Into a Heap and Many of Them Were Buried Under the Debris—Engineer Couldn't Stop the Train in Time.

STREUBENVILLE, July 29.—A serious wreck occurred on the Cleveland and Pittsburg road, between this place and Mingo Junction, in which 100 laborers were more or less injured. Work train No. 656 left Steubenville with two carloads of men, who were engaged to do some work at Mingo Junction. The train was rounding the curve near Jefferson schoolhouse and crashed into the Mingo shifter. The two cars carrying the workmen were piled in a heap and many of the workmen buried beneath the debris.

All were considerably bruised. William McCarthy had his leg sprained and Robert McElcannan his arm sprained. Aged Jack Howard was injured by the stove falling on him. The engine and both coaches were damaged. The engineer of the gravel train remained at his post and was nearly buried with coal in the tender of the engine.

For weeks the Cleveland and Pittsburg has suffered from a congestion of freight traffic in this section, and the cause for the wreck is attributed to this fact. When the engineer of the gravel train saw the danger he tried to stop his train in time, but the rails were wet and the train, due to great speed, went along with apparently unchecked momentum.

The wreck caused great excitement here and in Mingo until it was learned that no one was seriously injured.

New President of Wooster.

WOOSTER, O., July 29.—After a vacancy of two years, Wooster university has at last secured a president. The trustees unanimously elected Rev. Louis E. Holden, professor of biblical instruction and financial agent of Beloit (Wis.) college. He has accepted. His age is 36 years. He is a graduate of Beloit and Princeton Theological seminary.

Talk of a Car Strike.

CINCINNATI, June 29.—There have been repeated rumors about a strike on the Cincinnati Consolidated Street railway system and it was stated that the men would quit today. It was also said that cars will be run as usual today, but that the men may strike if their demands are not met by next Tuesday midnight.

An Elevator Burned.

TIFFIN, July 29.—At Green Springs, near here, the large Nickel Plate elevator was burned and over 150,000 bushels of wheat consumed. An adjoining building, containing a large amount of corn, was also burned.

Messenger Strike Over.

CINCINNATI, July 29.—The strike of the messenger boys is practically over. Neither the Western Union nor the Postal made any concessions. Most of the strikers applied for reinstatement.

Foraker's Mother Died.

CINCINNATI, July 29.—Senator J. B. Foraker's mother died at Hillsboro, O. Mrs. Foraker had been seriously ill for the past three months.

Meline Offered Greater Concessions.

WASHINGTON, July 29.—The semi-official statement in Paris that American leather does not get the minimum rate under the new reciprocity treaty, although M. Meline's cabinet offered this rate to American leather, caused considerable amusement in official circles here. It is one of the recorded facts of the recent negotiations that M. Meline, when premier, who is now attacking the new treaty, offered far greater concessions on American goods than the present ministry permitted to be inserted in the treaty as finally formed.

Bailey Thinks There's an Alliance.

HOUSTON, July 29.—In an interview the Hon. J. W. Bailey said: "I am fully persuaded that the national administration has entered into a full and complete agreement for an alliance between Great Britain and the United States. This alliance, in my opinion, is to be both offensive and defensive. I think the reason it has not been published to the world is that for political reasons the president is afraid to do so."

Some Oregon Boys to Re-Enlist.

WASHINGTON, July 29.—Lieutenant Colonel Plummer, who is organizing the Twenty-fifth infantry, telegraphed to the war department that a number of the men from the Second Oregon desired to enlist in the regiment and return to the Philippines if they could be granted 30 days' furlough. The furlough has been authorized by the war department to such men as desire to enlist.

Three Persons Drowned.

NORWAY, Me., July 29.—News was received here that George Clarke, Fred Clarke and James Bowen of Bethel, Me., lost their lives in Lake Umbagog.

EVENING NEWS REVIEW.

15TH YEAR. NO. 43.

EAST LIVERPOOL, O., SATURDAY, JULY 29, 1899.

TWO CENTS

TAUGHT THEM HATRED

Carpet-Baggers Arrayed Negroes Against Whites.

CANDLER ON THE RACE PROBLEM.

Another Element Are the Fanatics and Cranks, Who Urge the Blacks to Arm Themselves Against the Whites—Rotten Politics Also Blamed.

ATLANTA, July 29.—Governor Candler has, since the Bainbridge series of lynchings occurred, been asked by newspapers in various parts of the country to give his opinion of the race question in the south. To one he said that before the ballot was thrust into the hands of the negro, unprepared for it and utterly ignorant of its sanctity, of the responsibilities of citizenship, notwithstanding he was a slave, he was happy and well contented.

But after his emancipation came his enfranchisement and with his enfranchisement came a hoard of carpet-baggers, who took charge of him when his former master and protector, with whom he had lived for generations on the most friendly and often even on affectionate terms, was de-citizenized by the partisan reconstruction laws.

They falsely taught the negroes that the southern white men were solely responsible for their enslavement and were their worst and only enemies, and that therefore it was their duty and their interest to vote against them and their party and oppose everything they were in favor of, favor everything they were opposed to—in a word to hate them.

The civil teachings had but little permanent effect upon the grownup negroes, but upon the children, the generation which has grown to manhood since that time, that effect has been most baneful.

A more immediate cause is the perpetual intermeddling with the relations of the races in the south by fanatics and fools.

They publish in the newspaper grossly exaggerated accounts of crimes committed against the negro in the south and omit any notice of the crimes against the white women which provoked the retaliation. They write incendiary letters to turbulent negroes all over the south, advising them to arm themselves with Winchester rifles and for every guilty rapist who pays the penalty to shoot down the first two white men he meets.

Thousands of such letters have been written to Georgia in the last three months.

Governor Candler says the intermeddlers of the north do not present a respectable minority, and that the lawless and criminal negroes of the south constitute less.

Rape is as much deplored by the better class of negroes as by the better class of white men. But, as because some negroes commit rape the whole race suffers, so, because some white men lynch rapists, all the whites of the south are abused.

Another and a continual present cause which contributes to race friction is corrupt politics.

Governor Candler said he believed a restricted suffrage will remedy the evils, that the ballot be given only the intelligent negro. As to the disposition to be made of the large percentage of illiterate negroes, the governor makes no suggestion.

A U. S. SAILOR BURIED.

Admiral Dewey Sent a Wreath—Austrian Marines Participated—Olympia Sails Tuesday.

TRIESTE, Austria, July 29.—Isaac Raskallan, electrician on board the United States cruiser Olympia, was buried with military honors.

The cortege was led by the Olympia's band, followed by a squadron of marines. The hearse was followed by 60 American sailors and a detachment of Austrian marines.

Admiral Dewey sent a beautiful wreath. The Austrian authorities offered a military band for the occasion, which was courteously declined.

The Olympia will leave on Tuesday, Aug. 1, for Naples. On the way to New York the cruiser will probably stop at Leghorn, Gibraltar and Madeira.

ADVERSE TO SALVATION ARMY.

Court Decides Religious Liberty Does Not Cover Beating a Drum.

PHILADELPHIA, July 29.—The superior court of Pennsylvania handed down an opinion adverse to the Salvation Army, in which the court maintains that the question of religious freedom is not involved in a case where the public peace is disturbed.

The matter came before the court on an appeal of Joseph Garabard from the Luzerne county courts. He is a Salvation Army officer and was arrested and fined for beating a drum, which was alleged to have disturbed the peace.

DEPOSED BY ASSASSINATION.

A Plot Was on to Deprive Heuraux of His Place.

KINGSTON, Jamaica, July 29.—Advices from Santo Domingo to a Domini-

can here described the existence of a well planned and widespread plot by adherents of Jimenez to depose President Heuraux which it was thought was sure to succeed. The assassination of President Heuraux was regarded here as an indication of the success of the plot.

OUR SULTAN IS LOYAL

Warned His Subjects to Be Friendly and Not Molest the Americans. Fight at Balabac.

SANDAYAN, Philippine islands, July 24, via Labuan, July 29.—Gen. Bates reached Sulu July 16 to arrange a treaty with the sultan at a conference to begin today. The sultan is to go to Sulu from the village of Maibun. The people of that island display great friendliness toward the Americans and it is believed a satisfactory treaty will soon be completed. If so future hostilities between the natives and the Americans in the Sulu archipelago would be prevented. The same would be true of the island of Mindanao, which is tributary to the sultan. The only features likely to be troublesome are slavery and the plurality of wives, which points it is believed the natives will insist upon.

The sultan of Sulu has issued the following proclamation to the people: "I have met the Americans. They have come among us as friends, not to interfere with our religion or rights of government. All those who love their country or sultan I warn to be friendly and not molest them. The Americans are like a box of matches—you strike one or two and they all blaze up."

The Moros of Zamboanga are anxious to have the Americans take possession of that port. They have imprisoned the Tagalo leaders representing Aguinaldo there.

A gunboat went from Manila to Balabac to re-establish a lighthouse. The commander found the light stolen, but finally recovered it. He returned to Balabac and set it up again, leaving friendly natives in charge and the United States flag floating. Going back he found the flag gone and the Filipino flag floating. Two officers and 13 marines were landed after a long, hard, stubborn fight, in which the native chief, the first officer and six natives were killed and several wounded. No American was even wounded.

Casualties Reported by Otis.

WASHINGTON, July 29.—General Otis sent a report of the capture of Calamba, in the course of which, he gave the following casualties: Privates Charles Gleesup, Fourth, and McDuffy, H, Twenty-first, killed. Corporal Thomas Totten, G, Fourth, mortally wounded. Privates Michael Sheridan, Herbert Tracey and Napoleon White, K, Twenty-first seriously wounded. Privates Hinds and Plummer, G, and Sanson, C, Fourth, Phillips, H, Christie and Hollister, D, and Ashland, I, Twenty-first, slightly wounded. Insurgent casualties unknown.

Death Reported in Cuba.

WASHINGTON, July 29.—Surgeon General Sternberg received the following from Major O'Reilly at Havana: "J. W. Dawson, civilian, Las Animas hospital, Havana, yellow fever, seriously ill, some improvement past two days. Acting Assistant Surgeon John V. Hamilton, died at Matanzas, 26th, uremia chronic nephritis."

Deaths of Soldiers Reported.

WASHINGTON, July 29.—General Davis reported the death at Ponce, Porto Rico, of Commissary Sergeant Martin Fogarty on the 26th inst. of apoplexy. General Brooke cabled the death at Holguin of Albert B. Ruin, Company G, Tenth cavalry, of typhoid fever.

To Repatriate Spaniards.

MANILA, July 29.—In compliance with an order received from Madrid, the Spanish transport Alva will proceed from Manila immediately to the Caroline islands, in order to repatriate the garrison and inhabitants of those islands.

Mormon Elders Escaped.

JACKSON, Ga., July 29.—Three Mormon elders, who were taken away from the home of William Cunnard, at Newton factory, in Jasper county, Wednesday night, escaped from the mob and were safe near Jackson. They were suffering from many bruises and injuries. They swam down a creek, hotly pursued by the mob, finally escaping. Mrs. Cunnard, a portion of whose jaw was shot away in the fight between the mob and her husband, was badly wounded.

Invited to Democratic Picnic.

DETROIT, July 29.—Mayors Harrison of Chicago and Van Wyck of New York were invited to attend a large local Democratic picnic Aug. 19, on Sugar island. A definite response was received from neither, but both were being counted upon. It was expected that the Democratic campaign for mayor this fall will be outlined by speakers at the picnic.

Ships Ordered to San Domingo.

WASHINGTON, July 29.—Secretary Long sent telegraphic orders to the cruiser New Orleans at Newport directing that she proceed at once to San Domingo. At the same time an order was sent to the gunboat Machias, at St. Thomas, to leave for San Domingo. This action was not due to the receipt of any official advices indicating possible trouble, but entirely to the desire to be forehanded in dealing with any possible disturbance.

A CAR WAS DYNAMITED

Cleveland Strike Marked by Another Explosion.

AXLINE AND FARLEY DIFFER.

The Adjutant General Believes It Is the Duty of the Guard to Put Down Rioting and Not to Do Police Duty—The Council May Act.

CLEVELAND, July 29.—A car returning from Euclid Beach park was blown up by dynamite while returning to the city. The explosion took place a short distance north of the Lake Shore railroad, about two miles east of the city limits. The front truck was demolished and the floor of the car shattered. There were no passengers on board and the motorman and conductor escaped without injury.

CLEVELAND, July 29.—The street cars were well patronized, especially during the busy hours of the morning and evening.

Mayor Farley was well pleased with the situation, but he had not relaxed his vigilance one whit and will not until the last vestige of the disorder is wiped away. The mayor and Adjutant General Axline were involved in a controversy over what the troops should do and what they should not do. The adjutant general was of the opinion that the duty of the national guard was merely to put down rioting and not to do police duty. Whatever the duty of the national guard may be, Mayor Farley held that the troops were here under his authority and said they would remain here until he felt they could be dispensed with. The responsibility of preserving the order of the city rested upon the shoulders of the mayor, he said, and he proposed to see that his plans were not interfered with by any one. He declared that he was to be the judge as to when the troops were not wanted.

There have been several outbreaks between Mayor Farley and Adjutant General Axline within the last few days over this question. The mayor refused to discuss the difficulty, saying that this was not a time to stir up any discord.

"I will merely reiterate my statement of Thursday night," said the mayor. "This is a time for every man to mind his own business."

Rumors to the effect that the city council will endeavor to reconsider the resolution of Thursday night reached the ears of the mayor and he did not like them. The mayor felt that he had the situation well in hand and he feared that any action of the council whatever would be temporizing with the lawless element of the city and would cause agitation which would simply prolong the trouble.

After the breaches have been healed and quiet has been absolutely restored the mayor, it was said, would not object to any kind of an investigation upon the part of the council, but he deems that the members are treading on extremely dangerous ground when they undertake to reopen the discussion.

It was said that any such resolution as was proposed the other night can be adopted with a full council meeting, and efforts are to be made to have every one present next Monday night. Perhaps a new proposition will be submitted asking the council to investigate, not only the cause of the disturbances, but also the causes leading to the violation of the agreement entered into by the company and its employees at the end of the first strike.

The mayor took but little interest in the talk of boycotting merchants. He believed that just as soon as quiet was restored and the fever was gone all such talk would cease.

It was said at the City hall that there were quite a number of the recent employees of the street railway company who would go back to work if permitted, but that they are hindered by threats by some of the more radical employees and the leaders of the strike. Mayor Farley demanded that the keys of Huck and Miles avenue school buildings be turned over to him. He wants to use the buildings as barracks for soldiers. In compliance with the demand, as had been the case on the day previous, School Director Sargent ordered the janitor of those buildings to stand ready to admit troops.

HELP DEWEY HOME FUND.

The Committee Asked Contributions—Declared Home Would Be Bought, Regardless of Amount.

WASHINGTON, July 29.—The secretary of the Dewey home fund requested the publication of the following statement: There can no longer be any doubt as to whether a home will be purchased by popular subscription for Admiral George Dewey. At a meeting of the national Dewey home fund committee today (Friday) it was found that the aggregate amount of cash actually received by Treasurer Roberts is \$16,700, from a total of over 23,000 subscribers. One hundred and three subscribers gave \$10,000. The statement was made that the \$5,000 promised some time since by the New York Journal would be forthcoming shortly, bringing the grand ag-

gregate up to \$21,700. The committee agreed to close the subscriptions before the arrival of Admiral Dewey in New York in September and then to proceed, after consultation with the admiral as to location, etc., to purchase the home with whatever funds they may at that time have in hand.

"We will purchase the home if not another dollar is received; so that the question now is whether the patriotic and generous people of the country will permit the purchase of a home at the nation's capital for the hero of Manila with \$20,000 or \$30,000," say the committee, in making their last appeal. Therefore those who desire to contribute are urged by the committee to contribute at once. All contributions should be forwarded to Hon. Ellis H. Roberts, treasurer of the United States, Washington, who will issue souvenir receipts for the same.

TRIPARTITE TREATY WRONG

Chambers Says No Government Will Succeed in Samoa Under It—Probably Won't Return.

SAN FRANCISCO, July 29.—Chief Justice W. T. Chambers of Samoa arrived here on the steamer Moana accompanied by his family. He is on a four months' leave of absence, but said that his business in the United States is of such a nature that he would probably not return to Apia.

In an interview the chief justice said in part: "All is now quiet in Samoa, but I cannot answer for the future. Both Mataafa and Malietoa affect to be satisfied with the present arrangement, which abolishes the office of king and vests the responsibility of government in the consuls of the three powers. I feel sure Malietoa is sincere in this."

"Mataafa is ambitious. For many years he has thirsted for power and will not be so easily satisfied. At the same time he is a man of exceptional ability, is shrewd and I have never thought the interests of the natives would especially suffer in his hands."

"Yes, my decision has been sustained by the commission and it has published the fact in a proclamation."

"In its work the commission has endeavored to eliminate from the original arrangement all of the features that have appeared faulty or weak. Those sections have simply been struck out, leaving nothing in their places. What will rob the whole document of proper effectiveness is the tripartite treaty under which it will have to operate. I am sure that no government in Samoa will succeed under such an arrangement. The sooner the powers see this and formulate some correction the better for all concerned."

Judge Chambers said he had finished up all of the cases to come before the court this summer. The commission is empowered to appoint a chief justice ad interim, to act in case anything arises before a permanent appointment is made. Up to the time Chambers left, the commission had not decided whom the new man would be.

FOUR HUNG ON ONE SCAFFOLD.

A Fifth Negro's Sentence Commuted. One Man's Cap Came Off.

BALTIMORE, July 29.—Upon one scaffold and simultaneously four negroes were hanged in the Baltimore city jail-yard. Three of the men, Cornelius Gardner, John Myers and Charles James, paid with their lives for criminally assaulting Annie Bailey, a 13-year-old negroess, while Joseph Bryan, the fourth member of the quartette, killed Mary Peck, a negroess, with whom he had lived.

A fifth negro, Daniel Rodgers, convicted of killing his brother-in-law, Charles Lewis, was to have occupied the same scaffold, but his sentence was commuted to life imprisonment by Governor Lowndes.

Gardner's cap became disarranged in the fall and his face was visible to the spectators. He was apparently conscious about one moment, after which he slowly strangled.

Opinions on Porto Rico Franchises.

WASHINGTON, July 29.—The attorney general rendered opinions in three cases involving questions of franchises and concessions in Porto Rico. In the case of Vicente and Jesse Usara, the attorney general holds that they do not hold a complete and lawful concession to build a tramway from Ponce to Port Ponce and that the secretary of war has no right to confirm such concession. The attorney general also holds adversely on the application of Ramon Valdez Y Cobian for a concession of the right to use the water power of the river Platina in Porto Rico. The furlough has been authorized by the war department to such men as desire to enlist.

Three Persons Drowned.

NORWAY, Me., July 29.—News was received here that George Clarke, Fred Clarke and James Bowen of Bethel, Me., lost their lives in Lake Umbagog.

THE EAST END.

BLOCKADES THE HOUSES

Trains Switched Upon a Siding Near Harker's

CAUSE VIGOROUS COMPLAINT

Laundry Company Will Hold Their Final Meeting Thursday--Among the Sick, Mercer Going West--New Postoffice Sign--Personal.

People who live north of the railroad track, in the vicinity of the Harker and Globe potteries, have a large kick coming against the railroad company.

There is a double track in front of their residences, and it is the custom for engineers to move long freights in on one of the tracks and leave the train standing there sometimes for several hours. In doing so they shut off all provision wagons from getting to the houses, and prevent the residents from getting out to milk wagons or to and from work unless they cross the train. The residents objected very strongly, and the matter was finally laid before Officer White, who notified Freight Agent Thomas. Mr. Thomas promised that he would notify the freight conductors to leave the crossings open at that point. There are two crossings, and the law provides that a train cannot close them for more than four minutes.

NEXT WEEK.

Laundry Promoters Will Arrange All Details Next Thursday.

It was stated today the promoters of the laundry, to be located in the Chambers building on First avenue, would meet next Thursday and complete all details preparatory to starting the plant. The new machinery will be ordered and officers of the company named.

Personal.

Mr. and Mrs. R. L. Andrews and children, who have been spending several weeks in Cleveland, have returned to the city.

Frank Chambers and family, who have been visiting friends in Knoxville, are expected to return home this evening.

Building News.

Frank Reagle is arranging to erect a five room residence on the McDonald place above Helena.

The new Smith residence on Pennsylvania avenue, will be ready for occupancy next month.

Among the Sick.

Miss Maude Carman is ill at her home in St. George street, threatened with typhoid fever.

Mrs. T. O. Strain, who has been ill for some time, is recovering.

Mrs. J. B. Martin continues to improve.

Going West.

D. R. Mercer, of Agricola, Kans., who has been visiting relatives in East End for several weeks, will return to the west early next month.

An Interesting Meeting.

The Senior Mechanics held an interesting meeting in their rooms in Mulberry street last evening. Several candidates were initiated.

An Improvement.

A new sign has been placed on the postoffice on Mulberry street. This is something that has been long needed.

A Lawn Fete.

The Young People's Christian union will give a lawn fete on the church grounds next Tuesday evening.

ON THE RIVER.

Slight Rise During the Night Causes Boat Owners to Rejoice.

The gauge last night was 4.9 feet and stationary, with the same conditions prevailing throughout almost the entire course of the river. There is still sufficient water for ordinary draught towboats to get in. The steamer Greenwood, from Charleston, arrived with a big trip. She will be down tonight.

For Sale at a Bargain.

House and barn, on Third street near Broadway. Inquire of

J. C. THOMPSON.

Neckwear that is sold by dealers at 48c and 75c is good quality of silks, but when they can be purchased at 39c at Joseph Bros.' clearance sale it should be an inducement to buyers to see this firm's line.

MEANEST MAN ON EARTH.

He is a Drummer and Put Up at the New Thompson Hotel.

On Thursday night of this week there came, about the hour of 11 o'clock, a summons to the Central telephone headquarters, asking for the services of a messenger boy, the drummer desiring to send a telegram. He was put in telephonic communication with Ed Hassey's restaurant, and young Frank Hassey jumped astride his bike and was soon in the presence of the generous (?) drummer, who gave the youngster the telegram and the sum of 25 cents, telling him to return to the hotel after the sending of the message and receive pay for services rendered. The telegram and stamp cost 26 cents. The operator charged the penny to Ed Hassey's account, or possibly paid for the stamp out of his own pocket, and Frank sought the drummer for remuneration. The big hearted (?) commercial traveler went down into his wallet, fished out a cent and gave it to the lad, who gazed at the bonanza with a look of intense disgust, dropped the penny in the slot of his unmentionables and glided away for home, stopping at Jack Rowe's enroute, to tell the story of his adventure. Jack coached the boy in proper shape and sent him back to the hotel, where he found the miser and skinflint, and thus addressed him:

"Say, Mister, I expect you're a poor orphan boy, with only one father and mother, and maybe a large family of small children to support. Here's your penny--you look as if you might need it more than I do."

The drummer first gazed at the boy, then let his eyes rest upon the money, reached out his hand and fastened on the treasure trove and thrust it in his breeches pocket, heaving a sigh of relief and walking away to his room.

Fact, and certainly stranger than fiction. Mark the creature down as the meanest man on earth.

WANT TO BUY

A HILL POTTERY.

Steubenville Capitalists Negotiating For the Purchase of a Large Plant.

When Alfred Day, of Steubenville, was in the city several days ago he did not state the object of his visit, but today it was learned he was here in the interest of several Steubenville capitalists who desire to purchase a local pottery. Mr. Day spent his time while here in consultation with the owners of a hill pottery and while no deal was closed it was understood that the plant in question would be purchased before October.

Mr. Day refused absolutely to talk of the matter, but upon his next visit to the city it is very likely definite arrangements will be made.

BROKE THREE RIBS.

Railroad and Express Employees Met With Serious Accidents Yesterday.

While rolling a cask at the freight depot yesterday George Richards, of West End, met with an injury which will lay him up for several weeks. He was rolling a cask in the car when he missed his footing and fell between the car and platform, breaking three ribs on the left side. He was removed to his home on a street car, when the fracture was reduced by a physician.

Harry Luthringer, employed at the Adams express office, had the thumb of his right hand mashed yesterday by a box falling on it. The injury is very painful.

The Road to Wealth.

In my opinion, the secret of money making depends chiefly upon five things--push, "squareness," clear headedness, economy and rigid adherence to the rule of not overworking. Too much work is worse than no work at all. It undermines the constitution and unfits a man mentally and physically for the battle of life. Ten hours a day of steady work is as much as any man--no matter how robust--ought to attempt. In addition to these things, avoid being too grasping; better make a small profit by sure means than attempt to make a larger one by uncertain and risky measures.--Andrew Carnegie.

Children's vestee suits consist of coat, vest and trousers and they sell them at 85c, \$1 and \$1.25 at the clearance sale at Joseph Bros. People are astonished at the low prices.

Dr. Riker, the eloquent platform speaker, at Spring Grove, Sunday, July 30.

STORIES ABOUT ALGER.

Interesting Incidents In the War Secretary's Career.

HIS SHREWDNESS ILLUSTRATED.

A Lumber Deal In Which General Alger Made a Large Fortune--How He Paid a Debt of Gratitude Contracted In Youth--Meeting an Old Creditor.

General Russell A. Alger, who recently tendered his resignation as secretary of war, is a "self made man." He began life without a dollar and has earned by hard work every dollar that fortune has given him. He secured a fair education by "working for his board" and earned enough money by taking care of a doctor's horse to buy clothing. Afterward he entered a law office as a student and had just been qualified for practice when the war intervened and ended his legal ambitions.

Young Alger served with distinction during the war and at its close went into the Michigan forests to regain his health and fight for a living. He became the greatest lumberman of the northwest and practically revolutionized the lumber trade.

In a recent interview, in which General Alger told how he started in life and prospered, he said: "One of the best things we ever did was in the buying of a tract of pine from William E. Dodge of New York. I had examined the property and could tell to a few thousand feet just how much pine there was on it. Mr. Dodge had an agent named Frost in Detroit. I went to him and asked him what he would take for the land. He replied that Mr. Dodge wanted \$120,000 for it. I told him to telegraph an offer from me of \$110,000. He did so. In a few hours a telegram came back which read, 'Tell General Alger he can have the tract for \$120,000 and all the time he wants to pay for it in if he will take it now, but that if it is not taken at once the price will be \$130,000.' We took it. Well, we cut 100,000,000 feet of lumber off that tract and sold it for \$800,000 above the cost of lumbering."

"At another time we made a nice little investment by buying some canal lands of New York men. There were 1,500 acres in the tracts, and the canal company had estimated that there were 10,000,000 feet of pine on them. I examined the lands, and when the man asked me \$26.50 an acre for it I accepted his proposition. The pine was of high grade, and we cut 78,000,000 feet off it."

The following stories of General Alger may serve to throw a light upon his personal characteristics of the man: Just before young Alger was called away by the exigencies of war his finances were so low that he borrowed a few dollars from a friend. Several years later Alger left the service and, with the small sum of money which he brought home, invested in a heavy fur overcoat and a watch and chain. About the first person he met after donning his new possessions was the creditor of former years, whose whereabouts in the meantime were unknown. Alger greeted his old friend cordially and instantly slipped off the overcoat and handed it to him, together with the watch and chain. "Just keep those," he said. "I'm going to work up in the woods. Some time I'll redeem them with the money I owe you." And he did.

When Alger was a lad without a cent and with only the one coat on his back, he went to a doctor and begged to be allowed to do the chores and attend school. The doctor had no need of a boy, but Alger's earnestness won his interest, and he took him and gave him the opportunity for an education. Many years afterward, when Alger had more hundreds of thousands than the superannuated physician had dollars, the millionaire went to his benefactor, who was in straits, and told him he wanted to pay that debt.

"You don't owe me anything," said the doctor.

"I owe you my education," argued the rich man.

"Bosh!" returned the doctor. "You owe that to yourself."

"I must have caused you trouble and expense, and I want to make it good," Alger urged.

"Well," replied the old man grimly, "if there was any trouble, I have forgotten it. The only expense I can recall was the loss of a fine cow. When you came to live with me, Alger, I had the best cow in these parts. You completely spoiled her with your awkwardness. It wasn't three weeks until you had her so skittish nobody could go near her. I had to sell her for beef." "There," said Alger, "I certainly owe for that cow, and there is about 40 years' interest due on the debt. I'm going to pay it." The old doctor finally yielded. That animal brought a higher price than any cow which has been sold in Michigan since the time of Lewis Cass.

LABOR HELPS BUSINESS.

Less Interruption Through Strikes Than In Any Other July For Years, Said Dun's.

NEW YORK, July 29.--R. G. Dun & Co.'s weekly review of trade issued today said in part:

There is certainly room for some decrease when the volume of payments through the clearing house in July is 47.2 per cent larger than last year, and 59.6 per cent larger than in 1892, the list of all previous years. So great an advance would warrant expectation of some set back under ordinary circumstances. This year the unusual freedom from labor troubles about July 1 is followed by some signs of a tendency to strike because great works are committed far ahead and cannot halt without loss. But interruption of business by labor trouble of all sorts has been less than in any other July for years.

Nor is the movement of products hampered. Western receipts in July have been 18,863,826 bushels, against 7,309,333 bushels last year to date, and of corn 20,489,251 bushels, against 9,173,355 bushels last year, even the latest week showing large gains over last year. Exports of wheat from both coasts were 9,939,280 bushels, flour included, against 8,833,192 bushels last year. Corn exports also continue surprising, 11,684,521 bushels for the month thus far, against 6,767,963 last year.

Official returns make the iron output for the first half of 1899 only 6,289,167 tons, with decline in known stocks outside the great steel companies of 288,140 tons, and net exports were probably over 100,000 tons. While the increase of steel companies' stock would probably make actual consumption less than has been estimated, it is much larger than ever before and yet appears less than production in June, while production has much increased this month. Meanwhile no advance in prices is significant and a slackening of demand in some important branches. The heavy rise usually cuts off much buying for an advance and retards buying for consumption. All records are broken in the Connellyville output of 190,792 tons coke for the week with 18,694 ovens yielding an only 34 idl.

Manufacturers have been buying much wool, it is said, but less the past week, although many are taking sample bales. Goods are in fair demand, but no further change in prices is mentioned. Sales in four weeks have been 46,729,600 pounds, which 38,954,800 pounds were domestic. In 1897, with a new tariff coming, speculation took 46,109,200 pounds, normal consumption being about half that quantity.

Railroad business for July shows the largest increase in any month this year, 16.1 per cent larger than last year and 10.4 per cent larger than in 1892.

Failures for the week have been 151 in the United States, against 225 last year, and 20 in Canada, against 26 last year.

AN ALGER PROCLAMATION.

Pingree Issued One Calling on the Michigan People to Welcome the General Home.

DETROIT, July 29.--Governor Pingree issued a proclamation "to the people of the state of Michigan," which said:

On Wednesday, Aug. 12, the Hon. Russell A. Alger will return to his home in Detroit from Washington. Upon request of the citizens and mayor and common council of Detroit, I extend to you an earnest invitation to join in giving him a hearty reception and greeting. It is fitting that the state recognize the worth and value to the nation of the services of General Alger as secretary of war.

You are cordially invited to attend the reception at the City hall and the meeting in the Light Guard armory, Detroit, at which time the people of Michigan will be given an opportunity to express their appreciation of General Alger and to extend their welcome to Michigan's late representative in the highest council of the nation.

H. S. PINGREE, Governor.

All the Michigan railroads decided to make a half fare rate to Detroit for the Alger reception.

Receivers For Two Corporations.

PARKERSBURG, W. Va., July 29.--Judge Jackson of the United States supreme court, upon the petition of Rollo H. Smith, appointed W. B. Hoge of Wheeling and R. Hilton Smith of Pittsburgh receivers of the Consolidated Investments corporation and the Webster Coal and Lumber company and has enjoined both companies from disposing of their property. Smith alleges a breach of contract as ground for his action. The president of the investments company is James H. Houston. Among the directors are ex-Governor Livingston of Georgia, Assistant Secretary of War Meiklejohn, Rear Admiral Franklin, U. S. N., F. A. Palmer, United States public printer, and J. P. Laffin, Chicago.

Nicaragua Should Return Money.

WASHINGTON, July 29.--United States Minister Merry was instructed to represent to Nicaragua that in the opinion of the state department the \$9,000 collected by General Torres from the American merchants in Bluefields should be returned to them. The merchants were required to pay this amount of money on goods that had previously been assessed by the revolutionary party, while the latter was in control at Bluefields. The money was placed in charge of the British consul at Bluefields awaiting the decision of the legality of the last collection.

Shells, as they are known in the present day, were not used in the navy until the latter end of the eighteenth century.

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost

is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

Your kindness to me I can never forget," writes Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo. "I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me. Bowels constipated, was very nervous, depressed and despondent. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers."

If the bowels are irregular they can be regulated perfectly by Dr. Pierce's Pleasant Pellets.

THEY ALL SAY SO.

Not Only In East Liverpool, but In Every City and Town In the Union.

If the reader took the time and trouble to ask his fellow residents of East Liverpool the simple question propounded below he would obtain the one answer. If he had the curiosity to read the statements now being published in East Liverpool which refer to this answer, it would surprise him to note that there are so many in East Liverpool. As many more could be published and may be published, but in the meantime ask the first man you meet what cures backache. The answer will be, Doan's Kidney Pills. Here is one case selected of the many we have:

Mrs. Edmund Purton, of 233 Ravine street, says: "Both my husband and I can testify to the value of Doan's Kidney Pills. I had backache, headache and other symptoms of the complaint for two years. When the last attack came on I went to the W. & W. pharmacy and got a box of Doan's Kidney Pills. In a very short time I was relieved. My husband, who is a painter, decorator and paper hanger, of the firm of Purton & Jackson, was seized with a severe attack of kidney complaint. Some years ago he contracted a fever, which let his kidneys in bad shape, and ever afterwards he had more or less trouble. When suffering last, a gentleman advised him to try Doan's Kidney Pills, emphasizing the facts that he had been a sufferer with kidney disease; confined to his bed; his physician informed him that perhaps he would be able to get him up in two or three weeks; that he used Doan's Kidney Pills, and in a day or two he was able to be up and about his business. My husband got a box at once. They were prompt in relieving him. We can heartily recommend Doan's Kidney Pills."

Doan's Kidney Pills are sold for 50 cents per box by all dealers, or mailed by Foster-Milbarn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name--Doan's--and take no other.

EVERY WOMAN Sometimes needs a reliable monthly regulating medicine. **DR. PEAL'S PENNYROYAL PILLS,** Are prompt, safe and certain in result. The genuine (Dr. Peal's) never disappoint. Sent anywhere \$1.00. For sale by C. G. Anderson, Druggist.

BLOCKADES THE HOUSES

Trains Switched Upon a Siding Near Harker's

CAUSE VIGOROUS COMPLAINT

Laundry Company Will Hold Their Final Meeting Thursday--Among the Sick, Mercer Going West--New Postoffice Sign--Personal.

People who live north of the railroad track, in the vicinity of the Harker and Globe potteries, have a large kick coming against the railroad company.

There is a double track in front of their residences, and it is the custom for engineers to move long freights in on one of the tracks and leave the train standing there sometimes for several hours. In doing so they shut off all provision wagons from getting to the houses, and prevent the residents from getting out to milk wagons or to and from work unless they cross the train. The residents objected very strongly, and the matter was finally laid before Officer White, who notified Freight Agent Thomas. Mr. Thomas promised that he would notify the freight conductors to leave the crossings open at that point. There are two crossings, and the law provides that a train cannot close them for more than four minutes.

NEXT WEEK.

Laundry Promoters Will Arrange All Details Next Thursday.

It was stated today the promoters of the laundry, to be located in the Chambers building on First avenue, would meet next Thursday and complete all details preparatory to starting the plant. The new machinery will be ordered and officers of the company named.

Personal.

Mr. and Mrs. R. L. Andrews and children, who have been spending several weeks in Cleveland, have returned to the city.

Frank Chambers and family, who have been visiting friends in Knoxville, are expected to return home this evening.

Building News.

Frank Reagle is arranging to erect a five room residence on the McDonald place above Helena.

The new Smith residence on Pennsylvania avenue, will be ready for occupancy next month.

Among the Sick.

Miss Maude Carman is ill at her home in St. George street, threatened with typhoid fever.

Mrs. T. O. Strain, who has been ill for some time, is recovering.

Mrs. J. B. Martin continues to improve.

Going West.

D. R. Mercer, of Agricola, Kans., who has been visiting relatives in East End for several weeks, will return to the west early next month.

An Interesting Meeting.

The Senior Mechanics held an interesting meeting in their rooms in Mulberry street last evening. Several candidates were initiated.

Meanwhile no advance in prices is significant and a slackening of demand in some important branches. The heavy rise usually cuts off much buying for an advance and retards buying for consumption. Ail records are broken in the Connellsville output of 190,792 tons coke for the week with 18,694 ovens yielding an 1 only 34 idl.

Manufacturers have been buying much wool, it is said, but less the past week, although many are taking sample bales. Goods are in fair demand, but no further change in prices is mentioned. Sales in four weeks have been 46,729,600 pounds, which 38,954,800 pounds were domestic. In 1897, with a new tariff coming, speculation took 46,109,200 pounds, normal consumption being about half that quantity.

Railroad business for July shows the largest increase in any month this year, 16.1 per cent larger than last year and 10.4 per cent larger than in 1892.

Failures for the week have been 151 in the United States, against 225 last year, and 20 in Canada, against 26 last year.

AN ALGER PROCLAMATION.

Pingree Issued One Calling on the Michigan People to Welcome the General Home.

DETROIT, July 29.--Governor Pingree issued a proclamation "to the people of the state of Michigan," which said:

On Wednesday, Aug. 12, the Hon. Russell A. Alger will return to his home in Detroit from Washington. Upon request of the citizens and mayor and common council of Detroit, I extend to you an earnest invitation to join in giving him a hearty reception and greeting. It is fitting that the state recognize the worth and value to the nation of the services of General Alger as secretary of war.

You are cordially invited to attend the reception at the City hall and the meeting in the Light Guard armory, Detroit, at which time the people of Michigan will be given an opportunity to express their appreciation of General Alger and to extend their welcome to Michigan's late representative in the highest council of the nation.

H. S. PINGREE, Governor.

All the Michigan railroads decided to make a half fare rate to Detroit for the Alger reception.

Receivers For Two Corporations.

PARKERSBURG, W. Va., July 29.--Judge Jackson of the United States supreme court, upon the petition of R. L. Smith, appointed W. B. Hoge of Wheeling and R. Hilton Smith of Pittsburgh receivers of the Consolidated Investments corporation and the Webster Coal and Lumber company and has enjoined both companies from disposing of their property. Smith alleges a breach of contract as ground for his action. The president of the investments company is James H. Houston. Among the directors are ex-Governor Livingston of Georgia, Assistant Secretary of War Meiklejohn, Rear Admiral Franklin, U. S. N., F. A. Palmer, United States public printer, and J. P. Laffin, Chicago.

Nicaragua Should Return Money.

WASHINGTON, July 29.--United States Minister Merry was instructed to represent to Nicaragua that in the opinion of the state department the \$9,000 collected by General Torres from the American merchants in Bluefields should be returned to them. The merchants were required to pay this amount of money on goods that had previously been assessed by the revolutionary party, while the latter was in control at Bluefields. The money was placed in charge of the British consul at Bluefields awaiting the decision of the legality of the last collection.

Shells, as they are known in the present day, were not used in the navy until the latter end of the eighteenth century.

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your kindness to me I can never forget," writes Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo. "I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery and my health is now good. You have my honest recommendation to all sufferers."

If the bowels are irregular they can be regulated perfectly by Dr. Pierce's Pleasant Pellets.

THEY ALL SAY SO.

Not Only In East Liverpool, but In Every City and Town In the Union.

If the reader took the time and trouble to ask his fellow residents of East Liverpool the simple question propounded below he would obtain the one answer. If he had the curiosity to read the statements now being published in East Liverpool which refer to this answer, it would surprise him to note that there are so many in East Liverpool. As many more could be published and may be published, but in the meantime ask the first man you meet what cures backache. The answer will be, Doan's Kidney Pills. Here is one case selected of the many we have:

Mrs. Edmund Purton, of 233 Ravine street, says: "Both my husband and I can testify to the value of Doan's Kidney Pills. I had backache, headache and other symptoms of the complaint for two years. When the last attack came on I went to the W. & W. pharmacy and got a box of Doan's Kidney Pills. In a very short time I was relieved. My husband, who is a painter, decorator and paper hanger, of the firm of Purton & Jackson, was seized with a severe attack of kidney complaint. Some years ago he contracted a fever, which left his kidneys in bad shape, and ever afterwards he had more or less trouble. When suffering last, a gentleman advised him to try Doan's Kidney Pills, emphasizing the facts that he had been a sufferer with kidney disease; confined to his bed; his physician informed him that perhaps he would be able to get him up in two or three weeks; that he used Doan's Kidney Pills, and in a day or two he was able to be up and about his business. My husband got a box at once. They were prompt in relieving him. We can heartily recommend Doan's Kidney Pills."

Doan's Kidney Pills are sold for 50 cents per box by all dealers, or mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name--Doan's--and take no other.

EVERY WOMAN Sometimes needs a reliable monthly regulating medicine. **DR. PEAL'S PENNYROYAL PILLS,** Are prompt, safe and certain in result. The genuine (Dr. Peal's) never disappoint. Sent anywhere \$1.00. For sale by C. G. Anderson, Druggist.

THE EAST END.

BLOCKADES THE HOUSES

Trains Switched Upon a Siding Near Harker's

CAUSE VIGOROUS COMPLAINT

Laundry Company Will Hold Their Final Meeting Thursday—Among the Sick, Mercer Going West—New Postoffice Sign—Personal.

People who live north of the railroad track, in the vicinity of the Harker and Globe potteries, have a large kick coming against the railroad company.

There is a double track in front of their residences, and it is the custom for engineers to move long freights in on one of the tracks and leave the train standing there sometimes for several hours. In doing so they shut off all provision wagons from getting to the houses, and prevent the residents from getting out to milk wagons or to and from work unless they cross the train. The residents objected very strongly, and the matter was finally laid before Officer White, who notified Freight Agent Thomas. Mr. Thomas promised that he would notify the freight conductors to leave the crossings open at that point. There are two crossings, and the law provides that a train cannot close them for more than four minutes.

NEXT WEEK.

Laundry Promoters Will Arrange All Details Next Thursday.

It was stated today the promoters of the laundry, to be located in the Chambers building on First avenue, would meet next Thursday and complete all details preparatory to starting the plant. The new machinery will be ordered and officers of the company named.

Personal.

Mr. and Mrs. R. L. Andrews and children, who have been spending several weeks in Cleveland, have returned to the city.

Frank Chambers and family, who have been visiting friends in Knoxville, are expected to return home this evening.

Building News.

Frank Reagle is arranging to erect a five room residence on the McDonald place above Helena.

The new Smith residence on Pennsylvania avenue, will be ready for occupancy next month.

Among the Sick.

Miss Maude Carman is ill at her home in St. George street, threatened with typhoid fever.

Mrs. T. O. Strain, who has been ill for some time, is recovering.

Mrs. J. B. Martin continues to improve.

Going West.

D. R. Mercer, of Agricola, Kans., who has been visiting relatives in East End for several weeks, will return to the west early next month.

An Interesting Meeting.

The Senior Mechanics held an interesting meeting in their rooms in Mulberry street last evening. Several candidates were initiated.

An Improvement.

A new sign has been placed on the postoffice on Mulberry street. This is something that has been long needed.

A Lawn Fete.

The Young People's Christian union will give a lawn fete on the church grounds next Tuesday evening.

ON THE RIVER.

Slight Rise During the Night Causes Boat Owners to Rejoice.

The gauge last night was 4.9 feet and stationary, with the same conditions prevailing throughout almost the entire course of the river. There is still sufficient water for ordinary draught towboats to get in. The steamer Greenwood, from Charleston, arrived with a big trip. She will be down tonight.

For Sale at a Bargain.

House and barn, on Third street near Broadway. Inquire of

J. C. THOMPSON.

Neckwear that is sold by dealers at 48c and 75c is good quality of silks, but when they can be purchased at 39c at Joseph Bros.' clearance sale it should be an inducement to buyers to see this firm's line.

MEANEST MAN ON EARTH.

He Is a Drummer and Put Up at the New Thompson Hotel.

On Thursday night of this week there came, about the hour of 11 o'clock, a summons to the Central telephone headquarters, asking for the services of a messenger boy, the drummer desiring to send a telegram. He was put in telephonic communication with Ed Hassey's restaurant, and young Frank Hassey jumped astride his bike and was soon in the presence of the generous (?) drummer, who gave the youngster the telegram and the sum of 25 cents, telling him to return to the hotel after the sending of the message and receive pay for services rendered. The telegram and stamp cost 26 cents. The operator charged the penny to Ed Hassey's account, or possibly paid for the stamp out of his own pocket, and Frank sought the drummer for remuneration. The big hearted (?) commercial traveler went down into his wallet, fished out a cent and gave it to the lad, who gazed at the bonanza with a look of intense disgust, dropped the penny in the slot of his unmentionables and glided away for home, stopping at Jack Rowe's enroute, to tell the story of his adventure. Jack coached the boy in proper shape and sent him back to the hotel, where he found the miser and skinflint and thus addressed him:

"Say, Mister, I expect you're a poor orphan boy, with only one father and mother, and maybe a large family of small children to support. Here's your penny—you look as if you might need it more than I do."

The drummer first gazed at the boy, then let his eyes rest upon the money, reached out his hand and fastened on the treasure trove and thrust it in his breeches pocket, heaving a sigh of relief and walking away to his room.

Fact, and certainly stranger than fiction. Mark the creature down as the meanest man on earth.

WANT TO BUY

A HILL POTTERY.

Steubenville Capitalists Negotiating For the Purchase of a Large Plant.

When Alfred Day, of Steubenville, was in the city several days ago he did not state the object of his visit, but today it was learned he was here in the interest of several Steubenville capitalists who desire to purchase a local pottery. Mr. Day spent his time while here in consultation with the owners of a hill pottery and while no deal was closed it was understood that the plant in question would be purchased before October.

Mr. Day refused absolutely to talk of the matter, but upon his next visit to the city it is very likely definite arrangements will be made.

BROKE THREE RIBS.

Railroad and Express Employees Met With Serious Accidents Yesterday.

While rolling a cask at the freight depot yesterday George Richards, of West End, met with an injury which will lay him up for several weeks. He was rolling a cask in the car when he missed his footing and fell between the car and platform, breaking three ribs on the left side. He was removed to his home on a street car, when the fracture was reduced by a physician.

Harry Luthringer, employed at the Adams express office, had the thumb of his right hand mashed yesterday by a box falling on it. The injury is very painful.

The Road to Wealth.

In my opinion, the secret of money making depends chiefly upon five things—push, "squareness," clear headedness, economy and rigid adherence to the rule of not overworking. Too much work is worse than no work at all. It undermines the constitution and unfits a man mentally and physically for the battle of life. Ten hours a day of steady work is as much as any man—no matter how robust—ought to attempt. In addition to these things, avoid being too grasping; better make a small profit by sure means than attempt to make a larger one by uncertain and risky measures.—Andrew Carnegie.

Children's vestee suits consist of coat, vest and trousers and they sell them at 85c, \$1 and \$1.25 at the clearance sale at Joseph Bros. People are astonished at the low prices.

Dr. Riker, the eloquent platform speaker, at Spring Grove, Sunday, July 30.

STORIES ABOUT ALGER.

Interesting Incidents In the War Secretary's Career.

HIS SHREWDNESS ILLUSTRATED.

A Lumber Deal In Which General Alger Made a Large Fortune—How He Paid a Debt of Gratitude Contracted In Youth—Meeting an Old Creditor.

General Russell A. Alger, who recently tendered his resignation as secretary of war, is a "self made man." He began life without a dollar and has earned by hard work every dollar that fortune has given him. He secured a fair education by "working for his board" and earned enough money by taking care of a doctor's horse to buy clothing. Afterward he entered a law office as a student and had just been qualified for practice when the war intervened and ended his legal ambitions.

Young Alger served with distinction during the war and at its close went into the Michigan forests to regain his health and fight for a living. He became the greatest lumberman of the northwest and practically revolutionized the lumber trade.

In a recent interview, in which General Alger told how he started in life and prospered, he said: "One of the best things we ever did was in the buying of a tract of pine from William E. Dodge of New York. I had examined the property and could tell to a few thousand feet just how much pine there was on it. Mr. Dodge had an agent named Frost in Detroit. I went to him and asked him what he would take for the land. He replied that Mr. Dodge wanted \$120,000 for it. I told him to telegraph an offer from me of \$110,000. He did so. In a few hours a telegram came back which read, 'Tell General Alger he can have the tract for \$120,000 and all the time he wants to pay for it in if he will take it now, but that if it is not taken at once the price will be \$130,000.' We took it. Well, we cut 100,000,000 feet of lumber off that tract and sold it for \$800,000 above the cost of lumbering."

"At another time we made a nice little investment by buying some canal lands of New York men. There were 1,500 acres in the tracts, and the canal company had estimated that there were 10,000,000 feet of pine on them. I examined the lands, and when the man asked me \$26.50 an acre for it I accepted his proposition. The pine was of high grade, and we cut 78,000,000 feet off it."

The following stories of General Alger may serve to throw a light upon the personal characteristics of the man:

Just before young Alger was called away by the exigencies of war his finances were so low that he borrowed a few dollars from a friend. Several years later Alger left the service and, with the small sum of money which he brought home, invested in a heavy fur overcoat and a watch and chain. About the first person he met after donning his new possessions was the creditor of former years, whose whereabouts in the meantime were unknown. Alger greeted his old friend cordially and instantly slipped off the overcoat and handed it to him, together with the watch and chain. "Just keep those," he said. "I'm going to work up in the woods. Some time I'll redeem them with the money I owe you." And he did.

When Alger was a lad without a cent and with only the one coat on his back, he went to a doctor and begged to be allowed to do the chores and attend school. The doctor had no need of a boy, but Alger's earnestness won his interest, and he took him and gave him the opportunity for an education. Many years afterward, when Alger had more hundreds of thousands than the superannuated physician had dollars, the millionaire went to his benefactor, who was in straits, and told him he wanted to pay that debt.

"You don't owe me anything," said the doctor.

"I owe you my education," argued the rich man.

"Bosh!" returned the doctor. "You owe that to yourself."

"I must have caused you trouble and expense, and I want to make it good," Alger urged.

"Well," replied the old man grimly, "if there was any trouble, I have forgotten it. The only expense I can recall was the loss of a fine cow. When you came to live with me, Alger, I had the best cow in these parts. You completely spoiled her with your awkwardness. It wasn't three weeks until you had her so skittish nobody could go near her. I had to sell her for beef." "There," said Alger, "I certainly owe for that cow, and there is about 40 years' interest due on the debt. I'm going to pay it." The old doctor finally yielded. That animal brought a higher price than any cow which has been sold in Michigan since the time of Lewis Cass.

LABOR HELPS BUSINESS.

Less Interruption Through Strikes Than In Any Other July For Years, Said Don's.

NEW YORK, July 29.—R. G. Dun & Co.'s weekly review of trade issued today said in part:

There is certainly room for some decrease when the volume of payments through the clearing house in July is 47.2 per cent larger than last year, and 59.6 per cent larger than in 1892, the list of all previous years. So great an advance would warrant expectation of some set back under ordinary circumstances. This year the unusual freedom from labor troubles about July 1 is followed by some signs of a tendency to strike because great works are committed far ahead and cannot halt without loss. But interruption of business by labor trouble of all sorts has been less than in any other July for years.

Nor is the movement of products hampered. Western receipts in July have been 18,863,826 bushels, against 7,309,333 bushels last year to date, and of corn 20,485,251 bushels, against 9,173,355 bushels last year, even the latest week showing large gains over last year. Exports of wheat from both coasts were 9,939,280 bushels, flour included, against 8,833,192 bushels last year. Corn exports also continue surprising, 11,684,521 bushels for the month thus far, against 6,767,963 last year.

Official returns make the iron output for the first half of 1899 only 6,289,167 tons, with decline in known stocks outside the great steel companies of 288,140 tons, and net exports were probably over 100,000 tons. While the increase of steel companies' stock would probably make actual consumption less than has been estimated, it is much larger than ever before and yet appears less than production in June, while production has much increased this month. Meanwhile no advance in prices is significant and a slackening of demand in some important branches. The heavy rise usually cuts off much buying for an advance and retards buying for consumption. All records are broken in the Connellsville output of 190,792 tons coke for the week with 18,694ovens yielding and only 34 idl.

Manufacturers have been buying much wool, it is said, but less the past week, although many are taking sample bales. Goods are in fair demand, but no further change in prices is mentioned. Sales in four weeks have been 46,729,600 pounds, which 38,954,800 pounds were domestic. In 1897, with a new tariff coming, speculation took 46,109,200 pounds, normal consumption being about half that quantity.

Railroad business for July shows the largest increase in any month this year, 16.1 per cent larger than last year and 10.4 per cent larger than in 1892.

Failures for the week have been 151 in the United States, against 225 last year, and 20 in Canada, against 26 last year.

AN ALGER PROCLAMATION.

Pinckney Issued One Calling on the Michigan People to Welcome the General Home.

DETROIT, July 29.—Governor Pinckney issued a proclamation "to the people of the state of Michigan," which said:

On Wednesday, Aug. 12, the Hon. Russell A. Alger will return to his home in Detroit from Washington. Upon request of the citizens and mayor and common council of Detroit, I extend to you an earnest invitation to join in giving him a hearty reception and greeting. It is fitting that the state recognize the worth and value to the nation of the services of General Alger as secretary of war.

You are cordially invited to attend the reception at the City hall and the meeting in the Light Guard armory, Detroit, at which time the people of Michigan will be given an opportunity to express their appreciation of General Alger and to extend their welcome to Michigan's late representative in the highest council of the nation.

H. S. PINCKNEY, Governor. All the Michigan railroads decided to make a half fare rate to Detroit for the Alger reception.

Receivers For Two Corporations.

PARKERSBURG, W. Va., July 29.—Judge Jackson of the United States supreme court, upon the petition of Rolan H. Smith, appointed W. B. Hoge of Wheeling and R. Hilton Smith of Pittsburg receivers of the Consolidated Investments corporation and the Webster Coal and Lumber company and has enjoined both companies from disposing of their property. Smith alleges a breach of contract as ground for his action. The president of the investments company is James H. Houston. Among the directors are ex-Governor Livingston of Georgia, Assistant Secretary of War Meiklejohn, Rear Admiral Franklin, U. S. N., F. A. Palmer, United States public printer, and J. P. Ladin, Chicago.

Nicaragua Should Return Money.

SOUTH SIDE. ARE AFTER THE THIEVES

Farmers of Grant District Organizing For Protection.

A NEW SIGN ON THE BRIDGE

Frank Potts Is Staying In Virginia to Escape Constable Powell, Who Would Like to See Him—Church Services Tomorrow.

The band of thieves on the Virginia side that has been causing much trouble to the farmers of Grant district will soon come to grief, if the statement of a farmer living near Chester can be relied upon.

The men have committed a number of robberies during the last month, and the farmers of the district have lost much money as the result. Chickens have been stolen every night, and gardens have been visited for the purpose of obtaining vegetables. The farmers are now organizing for protection against these men, and some interesting stories will be told if any of the band are caught.

AFTER LAWBREAKERS.

Another Sign Will Be Placed on the Bridge.

The bridge company will place a sign on the Virginia end of the bridge soon stating that driving faster than a walk will result in arrest. There is a sign of this character on the Ohio side but none on the other end. Persons who drive faster than a walk over the structure are held up at the tollgate and told they violated the rules of the company and frequently the question has been asked of these people if they did not read the notice. There has been no sign on the Virginia end of the bridge for almost a year.

IN VIRGINIA.

Much Wanted Liverpool Man on the Other Side.

Some days ago a warrant was issued in Squire Hill's court for the arrest of a man named Frank Potts on a serious charge preferred on behalf of Nora Mount. Trains were watched by constables and officers, but he was not apprehended. Yesterday several young men of this city saw the individual across the river. Upon being questioned he said he worked upon the railroad during the day and at night came to his home in Liverpool. The officers are now watching for him.

WAS POISONED.

Charles Roach Is Suffering With a Sore Leg.

Several days ago Charles Roach, a well-known man of Chester, came in contact with some poison ivy and in some manner it touched his right leg. Since then the member has swollen to twice its normal size. An operation was performed last night and since then he has been rapidly improving.

SOUTHSIDE NEWS.

Notes About People and Things Across the Ohio River.

Services will be held at both churches tomorrow.

Miss Crill, who has been in New Castle several days, is expected to return to the Southside next week.

Another gang of Slavs arrived from Pittsburg yesterday. They will work on the extension.

No lumber was received today for Cunningham run trestle, and work will be delayed on this part of the road for several days.

Business at the postoffice during the week was in advance of that done last week.

There is very little sickness in and about Chester at present.

Claims to be 102.

Mrs. Bridget Maley, of Salineville, whose claim of being the oldest person in the county at the age of 98 has been given to the public, will have to concede the honor to another. John Scally, of Logtown, a Lisbon suburb, claims to be 102.—Buckeye State.

We Thank You.

To those who so generously tendered their services during our sad affliction in the loss of a beloved husband and father, we extend our most sincere thanks.

MRS. SARAH MOUNTFORD AND CHILDREN.

In the middle of the season people expect to purchase goods at a special cut price. They will realize this by calling at Joseph Bros.' clearance sale of summer goods.

Active Volcano In Hawaii.

HONOLULU, July 21, via San Francisco, July 29.—The volcanic eruption of Mauna Loa is still in full blast. The lava flow is apparently filling up the table land near the Humuula sheep ranch. Hilo and the whole island of Hawaii are enveloped in smoke. Vessels encounter dense clouds of smoke hundreds of miles out at sea and navigators are seriously inconvenienced. Kilauea is also smoking freely and the indications are that this volcano will soon be in active eruption.

May Bring on a Big Strike.

CHICAGO, July 29.—Officials of organized labor here declare the brick-makers' strike is liable to precipitate a general walking out of the building trades unions with forces about 50,000 strong, thus tying up building operations in the city.

Funeral of President Heurieux.

CAPE HAITIEN, July 29.—The funeral of President Heurieux of Santo Domingo took place in Santiago de Las Caballeros. A report has been received here to the effect that the adversaries of the government attacked Moca.

Havana Health Conditions Improved.

WASHINGTON, July 29.—In a private letter from General Ludlow, in Havana, to a friend in this city, he said that the health conditions of the city are such as to leave the doctors without employment to a great extent. The 2,200 troops in the Havana command are in excellent condition.

Said He Was Thrown From a Train.

BETHLEHEM, Pa., July 29.—Declaring to a priest on his death bed that he was thrown from a Reading railroad train by a man believed to be a brakeman, 17-year-old Joseph McCarthy died at hospital from injuries sustained near Perkasee tunnel.

Total and Others to Be Tried.

MADRID, July 29.—The trial of Generals Toral and Bereja and others for surrendering Santiago de Cuba will begin on Monday before a supreme court-martial and is expected to occupy six or seven sittings of the court.

World's W. C. T. U. Convention.

NEW YORK, July 29.—The fifth biennial convention of the World's Women's Christian Temperance union, it is announced, will meet in Edinburgh, Scotland, Monday, June 25, 1900. The executive committee will be held on Friday, June 22.

WEATHER FORECAST.

Western Pennsylvania, Ohio and West Virginia.—Threatening today; showers and cooler Sunday; variable winds.

LEAGUE GAMES YESTERDAY.

At Pittsburg—Pittsburg, 1 run, 7 hits and 1 error; Washington, 4 runs, 9 hits and 2 errors. Batteries—Leever and Schriver; Dineen and Kittridge. Umpires—Swartwood and Hunt. Attendance, 3,000.

Second game—Pittsburg, 6 runs, 9 hits and 2 errors; Washington, 5 runs, 11 hits and 5 errors. Batteries—Chesbro and Bowerman; Weyhing, Carsey and Duncan. Umpires—Swartwood and Hunt. Attendance, 4,000.

At Baltimore—Baltimore, 6 runs, 12 hits and 1 error; Cleveland, 1 run, 9 hits and 5 errors. Batteries—Kitson and Robinson; Hughey and Schreckengost. Umpires—Snyder and Gaffney. Attendance, 1,904.

Second game—Baltimore, 8 runs, 9 hits and 1 error; Cleveland, 2 runs, 2 hits and 1 error. Batteries—Howell and Crisham; Schmidt and Sugden. Umpires—Gaffney and Snyder. Game called at end of fifth inning to permit Cleveland to catch a train.

At Louisville—Louisville, 1 run, 6 hits and 1 error; Boston, 4 runs, 7 hits and 2 errors. Batteries—Phillippi and Powers; Willis and Clarke. Umpires—Mannassau and Smith. Attendance, 1,800.

At St. Louis—St. Louis, 5 runs, 9 hits and 0 errors; Brooklyn, 0 runs, 7 hits and 0 errors. Batteries—Cuppy and O'Connor; Dunn and McGuire. Umpires—Emslie and McDonald. Attendance, 3,100.

At Chicago—Chicago, 2 runs, 5 hits and 8 errors; Philadelphia, 4 runs, 3 hits and 2 errors. Batteries—Garvin and Donahue; Platt and McFarland. Umpires—O'Day and McGarr. Attendance, 1,600.

Standing of the Clubs.

One way to hear a pin drop is to heat it red hot and drop it into a keg of powder.—Philadelphia Record.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning July 30.—Comment by Rev. S. H. Doyle.

Topic.—That good part.—Luke x, 38-42.

A home scene in the life of Christ is presented to us in the topical reference. Christ, with his disciples, is in the favorite home of Mary, Martha and Lazarus. Martha, probably being the older of the two sisters, serves. Mary sits at the feet of Jesus and listens to his word. All does not go well with Martha. She complains to Jesus that Mary does not help her. But Christ commends Mary for her choice to sit at His feet, and chides Martha, not because she was interested in the entertainment of Him and His friends, but because of her over-anxiety in reference to things of minor importance, because she attached more importance to caring for the temporal wants of her friends than she did to caring for the spiritual wants of herself.

The good part that Mary chose was to sit at the feet of Jesus to hear His word, as He spoke to the disciples or perhaps to herself. She cared not so much for the feeding of the body as for the feeding of her own soul. And well might Christ commend her for her choice. Would that we might all choose to sit at the feet of Jesus, where we can have our souls fed upon the bread of life rather than to have our affections centered upon the world, trying in vain to feed the soul upon the husks which nourish not. The good part chosen by Mary in receiving the Saviour was undivided devotion to His word, the feeding on the bread of life which cometh by hearing. In the highest sense the good part is the spiritual reception of Christ Himself. This should be the choice of all. Christ should be our first choice. "Seek ye first the kingdom of God."

Mary's part was good because it was eternal. It was "that good part which shall not be taken away from her." The good parts of this world soon pass away from us or we from them. The superiority, therefore, of an eternal good should be apparent to all, and we should, if governed by reason and good judgment, be easily influenced to "love not the world, neither the things that are in the world," because "the world passeth away and the lust thereof, but he that doeth the will of God abideth forever." More than that, temporal enjoyment of the world often leads to eternal pain and suffering. How foolish to sacrifice the soul for the body, eternity for time!

What win I if I gain the thing I seek,
A dream, a breath, a froth of fleeting joy?
Who buys a minute's mirth to wait a week
Or sells eternity to get a toy?
For one sweet grape who will the vine destroy?
Or what fond beggar, but to touch the crown,
Would with the scepter straight be stricken down?

Therefore let us choose eternal, not temporal, good.

"You must choose between your pleasures and your sight," said a physician to a devotee of sensual pleasure. "Then," he replied, "farewell, sweet sight!" And how many are making such wretched choice! The responsibility of choice is tremendous. Think of being able to choose between God and self, the soul and the body, Christ and the world, heaven and hell, eternity and time! May God help us, like Mary, to choose the good part which can never be taken away from us.

Bible Readings.—Gen. xiii, 1-18; Josh. xxiv, 14-18; Ruth i, 16, 17; I Kings iii, 5-15; xviii, 21; Ps. xxvii, 4; lxxxix, 10; Prov. xvi, 16; xxii, 1; Math. vi, 24; Mark vi, 22-28; Phil. iv, 8, 9; I Thess. v, 21; Heb. xi, 24-26.

Baptism of Pain.

Over and over again the old truth comes back to us, that no man is good for much till he has suffered a great sorrow. The baptism of pain is one of the instrumentalities which God uses for purging away the dross of our natures and making us fit to be partakers of the inheritance of the saints in light. Not those who have escaped the fiery trial, but those who have gone through it and come out unharmed and glorified are to be envied. God knows what is best for us. Therefore he sends first one affliction and then another upon us. Sometimes, because he sees it to be necessary, he lifts the very floodgates and allows wave after wave of misfortune to sweep over us. If we have the right stuff in us, we shall be helped and not harmed by these seeming calamities.—Nashville Christian Advocate.

Wolves' and Sheeps' Clothing.

Moral evil never dares be itself. It always seeks to take on the garb of virtue. Wickedness is naturally timid. It skulks and hides itself, loving darkness rather than light. Evil is ashamed of itself except in the most depraved natures, and, where it ceases to feel shame, the fact is commonly due to its having found an environment in which there is nothing to rebuke it. How commonly do the wolves of greed and cruelty put on sheeps' clothing! How natural for Satan to fashion himself into an angel of light!—Sunday School Times.

In the Wrong Direction.

The trouble is he is looking in the wrong direction for Him, and he is asking for a sign which cannot be given. "God is love," let us remember, and He can be found only where love can be, and the sign must be sought in a human heart that can feel and test a spiritual truth.—American Friend.

SOUTH SIDE.

ARE AFTER THE THIEVES

Farmers of Grant District Organizing For Protection.

A NEW SIGN ON THE BRIDGE

Frank Potts Is Staying In Virginia to Escape Constable Powell, Who Would Like to See Him—Church Services Tomorrow.

The band of thieves on the Virginia side that has been causing much trouble to the farmers of Grant district will soon come to grief, if the statement of a farmer living near Chester can be relied upon. The men have committed a number of robberies during the last month, and the farmers of the district have lost much money as the result. Chickens have been stolen every night, and gardens have been visited for the purpose of obtaining vegetables. The farmers are now organizing for protection against these men, and some interesting stories will be told if any of the band are caught.

AFTER LAWBREAKERS.

Another Sign Will Be Placed on the Bridge.

The bridge company will place a sign on the Virginia end of the bridge soon stating that driving faster than a walk will result in arrest. There is a sign of this character on the Ohio side but none on the other end. Persons who drive faster than a walk over the structure are held up at the tollgate and told they violated the rules of the company and frequently the question has been asked of these people if they did not read the notice. There has been no sign on the Virginia end of the bridge for almost a year.

IN VIRGINIA.

Much Wanted Liverpool Man on the Other Side.

Some days ago a warrant was issued in Squire Hill's court for the arrest of a man named Frank Potts on a serious charge preferred on behalf of Nora Mount. Trains were watched by constables and officers, but he was not apprehended. Yesterday several young men of this city saw the individual across the river. Upon being questioned he said he worked upon the railroad during the day and at night came to his home in Liverpool. The officers are now watching for him.

WAS POISONED.

Charles Roach Is Suffering With a Sore Leg.

Several days ago Charles Roach, a well-known man of Chester, came in contact with some poison ivy and in some manner it touched his right leg. Since then the member has swollen to twice its normal size. An operation was performed last night and since then he has been rapidly improving.

SOUTHSIDE NEWS.

Notes About People and Things Across the Ohio River.

Services will be held at both churches tomorrow.

Miss Crill, who has been in New Castle several days, is expected to return to the Southside next week.

Another gang of Slaves arrived from Pittsburg yesterday. They will work on the extension.

No lumber was received today for Cunningham run trestle, and work will be delayed on this part of the road for several days.

Business at the postoffice during the week was in advance of that done last week.

There is very little sickness in and about Chester at present.

Claims to be 102.

Mrs. Bridget Maley, of Salineville, whose claim of being the oldest person in the county at the age of 98 has been given to the public, will have to concede the honor to another. John Scally, of Logtown, a Lisbon suburb, claims to be 102.—Buckeye State.

We Thank You.

To those who so generously tendered their services during our sad affliction in the loss of a beloved husband and father, we extend our most sincere thanks.

MRS. SARAH MOUNTFORD AND CHILDREN.

In the middle of the season people expect to purchase goods at a special cut price. They will realize this by calling at Joseph Bros.' clearance sale of summer goods.

Active Volcano In Hawaii.

HONOLULU, July 21, via San Francisco, July 29.—The volcanic eruption of Mauna Loa is still in full blast. The lava flow is apparently filling up the table land near the Humuula sheep ranch. Hilo and the whole island of Hawaii are enveloped in smoke. Vessels encounter dense clouds of smoke hundreds of miles out at sea and navigators are seriously inconvenienced. Kilauea is also smoking freely and the indications are that this volcano will soon be in active eruption.

May Bring on a Big Strike.

CHICAGO, July 29.—Officials of organized labor here declare the brick-makers' strike is liable to precipitate a general walking out of the building trades unions with forces about 50,000 strong, thus tying up building operations in the city.

Funeral of President Heurieux.

CAPE HAITIEN, July 29.—The funeral of President Heurieux of Santo Domingo took place in Santiago de Las Caballeros. A report has been received here to the effect that the adversaries of the government attacked Moca.

Havana Health Conditions Improved.

WASHINGTON, July 29.—In a private letter from General Ludlow, in Havana, to a friend in this city, he said that the health conditions of the city are such as to leave the doctors without employment to a great extent. The 2,200 troops in the Havana command are in excellent condition.

Said He Was Thrown From a Train.

SOUTH SIDE.

ARE AFTER THE THIEVES

Farmers of Grant District Organizing For Protection.

A NEW SIGN ON THE BRIDGE

Frank Potts Is Staying in Virginia to Escape Constable Powell, Who Would Like to See Him—Church Services Tomorrow.

The band of thieves on the Virginia side that has been causing much trouble to the farmers of Grant district will soon come to grief, if the statement of a farmer living near Chester can be relied upon.

The men have committed a number of robberies during the last month, and the farmers of the district have lost much money as the result. Chickens have been stolen every night, and gardens have been visited for the purpose of obtaining vegetables. The farmers are now organizing for protection against these men, and some interesting stories will be told if any of the band are caught.

AFTER LAWBREAKERS.

Another Sign Will Be Placed on the Bridge.

The bridge company will place a sign on the Virginia end of the bridge soon stating that driving faster than a walk will result in arrest. There is a sign of this character on the Ohio side but none on the other end. Persons who drive faster than a walk over the structure are held up at the tollgate and told they violated the rules of the company and frequently the question has been asked of these people if they did not read the notice. There has been no sign on the Virginia end of the bridge for almost a year.

IN VIRGINIA.

Much Wanted—Liverpool Man on the Other Side.

Some days ago a warrant was issued in Squire Hill's court for the arrest of a man named Frank Potts on a serious charge preferred on behalf of Nora Mount. Trains were watched by constables and officers, but he was not apprehended. Yesterday several young men of this city saw the individual across the river. Upon being questioned he said he worked upon the railroad during the day and at night came to his home in Liverpool. The officers are now watching for him.

WAS POISONED.

Charles Roach Is Suffering With a Sore Leg.

Several days ago Charles Roach, a well-known man of Chester, came in contact with some poison ivy and in some manner it touched his right leg. Since then the member has swollen to twice its normal size. An operation was performed last night and since then he has been rapidly improving.

SOUTHSIDE NEWS.

Notes About People and Things Across the Ohio River.

Services will be held at both churches tomorrow.

Miss Crill, who has been in New Castle several days, is expected to return to the Southside next week.

Another gang of Slaves arrived from Pittsburg yesterday. They will work on the extension.

No lumber was received today for Cunningham run trestle, and work will be delayed on this part of the road for several days.

Business at the postoffice during the week was in advance of that done last week.

There is very little sickness in and about Chester at present.

Claims to be 102.

Mrs. Bridget Maley, of Salineville, whose claim of being the oldest person in the county at the age of 98 has been given to the public, will have to concede the honor to another. John Scally, of Logtown, a Lisbon suburb, claims to be 102.—Buckeye State.

We Thank You.

To those who so generously tendered their services during our sad affliction in the loss of a beloved husband and father, we extend our most sincere thanks.

MRS. SARAH MOUNTFORD AND CHILDREN.

In the middle of the season people expect to purchase goods at a special cut price. They will realize this by calling at Joseph Bros.' clearance sale of summer goods.

Active Volcano In Hawaii.

HONOLULU, July 21, via San Francisco, July 29.—The volcanic eruption of Mauna Loa is still in full blast. The lava flow is apparently filling up the table land near the Humuula sheep ranch. Hilo and the whole island of Hawaii are enveloped in smoke. Vessels encounter dense clouds of smoke hundreds of miles out at sea and navigators are seriously inconvenienced. Kilauea is also smoking freely and the indications are that this volcano will soon be in active eruption.

May Bring on a Big Strike.

CHICAGO, July 29.—Officials of organized labor here declare the brick-makers' strike is liable to precipitate a general walking out of the building trades unions with forces about 50,000 strong, thus tying up building operations in the city.

Funeral of President Heurieux.

CAPE HAITIEN, July 29.—The funeral of President Heurieux of Santo Domingo took place in Santiago de Las Caballeros. A report has been received here to the effect that the adversaries of the government attacked Moca.

Havana Health Conditions Improved.

WASHINGTON, July 29.—In a private letter from General Ludlow, in Havana, to a friend in this city, he said that the health conditions of the city are such as to leave the doctors without employment to a great extent. The 2,200 troops in the Havana command are in excellent condition.

Said He Was Thrown From a Train.

BETHLEHEM, Pa., July 29.—Declaring to a priest on his death bed that he was thrown from a Reading railroad train by a man believed to be a brakeman, 17-year-old Joseph McCarthy died at hospital from injuries sustained near Perkassie tunnel.

Toral and Others to Be Tried.

MADRID, July 29.—The trial of Generals Toral and Boreja and others for surrendering Santiago de Cuba will begin on Monday before a supreme court-martial and is expected to occupy six or seven sittings of the court.

World's W. C. T. U. Convention.

NEW YORK, July 29.—The fifth biennial convention of the World's Women's Christian Temperance union, it is announced, will meet in Edinburgh, Scotland, Monday, June 25, 1900. The executive committee will be held on Friday, June 22.

WEATHER FORECAST.

Western Pennsylvania, Ohio and West Virginia—Threatening today; showers and cooler Sunday; variable winds.

LEAGUE GAMES YESTERDAY.

At Pittsburg—Pittsburg, 1 run, 7 hits and 1 error; Washington, 4 runs, 9 hits and 2 errors. Batteries—Leever and Schriver; Dineen and Kittridge. Umpires—Swartwood and Hunt. Attendance, 3,000.

Second game—Pittsburg, 6 runs, 9 hits and 2 errors; Washington, 5 runs, 11 hits and 5 errors. Batteries—Chesbro and Bowerman; Weyhing, Carsey and Duncan. Umpires—Swartwood and Hunt. Attendance, 4,000.

At Baltimore—Baltimore, 6 runs, 12 hits and 1 error; Cleveland, 1 run, 9 hits and 5 errors. Batteries—Kitson and Robinson; Hughey and Schreckengost. Umpires—Snyder and Gaffney. Attendance, 1,664.

Second game—Baltimore, 8 runs, 9 hits and 1 error; Cleveland, 2 runs, 2 hits and 1 error. Batteries—Howell and Crisham; Schmidt and Euden. Umpires—Gaffney and Snyder. Game called at end of fifth inning to permit Cleveland to catch a train.

At Louisville—Louisville, 1 run, 6 hits and 1 error; Boston, 4 runs, 7 hits and 2 errors. Batteries—Phillippi and Powers; Willis and Clarke. Umpires—Mannassau and Smith. Attendance, 1,800.

At St. Louis—St. Louis, 5 runs, 9 hits and 0 errors; Brooklyn, 0 runs, 7 hits and 0 errors. Batteries—Cuppy and O'Connor; Dunn and McGuire. Umpires—Emslie and McDonald. Attendance, 3,100.

At Chicago—Chicago, 2 runs, 5 hits and 8 errors; Philadelphia, 4 runs, 3 hits and 2 errors. Batteries—Garvin and Donahue; Platt and McFarland. Umpires—O'Day and McGarr. Attendance, 1,600.

Standing of the Clubs.

Games Scheduled For Today.

Toledo at New Castle (two games), Fort Wayne at Youngstown (two games), Dayton at Mansfield and Columbus at Wheeling (two games).

One way to hear a pin drop is to heat it red hot and drop it into a keg of powder.—Philadelphia Record.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning July 30—Comment by Rev. S. H. Doyle.

Topic.—That good part.—Luke x, 38-42.

A home scene in the life of Christ is presented to us in the topical reference. Christ, with his disciples, is in the favorite home of Mary, Martha and Lazarus. Martha, probably being the older of the two sisters, serves. Mary sits at the feet of Jesus and listens to his word. All does not go well with Martha. She complains to Jesus that Mary does not help her. But Christ commends Mary for her choice to sit at His feet, and chides Martha, not because she was interested in the entertainment of Him and His friends, but because of her over-anxiety in reference to things of minor importance, because she attached more importance to caring for the temporal wants of her friends than she did to caring for the spiritual wants of herself.

The good part that Mary chose was to sit at the feet of Jesus to hear His word, as He spoke to the disciples or perhaps to herself. She cared not so much for the feeding of the body as for the feeding of her own soul. And well might Christ commend her for her choice. Would that we might all choose to sit at the feet of Jesus, where we can have our souls fed upon the bread of life rather than to have our affections centered upon the world, trying in vain to feed the soul upon the husks which nourish not. The good part chosen by Mary in receiving the Saviour was undivided devotion to His word, the feeding on the bread of life which cometh by hearing. In the highest sense the good part is the spiritual reception of Christ Himself. This should be the choice of all. Christ should be our first choice. "Seek ye first the kingdom of God."

Mary's part was good because it was eternal. It was "that good part which shall not be taken away from her." The good parts of this world soon pass away from us or we from them. The superiority, therefore, of an eternal good should be apparent to all, and we should, if governed by reason and good judgment, be easily influenced to "love not the world, neither the things that are in the world," because "the world passeth away and the lust thereof, but he that doeth the will of God abideth forever." More than that, temporal enjoyment of the world often leads to eternal pain and suffering. How foolish to sacrifice the soul for the body, eternity for time!

What win I if I gain the thing I seek,
A dream, a breath, a froth of fleeting joy?
Who buys a minute's mirth to wail a week
Or sells eternity to get a toy?
For one sweet grape who will the vine destroy?
Or what fond beggar, but to touch the crown,
Would with the scepter straight be stricken down?

Therefore let us choose eternal, not temporal, good.

"You must choose between your pleasures and your sight," said a physician to a devotee of sensual pleasure. "Then," he replied, "farewell, sweet sight!" And how many are making such wretched choice! The responsibility of choice is tremendous. Think of being able to choose between God and self, the soul and the body, Christ and the world, heaven and hell, eternity and time! May God help us, like Mary, to choose the good part which can never be taken away from us.

Bible Readings.—Gen. xiii, 1-18; Josh. xxiv, 14-18; Ruth i, 16, 17; I Kings iii, 5-15; xviii, 21; Ps. xxvii, 4; lxxiv, 10; Prov. xvi, 16; xxii, 1; Math. vi, 24; Mark vi, 23-24; Phil. iv, 8, 9; I Thess. v, 21; Heb. xi, 24-26.

Baptism of Pain.

Over and over again the old truth comes back to us, that no man is good for much till he has suffered a great sorrow. The baptism of pain is one of the instrumentalities which God uses for purging away the dross of our natures and making us fit to be partakers of the inheritance of the saints in light. Not those who have escaped the fiery trial, but those who have gone through it and come out unburnt and glorified are to be envied. God knows what is best for us. Therefore he sends first one affliction and then another upon us. Sometimes, because he sees it to be necessary, he lifts the very floodgates and allows wave after wave of misfortune to sweep over us. If we have the right stuff in us, we shall be helped and not harmed by these seeming calamities.—Nashville Christian Advocate.

Wolves' and Sheep's Clothing.

Moral evil never dares be itself. It always seeks to take on the garb of virtue. Wickedness is naturally timid. It skulks and hides itself, loving darkness rather than light. Evil is ashamed of itself except in the most depraved natures, and, where it ceases to feel shame, the fact is commonly due to its having found an environment in which there is nothing to rebuke it. How commonly do the wolves of greed and cruelty put on sheep's clothing! How natural for satan to fashion himself into an angel of light!—Sunday School Times.

In the Wrong Direction.

The trouble is he is looking in the wrong direction for Him, and he is asking for a sign which cannot be given. "God is love," let us remember, and He can be found only where love can be, and the sign must be sought in a human heart that can feel and test a spiritual truth.—American Friend.

THE NEWS REVIEW JOB ROOM

STOCK.

The best procurable, and a large and complete line of everything.

TYPE.

DO THE RIGHT.

Dare to do right and dare to defend
the right. God has ordained that the
Right shall win; and with God on your
side you can MEET and DEFEAT the com-
bined forces of the world, the flesh and
the devil.

THE SALOON MUST GO.

The American saloon is an evil thing.
There is not a single redeeming feature
in connection with the saloon. It is all
vile, from top to bottom and from center
to circumference. It robs the cradle and
the grave. It degrades manhood and
outrages womanhood. It debauches so-
cial life and makes political life the
center of subterfuge and lies. It cor-
rupts legislatures and congressional
halls and browbeats and makes cowards
and apologists of presidential candidates.
It is a monster and a ghoul. The hand-
writing of God condemns it. It is the
curse of curses in this land devoted to
freedom. The American saloon must
go.

SPECIFIC CHARGES.

Mayor Charles F. Bough was not
compelled to make his charges against
Whan and Grim any more specific than
they were at the inception of the police
wrangle. But, in the interest of the
city, and to show that he believes fully
in the justness of his cause, he has
finally decided to waive his rights and
privileges and give full publicity to that
which he expects to prove. If the ac-
cused officers can prove their inno-
cence, they should be reinstated.
If guilty, and proven so, they
will nevermore hold office in the
city of East Liverpool. The policemen
of East Liverpool should be men of good
moral character. They are supposed to
be guardians of the peace and protectors
of all law-abiding citizens. The force
should be composed of men to whom a
good citizen, male or female, can appeal
in any hour of emergency or danger
and feel sure of protection. Aye Messrs.

Whan and Grim embraced in this class?
If so, then they are a credit to East
Liverpool.

FOUR OFFICERS ON THE SCENE.

A Scrap Was Started After the
Circus, but Nobody
Was Hurt.

Last evening at the circus on Brunt's
hill one of the roustabouts struck a
young man. Later in the evening it
was learned that the same roustabout
had struck a boy. The large crowd ut-
tered numerous threats and the rous-
tabout was very free in flourishing a
revolver and a hatchet. After the can-
vass had been rolled up the roustabout
started down over the hill. He returned
and pointed the revolver at a man,
snapped it twice, but it failed to
go off. The crowd talked of mob-
bing the circus, but it was
only talk, as there were three officers,
one suspended officer and a fireman on
hand to prevent trouble.

There was no business in police court
this morning, but Mayor Bough listened
to the details of a shantyboat war, told
in a graphic way by one of the
woman participants. She closed
her long story with the statement
that she might take the law in her own
hands and give somebody trouble.

Edward Taylor, of Waverly, called at
the office of the mayor yesterday and
wanted him to collect \$3 from the cir-
cus. He was sent to a justice's office.

SPRING GROVE.

Special Preparations Have Been
Made For the Services
Tomorrow.

Preparations are being made for a big
day tomorrow at Spring Grove camp-
ground and it is probable a large crowd
will be present. Doctor Riker, president
of Mt. Union college, will deliver an
address and Amanda Smith will also
talk at each service. A special musical
program has been arranged.

Mrs. George Goodwin was a guest of
friends at the ground yesterday.

Miss Elsie Sebring is a visitor at the
ground.

The services yesterday and last night
were well attended.

Frank Buxton is slowly recovering
from the effects of his bicycle accident.

Robinson's Shows.

John Robinson's ten big shows will
appear at Wellsville next Wednesday.
The feature of the exposition is the
great Biblical spectacle, "Solomon, His
Temple and the Queen of Sheba." There
will also be three big circuses in
three big rings, a big menagerie, a com-
plete aviary, a gigantic museum, and a
prodigious aquarium. Over \$100,000
have been spent on the production of
the "Solomon" spectacle. The scenery,
costumes, armors, trappings and em-
blems are said to be historically correct
and interesting and instructive. The
whole is under the management of John
F. Robinson which guarantees its ex-
cellence.

"Hassey's Home." 8th page.

Beacom Appointed.

Secretary of State Kinney has named
B. D. Beacom, of Wellsville, Democrat,
member of the Columbiana county board
of elections.

Dr. Riker, the eloquent plat-
form speaker, at Spring Grove,
Sunday, July 30.

Out price is to reduce stock and that
is what Joseph Bros., are doing now at
their clearance sale.

DROWNED IN THE OHIO

Owen Fry, Mould Runner In
the United States Pottery,

LOST HIS LIFE NEAR WELLSVILLE

Was Only 16 Years of Age, and Came From
Burgettstown, Pa., Last Fall--Went In
Bathing With Two Others, and None of
the Party Could Swim.

Owen Fry, a 16 year-old boy, was
drowned yesterday afternoon in the
Ohio river, at Eighteenth street, Wells-
ville.

Fry, in company with two other boys
about his own age, was in bathing, and
as usual in such cases none of the boys
could swim. Fry got beyond his depth
and the boys set up a cry for help, but
before assistance arrived the boy had
sunk for the last time. Search was
made immediately for the body, but it
had not been recovered this morning.

The deceased came to Wellsville last
fall from Burgettstown moving there
with his father and mother. When the
U. S. pottery commenced operations he
secured a position as mould runner and
was employed there at the time of his
death. He was a sober, industrious
young man and was well liked by all
who knew him.

THE ATEN JURY IS STILL OUT.

Will Return a Sealed Verdict to
the Clerk This After-
noon.

LISBON, July 29--[Special]--All the
evidence was in on the Aten case when
court adjourned at 9 o'clock last night,
and the attorneys began their argument
when court opened this morning.

The jury retired at 11 o'clock a. m.
with instructions from the judge to stay
there until 12, unless they arrived at a
verdict sooner, at which time they were
to take an hour for dinner and reassem-
ble at 1 o'clock, and, upon arriving at a
verdict, seal it and hand it to the clerk
and be excused until 8:30 a. m. Tues-
day.

At 2 o'clock the jury was still out.

MANY VISITORS

Inspected Fairmount Children's Home at
Alliance This Week.

Fairmount children's home was fairly
overrun all commencement week with
visitors. Many who came from a dis-
tance to see the exercises at the college
also wanted to see how the famous
home was conducted and embraced the
opportunity of its proximity by making
a personal examination. Superintendent
and Mrs. Southworth received fully 150
visitors on Thursday, which probably
was the biggest day of the week.--Alli-
ance Leader.

EDWARD TAYLOR

Had an Unnecessary Attachment Issued
Against the Circus.

Edward Taylor, of Waverly, aged 16
years, yesterday in the court of Justice
McLane had an attachment issued
against the Nickel Plate show for \$3.
The assistant manager of the show paid
the amount at once and said the boy
had never asked for his money. He
was getting a salary of \$2 per week and
board.

Splendid vocal and instru-
mental music at Spring Grove,
Sunday, July 30.

Will Have a Hearing Monday.

LISBON, July 29.--[Special]--Eli S.
Harding, of Niles, bound over to com-
mon pleas court in \$4,000 by Mayor
Huxley, of Salem, had his bond reduced
by Judge Smith to \$1,000, and will have
a preliminary hearing before Judge
Boone Monday at 9 o'clock.

Splendid vocal and instru-
mental music at Spring Grove,
Sunday, July 30.

"Hassey's Home." 8th page.

Adjudged Insane.

LISBON, July 29. --[Special]-- Ida
Hogue, of Wayne township, is adjudged
insane.

Appointed Administrator.

LISBON, July 29.--[Special]--T. B.
Unger is appointed administrator of the
estate of John Spait, late of Unity
township; bond \$800.

Amanda Smith, the wonderful
colored evangelist, at Spring
Grove, Sunday, July 30.

Children suits, summer goods, cut
price is Joseph Bros. Special induce-
ments now in this department.

WINE OF CARDUI

A LITTLE
DOES MUCH.

BOONE, IOWA, Dec. 14.
No tongue can tell what I have endured
in the past ten years with my monthly sick-
ness. While suffering untold agony, a
friend called and recommended Wine of
Cardui. I sent for a bottle, and Oh! what
relief. After the first dose I began to feel
better and have had no pain since.
MRS. GRACE LAMPHERE.

McELREE'S
Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case
of ten years' standing, and yet one single dose made the sufferer feel better,
and stopped the pain. The Wine goes straight to the seat of the trouble.
It acts directly upon the menstrual and genital organs. Its action is not
violent, and it does not force a result. It simply gives Nature that little
assistance that the sufferer's system lacks. A single disorder in the
feminine organs spreads many disorders all over the body, and when the
Wine cures the source, all the other ills vanish as a matter of course. A
woman can be her own physician and cure herself at home. Local ex-
aminations are largely things of the
past--the obnoxious custom is no
longer necessary. Wine of Cardui
is the only perfectly safe and sure
vegetable Wine made to-day for
the cure of "female troubles".

Druggists sell Large Bottles for \$1.00.

WINE OF CARDUI

Box
Palmolive Tablets

HEALTH, POWER, ENERGY.

stop forever all weakening drains, feed the
brain, replace wasted tissues, and send rig-
fresh-building blood bounding through every
part of the system, making every organ act,
man, and can feel it! The greatest NERVE TONIC ever discovered. Palmolive
lets cure quickly and forever Nervous Debility, Varicocele, Atrophy, Loss of
Memory, Sleeplessness, Dyspepsia, Kidney Diseases, etc. a box; 12 boxes (with
guarantee, good as gold), \$5.00. Sent anywhere.

For Sale by Clarence G. Anderson, Druggist, East Liverpool.

TWO SURGICAL TRIUMPHS.

Tendon Grafting and Bone Setting
Extraordinary in New York.

Two notable surgical operations, the
first successful ones of their kind in a
New York hospital, were performed
recently at the Hospital For Cripples.
By one a Virginia girl, 14 years old,
who has been paralyzed for 11 years,
will regain the use of her limbs
through tendon grafting. In the other
a patient's thigh bone, dislocated at
birth, was taken from its original
socket and placed fully two inches to
one side in a socket, or acetabulum,
made for the purpose, says the New
York World. Dr. Royal Whitman, chief
of clinic at the hospital, operated.

Mattie Mayhew, the paralytic, lost
the use of both feet from infantile
paralysis in her third year. Dr. Whit-
man first ascertained what tendons
were degenerate and then made an in-
cision in the thigh and ingrafted small
parts of healthy tendons where the
degenerate parts had been cut away.
When the operation was finished, the
feet were placed in plaster casts. The
doctors say the child will have the
full use of her limbs in two months.
The operation is of French origin. And
yet even in France surgeons have not
attempted to perform the operation on
any but very young children.

The other operation was what is called
the Lorenz open operation, from
Dr. Lorenz, a Frenchman. Rosa Deni-
zett, 4 years old, of Italian parentage,
was the patient. An incision was
made in her hip and the ball and socket
joint laid bare. The thigh bone was
removed from its socket, and another
socket was cut in the pelvic bone two
inches from the one which caused the
dislocation. Then the thigh bone was
placed in the new socket, the incision
was sewed up and the hip placed in a
plaster cast. In two months the pa-
tient will be able to walk.

LIGHTING UP THE SEA.

An Invention Which Will Be Valu-
able in War and Peace.

The value of a means of lighting up
the sea at night is amply demonstrated
by the importance now attached to the
searchlight. There are, however, many
conditions, particularly in merchant
marine, life saving corps and navy op-
erations, under which an independent
and more flexible method of illumina-
tion is desirable. Such a method is
said to have been provided in a new
shell, in the shape of an ordinary pro-
jectile, which may be thrown from a
gun in the direction of the enemy or
dropped over the side of a ship by
hand, as the occasion may require. It
is buoyant, and, on striking the water,
it becomes an illuminating plant of it-
self, shedding a powerful light over a
considerable radius, says the St. Louis
Globe-Democrat.

It consists of a hollow cylinder, made
from drawn steel tubing, in sizes from
three to six inches or more in diameter
and from three to five feet in length,
according to the purpose for which it
is to be used. The shell is charged
with calcium carbide, which generates
acetylene gas as it comes in contact
with water. At the top of the shell,
which shows a quarter of its length
out of the water, are the burners, to
which the gas rises as it is disengaged,

Have You a Match?

A man whose feet do not track step-
ped us on the street the other day and
said: "The phenomenal good health of
smokers is not due to tobacco alone.
Smokers carry matches loose in their
pockets and it is the sulphur on the
matches that surrounds the body with
an aura of protection. What smoke
and sulphur won't do in the way of
killing microbes is not worth mention-
ing." We offer this for the benefit of
the old chroniclers who "can stop smok-
ing any time they want to," but who
never bump up against the time when
they want to--Denver Road.

Photographing by Heat.

A sensitive plate exposed to dark
heat waves will ultimately become af-
fected. With the plate still covered
the same result would occur from light
waves, such as proceed from the sun-
light. A fair test is to expose an
aluminum disk to their action. X rays
penetrate this metal, and it is probable
that heat waves and others can affect
the photographic plate.

True to Their Training.

"Perhaps," remarks Harry Glistrap,
"the Oklahoma soldiers wouldn't have
been good at swimming streams, but
they would have 'soonered' their way
into Calococan."--Kansas City Journal.

EXECUTOR'S SALE.

An Opportunity to Secure Val-
uable Real Estate.

I will offer for sale, at public auction,

AUGUST 21st, 1899,

at 2 p. m., on the premises, the east part of
lot number seven hundred and twenty-two
(722) in Eliza M. Rigby's addition to the city
of East Liverpool. Said part of said lot
fronts forty-five feet (45) on Spring street,
and extends back westwardly at right angles
one hundred feet (100). Said property is ap-
praised at one thousand seven hundred six-
ty-six dollars and sixty-six and two-thirds
cents (\$1,766.66 2/3), and cannot sell for less
than two-thirds of said appraisement.
Terms: Cash.

THE SALOON MUST GO.

The American saloon is an evil thing. There is not a single redeeming feature in connection with the saloon. It is all vile, from top to bottom and from center to circumference. It robs the cradle and the grave. It degrades manhood and outrages womanhood. It debauches social life and makes political life the center of subterfuge and lies. It corrupts legislatures and congressional halls and browbeats and makes cowards and apologists of presidential candidates. It is a monster and a ghoul. The handwriting of God condemns it. It is the curse of curses in this land devoted to freedom. The American saloon must go.

SPECIFIC CHARGES.

Mayor Charles F. Bough was not compelled to make his charges against Whan and Grim any more specific than they were at the inception of the police wrangle. But, in the interest of the city, and to show that he believes fully in the justness of his cause, he has finally decided to waive his rights and privileges and give full publicity to that which he expects to prove. If the accused officers can prove their innocence, they should be reinstated. If guilty, and proven so, they will nevermore hold office in the city of East Liverpool. The policemen of East Liverpool should be men of good moral character. They are supposed to be guardians of the peace and protectors of all law-abiding citizens. The force should be composed of men to whom a good citizen, male or female, can appeal in any hour of emergency or danger and feel sure of protection. Are Messrs.

Whan and Grim embraced in this class? If so, then they are a credit to East Liverpool.

FOUR OFFICERS ON THE SCENE.

A Scrap Was Started After the Circus, but Nobody Was Hurt.

Last evening at the circus on Brunt's hill one of the roustabouts struck a young man. Later in the evening it was learned that the same roustabout had struck a boy. The large crowd uttered numerous threats and the roustabout was very free in flourishing a revolver and a hatchet. After the canvass had been rolled up the roustabout started down over the hill. He returned and pointed the revolver at a man, snapped it twice, but it failed to go off. The crowd talked of mobbing the circus, but it was only talk, as there were three officers, one suspended officer and a fireman on hand to prevent trouble.

There was no business in police court this morning, but Mayor Bough listened to the details of a shantyboat war, told in a graphic way by one of the woman participants. She closed her long story with the statement that she might take the law in her own hands and give somebody trouble.

Edward Taylor, of Waverly, called at the office of the mayor yesterday and wanted him to collect \$3 from the circus. He was sent to a justice's office.

SPRING GROVE.

Special Preparations Have Been Made For the Services Tomorrow.

Preparations are being made for a big day tomorrow at Spring Grove campground and it is probable a large crowd will be present. Doctor Riker, president of Mt. Union college, will deliver an address and Amanda Smith will also talk at each service. A special musical program has been arranged.

Mrs. George Goodwin was a guest of friends at the ground yesterday.

Miss Elsie Sebring is a visitor at the ground.

The services yesterday and last night were well attended.

Frank Buxton is slowly recovering from the effects of his bicycle accident.

Robinson's Shows.

John Robinson's ten big shows will appear at Wellsville next Wednesday. The feature of the exposition is the great Biblical spectacle, "Solomon, His Temple and the Queen of Sheba." There will also be three big circuses in three big rings, a big menagerie, a complete aviary, a gigantic museum, and a prodigious aquarium. Over \$100,000 have been spent on the production of the "Solomon" spectacle. The scenery, costumes, armors, trappings and emblems are said to be historically correct and interesting and instructive. The whole is under the management of John F. Robinson which guarantees its excellence.

"Hassey's Home." 8th page.

Beacom Appointed.

Secretary of State Kinney has named B. D. Beacom, of Wellsville, Democrat, member of the Columbiana county board of elections.

Dr. Riker, the eloquent platform speaker, at Spring Grove, Sunday, July 30.

DROWNED IN THE OHIO

Owen Fry, Mould Runner In the United States Pottery,

LOST HIS LIFE NEAR WELLSVILLE

Was Only 16 Years of Age, and Came From Burgettstown, Pa., Last Fall--Went In Bathing With Two Others, and None of the Party Could Swim.

Owen Fry, a 16 year-old boy, was drowned yesterday afternoon in the Ohio river, at Eighteenth street, Wellsville.

Fry, in company with two other boys about his own age, was in bathing, and as usual in such cases none of the boys could swim. Fry got beyond his depth and the boys set up a cry for help, but before assistance arrived the boy had sunk for the last time. Search was made immediately for the body, but it had not been recovered this morning.

The deceased came to Wellsville last fall from Burgettstown moving there with his father and mother. When the U. S. pottery commenced operations he secured a position as mould runner and was employed there at the time of his death. He was a sober, industrious young man and was well liked by all who knew him.

THE ATEN JURY IS STILL OUT.

Will Return a Sealed Verdict to the Clerk This Afternoon.

LISBON, July 29--[Special]--All the evidence was in on the Aten case when court adjourned at 9 o'clock last night, and the attorneys began their argument when court opened this morning.

The jury retired at 11 o'clock a. m. with instructions from the judge to stay there until 12, unless they arrived at a verdict sooner, at which time they were to take an hour for dinner and reassemble at 1 o'clock, and, upon arriving at a verdict, seal it and hand it to the clerk and be excused until 8.30 a. m. Tuesday.

At 2 o'clock the jury was still out.

MANY VISITORS

Inspected Fairmount Children's Home at Alliance This Week.

Fairmount children's home was fairly overrun all commencement week with visitors. Many who came from a distance to see the exercises at the college also wanted to see how the famous home was conducted and embraced the opportunity of its proximity by making a personal examination. Superintendent and Mrs. Southworth received fully 150 visitors on Thursday, which probably was the biggest day of the week.--Alliance Leader.

EDWARD TAYLOR

Had an Unnecessary Attachment Issued Against the Circus.

Edward Taylor, of Waverly, aged 16 years, yesterday in the court of Justice McLane had an attachment issued against the Nickel Plate show for \$3. The assistant manager of the show paid the amount at once and said the boy had never asked for his money. He was getting a salary of \$2 per week and board.

Splendid vocal and instrumental music at Spring Grove, Sunday, July 30.

Will Have a Hearing Monday.

LISBON, July 29.--[Special]--Eli S. Harding, of Niles, bound over to common pleas court in \$4,000 by Mayor Huxley, of Salem, had his bond reduced by Judge Smith to \$1,000, and will have a preliminary hearing before Judge Boone Monday at 9 o'clock.

Splendid vocal and instrumental music at Spring Grove, Sunday, July 30.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.
 No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.
 MRS. GRACE LAMPHERE.

McELREE'S
Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past--the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

TWO SURGICAL TRIUMPHS.

Tendon Grafting and Bone Setting Extraordinary in New York.

Two notable surgical operations, the first successful ones of their kind in a New York hospital, were performed recently at the Hospital For Cripples. By one a Virginia girl, 14 years old, who has been paralyzed for 11 years, will regain the use of her limbs through tendon grafting. In the other a patient's thigh bone, dislocated at birth, was taken from its original socket and placed fully two inches to one side in a socket, or acetabulum, made for the purpose, says the New York World. Dr. Royal Whitman, chief of clinic at the hospital, operated.

Mattie Mayhew, the paralytic, lost the use of both feet from infantile paralysis in her third year. Dr. Whitman first ascertained what tendons were degenerate and then made an incision in the thigh and ingrafted small parts of healthy tendons where the degenerate parts had been cut away. When the operation was finished, the feet were placed in plaster casts. The doctors say the child will have the full use of her limbs in two months. The operation is of French origin. And yet even in France surgeons have not attempted to perform the operation on any but very young children.

The other operation was what is called the Lorenz open operation, from Dr. Lorenz, a Frenchman. Rosa Denizetti, 4 years old, of Italian parentage, was the patient. An incision was made in her hip and the ball and socket joint laid bare. The thigh bone was removed from its socket, and another socket was cut in the pelvic bone two inches from the one which caused the dislocation. Then the thigh bone was placed in the new socket, the incision was sewed up and the hip placed in a plaster cast. In two months the patient will be able to walk.

LIGHTING UP THE SEA.

An Invention Which Will Be Valuable in War and Peace.

The value of a means of lighting up the sea at night is amply demonstrated by the importance now attached to the searchlight. There are, however, many conditions, particularly in merchant marine, life saving corps and navy operations, under which an independent and more flexible method of illumination is desirable. Such a method is said to have been provided in a new shell, in the shape of an ordinary projectile, which may be thrown from a gun in the direction of the enemy or dropped over the side of a ship by hand, as the occasion may require. It is buoyant, and, on striking the water, it becomes an illuminating plant of itself, shedding a powerful light over a considerable radius, says the St. Louis Globe-Democrat.

It consists of a hollow cylinder, made from drawn steel tubing, in sizes from three to six inches or more in diameter and from three to five feet in length, according to the purpose for which it is to be used. The shell is charged with calcium carbide, which generates acetylene gas as it comes in contact with water. At the top of the shell, which shows a quarter of its length out of the water, are the burners, to which the gas rises as it is disengaged,

and is lighted by an electric spark generated by a battery within a shell. The shell can be made ready for firing from a gun or throwing overboard in less than 30 seconds. The water is admitted to the calcium carbide tube. If the shell is submerged, it instantly rises like a can buoy, rights itself and shines out with the strength and brightness of a beacon light even in a gale of wind.

Have You a Match?

A man whose feet do not track stepped us on the street the other day and said: "The phenomenal good health of smokers is not due to tobacco alone. Smokers carry matches loose in their pockets and it is the sulphur on the matches that surrounds the body with an aura of protection. What smoke and sulphur won't do in the way of killing microbes is not worth mentioning." We offer this for the benefit of the old chronic who "can stop smoking any time they want to," but who never bump up against the time when they want to. --Denver Road.

Photographing by Heat.

A sensitive plate exposed to dark heat waves will ultimately become affected. With the plate still covered the same result would occur from light waves, such as proceed from the sun-light. A fair test is to expose an aluminium disk to their action. X rays penetrate this metal, and it is probable that heat waves and others can affect the photographic plate.

True to Their Training.

"Perhaps," remarks Harry Gilstrap, "the Oklahoma soldiers wouldn't have been good at swimming streams, but they would have 'soonered' their way into Calococan." --Kansas City Journal.

THE SALOON MUST GO.

The American saloon is an evil thing.
 There is not a single redeeming feature
 in connection with the saloon. It is all
 vile, from top to bottom and from center
 to circumference. It robs the cradle and
 the grave. It degrades manhood and
 outrages womanhood. It debauches so-
 cial life and makes political life the
 center of subterfuge and lies. It cor-
 rupts legislatures and congressional
 halls and browbeats and makes cowards
 and apologists of presidential candidates.
 It is a monster and a ghoul. The hand-
 writing of God condemns it. It is the
 curse of curses in this land devoted to
 freedom. The American saloon must
 go.

SPECIFIC CHARGES.

Mayor Charles F. Bough was not
 compelled to make his charges against
 Whan and Grim any more specific than
 they were at the inception of the police
 wrangle. But, in the interest of the
 city, and to show that he believes fully
 in the justness of his cause, he has
 finally decided to waive his rights and
 privileges and give full publicity to that
 which he expects to prove. If the ac-
 cused officers can prove their inno-
 cence, they should be reinstated.
 If guilty, and proven so, they
 will nevermore hold office in the
 city of East Liverpool. The policemen
 of East Liverpool should be men of good
 moral character. They are supposed to
 be guardians of the peace and protectors
 of all law-abiding citizens. The force
 should be composed of men to whom a
 good citizen, male or female, can appeal
 in any hour of emergency or danger
 and feel sure of protection. Are Messrs.

Whan and Grim embraced in this class?
 If so, then they are a credit to East
 Liverpool.

FOUR OFFICERS ON THE SCENE.

A Scrap Was Started After the
 Circus, but Nobody
 Was Hurt.

Last evening at the circus on Brunt's
 hill one of the roustabouts struck a
 young man. Later in the evening it
 was learned that the same roustabout
 had struck a boy. The large crowd ut-
 tered numerous threats and the rous-
 about was very free in flourishing a
 revolver and a hatchet. After the can-
 vass had been rolled up the roustabout
 started down over the hill. He returned
 and pointed the revolver at a man,
 snapped it twice, but it failed to
 go off. The crowd talked of mob-
 bing the circus, but it was
 only talk, as there were three officers,
 one suspended officer and a fireman on
 hand to prevent trouble.

There was no business in police court
 this morning, but Mayor Bough listened
 to the details of a shantyboat war, told
 in a graphic way by one of the
 woman participants. She closed
 her long story with the statement
 that she might take the law in her own
 hands and give somebody trouble.

Edward Taylor, of Waverly, called at
 the office of the mayor yesterday and
 wanted him to collect \$8 from the cir-
 cus. He was sent to a justice's office.

SPRING GROVE.

Special Preparations Have Been
 Made For the Services
 Tomorrow.

Preparations are being made for a big
 day tomorrow at Spring Grove camp-
 ground and it is probable a large crowd
 will be present. Doctor Riker, president
 of Mt. Union college, will deliver an
 address and Amanda Smith will also
 talk at each service. A special musical
 program has been arranged.

Mrs. George Goodwin was a guest of
 friends at the ground yesterday.

Miss Elsie Sebring is a visitor at the
 ground.

The services yesterday and last night
 were well attended.

Frank Buxton is slowly recovering
 from the effects of his bicycle accident.

Robinson's Shows.

John Robinson's ten big shows will
 appear at Wellsville next Wednesday.
 The feature of the exposition is the
 great Biblical spectacle, "Solomon, His
 Temple and the Queen of Sheba." There
 will also be three big circuses in
 three big rings, a big menagerie, a com-
 plete aviary, a gigantic museum, and a
 prodigious aquarium. Over \$100,000
 have been spent on the production of
 the "Solomon" spectacle. The scenery,
 costumes, armors, trappings and em-
 blems are said to be historically correct
 and interesting and instructive. The
 whole is under the management of John
 F. Robinson which guarantees its ex-
 cellence.

DROWNED IN THE OHIO

Owen Fry, Mould Runner In
 the United States Pottery,

LOST HIS LIFE NEAR WELLSVILLE

Was Only 16 Years of Age, and Came From
 Burgettstown, Pa., Last Fall—Went In
 Bathing With Two Others, and None of
 the Party Could Swim.

Owen Fry, a 16 year-old boy, was
 drowned yesterday afternoon in the
 Ohio river, at Eighteenth street, Wells-
 ville.

Fry, in company with two other boys
 about his own age, was in bathing, and
 as usual in such cases none of the boys
 could swim. Fry got beyond his depth
 and the boys set up a cry for help, but
 before assistance arrived the boy had
 sunk for the last time. Search was
 made immediately for the body, but it
 had not been recovered this morning.

The deceased came to Wellsville last
 fall from Burgettstown moving there
 with his father and mother. When the
 U. S. pottery commenced operations he
 secured a position as mould runner and
 was employed there at the time of his
 death. He was a sober, industrious
 young man and was well liked by all
 who knew him.

THE ATEN JURY IS STILL OUT.

Will Return a Sealed Verdict to
 the Clerk This After-
 noon.

LISBON, July 29.—[Special]—All the
 evidence was in on the Aten case when
 court adjourned at 9 o'clock last night,
 and the attorneys began their argument
 when court opened this morning.

The jury retired at 11 o'clock a. m.
 with instructions from the judge to stay
 there until 12, unless they arrived at a
 verdict sooner, at which time they were
 to take an hour for dinner and reassem-
 ble at 1 o'clock, and, upon arriving at a
 verdict, seal it and hand it to the clerk
 and be excused until 8:30 a. m. Tues-
 day.

At 2 o'clock the jury was still out.

MANY VISITORS

Inspected Fairmount Children's Home at
 Alliance This Week.

Fairmount children's home was fairly
 overrun all commencement week with
 visitors. Many who came from a dis-
 tance to see the exercises at the college
 also wanted to see how the famous
 home was conducted and embraced the
 opportunity of its proximity by making
 a personal examination. Superintendent
 and Mrs. Southworth received fully 150
 visitors on Thursday, which probably
 was the biggest day of the week.—Alli-
 ance Leader.

EDWARD TAYLOR

Had an Unnecessary Attachment Issued
 Against the Circus.

Edward Taylor, of Waverly, aged 16
 years, yesterday in the court of Justice
 McLane had an attachment issued
 against the Nickel Plate show for \$8.
 The assistant manager of the show paid
 the amount at once and said the boy
 had never asked for his money. He
 was getting a salary of \$2 per week and
 board.

WINE OF CARDUI

A LITTLE
DOES MUCH.

BOONE, IOWA, Dec. 14.
 No tongue can tell what I have endured
 in the past ten years with my monthly sick-
 ness. While suffering untold agony, a
 friend called and recommended Wine of
 Cardui. I sent for a bottle, and Oh! what
 relief. After the first dose I began to feel
 better and have had no pain since.
 MRS. GRACE LAMPHERE.

McELREE'S
Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case
 of ten years' standing, and yet one single dose made the sufferer feel better,
 and stopped the pain. The Wine goes straight to the seat of the trouble.
 It acts directly upon the menstrual and genital organs. Its action is not
 violent, and it does not force a result. It simply gives Nature that little
 assistance that the sufferer's system lacks. A single disorder in the
 feminine organs spreads many disorders all over the body, and when the
 Wine cures the source, all the other ills vanish as a matter of course. A
 woman can be her own physician and cure herself at home. Local ex-
 aminations are largely things of the
 past—the obnoxious custom is no
 longer necessary. Wine of Cardui
 is the only perfectly safe and sure
 vegetable Wine made to-day for
 the cure of "female troubles".

TWO SURGICAL TRIUMPHS.

Tendon Grafting and Bone Setting
 Extraordinary in New York.

Two notable surgical operations, the
 first successful ones of their kind in a
 New York hospital, were performed
 recently at the Hospital For Cripples.
 By one a Virginia girl, 14 years old,
 who has been paralyzed for 11 years,
 will regain the use of her limbs
 through tendon grafting. In the other
 a patient's thigh bone, dislocated at
 birth, was taken from its original
 socket and placed fully two inches to
 one side in a socket, or acetabulum,
 made for the purpose, says the New
 York World. Dr. Royal Whitman, chief
 of clinic at the hospital, operated.

Mattie Mayhew, the paralytic, lost
 the use of both feet from infantile
 paralysis in her third year. Dr. Whit-
 man first ascertained what tendons
 were degenerate and then made an in-
 cision in the thigh and ingrafted small
 parts of healthy tendons where the
 degenerate parts had been cut away.
 When the operation was finished, the
 feet were placed in plaster casts. The
 doctors say the child will have the
 full use of her limbs in two months.
 The operation is of French origin. And
 yet even in France surgeons have not
 attempted to perform the operation on
 any but very young children.

The other operation was what is called
 the Lorenz open operation, from
 Dr. Lorenz, a Frenchman. Rosa Deni-
 zetti, 4 years old, of Italian parentage,
 was the patient. An incision was
 made in her hip and the ball and sock-
 et joint laid bare. The thigh bone was
 removed from its socket, and another
 socket was cut in the pelvic bone two
 inches from the one which caused the
 dislocation. Then the thigh bone was
 placed in the new socket, the incision
 was sewed up and the hip placed in a
 plaster cast. In two months the pa-
 tient will be able to walk.

LIGHTING UP THE SEA.

An Invention Which Will Be Valu-
 able in War and Peace.

The value of a means of lighting up
 the sea at night is amply demonstrated
 by the importance now attached to the
 searchlight. There are, however, many
 conditions, particularly in merchant
 marine, life saving corps and navy op-
 erations, under which an independent
 and more flexible method of illumina-
 tion is desirable. Such a method is
 said to have been provided in a new
 shell, in the shape of an ordinary pro-
 jectile, which may be thrown from a
 gun in the direction of the enemy or
 dropped over the side of a ship by
 hand, as the occasion may require. It
 is buoyant, and, on striking the water,
 it becomes an illuminating plant of it-
 self, shedding a powerful light over a
 considerable radius, says the St. Louis
 Globe-Democrat.

It consists of a hollow cylinder, made
 from drawn steel tubing, in sizes from
 three to six inches or more in diameter
 and from three to five feet in length,
 according to the purpose for which it
 is to be used. The shell is charged
 with calcium carbide, which generates
 acetylene gas as it comes in contact
 with water. At the top of the shell,
 which shows a quarter of its length
 out of the water, are the burners, to
 which the gas rises as it is disengaged,

and is lighted by an electric spark gen-
 erated by a battery within a shell. The
 shell can be made ready for firing from
 a gun or throwing overboard in less
 than 30 seconds. The water is admit-
 ted to the calcium carbide tube. If the
 shell is submerged, it instantly rises
 like a can buoy, rights itself and shines
 out with the strength and brightness
 of a beacon light even in a gale of
 wind.

Have You a Match?

A man whose feet do not track
 stepped us on the street the other day and
 said: "The phenomenal good health of
 smokers is not due to tobacco alone.
 Smokers carry matches loose in their
 pockets and it is the sulphur on the
 matches that surrounds the body with
 an aura of protection. What smoke
 and sulphur won't do in the way of
 killing microbes is not worth mention-
 ing." We offer this for the benefit of
 "the old cronies who 'can stop smok-
 ing any time they want to,' but who
 never bump up against the time when
 they want to.—Denver Road.

Photographing by Heat.

A sensitive plate exposed to dark
 heat waves will ultimately become af-
 fected. With the plate still covered
 the same result would occur from light
 waves, such as proceed from the sun-
 light. A fair test is to expose an
 aluminium disk to their action. X rays
 penetrate this metal, and it is probable
 that heat waves and others can affect
 the photographic plate.

True to Their Training.

"Perhaps," remarks Harry Gilstrap,
 "the Oklahoma soldiers wouldn't have
 been good at swimming streams, but
 they would have 'soonered' their way
 into Caloocan"—Kansas City Journal

EXECUTOR'S SALE.

An Opportunity to Secure Val-
 uable Real Estate.

I will offer for sale, at public auction,

AUGUST 21st, 1899,

at 2 p. m., on the premises, the east part of
 lot number seven hundred and twenty-two
 (722) in Eliza M. Rigby's addition to the city
 of East Liverpool. Said part of said lot
 fronts forty-five feet (45) on Spring street,
 and extends back westwardly at right angles
 one hundred feet (100). Said property is ap-
 praised at one thousand seven hundred six-
 ty-six dollars and sixty-six cents and two-thirds
 cents (\$1,766.66 2/3), and cannot sell for less
 than two-thirds of said appraisement.
 Terms: Cash.

Mayor's New Charges Against Whan and Grim

MADE PUBLIC THIS AFTERNOON

Half a Score Saloons and Two Disorderly Houses Named in the Grim Case and the Accusations Against Whan Are Equally Specific—No Room For Complaint or Delay Now.

Mayor Bough, this afternoon, decided to make public his new charges against Suspended Officers Whan and Grim.

Although not compelled to make the charges any more specific than the former ones, the mayor considered that it might be best to take the public into his confidence and state exactly what had led him to again suspend these officers. As a result the new charges not alone specify dates, but give places and full details so that there can be no further objection or delay possible when the cases come before council. His Honor has now complied fully, completely and unreservedly with the demands of the council for the defense and the request of President Peach and council, although in no way required to do so by law. The result is a set of most interestingly specific charges that will be read with close attention.

PLENTY OF PLACES NAMED FOR GRIM.

The Mayor Is Obligingly Specific In His New Charges Against That Officer.

The new charges against Officer Grim bristle with names of places, saloons and loafing quarters where Grim is charged with resorting when he should have been elsewhere. The new charges follow:

THE STATE OF OHIO, Columbiana County. The Incorporated City of East Liverpool, ss.

Before me, the undersigned, clerk of said city, personally came Charles F. Bough, who, being duly sworn according to law, deposed and saith that one Arthur Grim, the said Arthur Grim being a member of the police force of the said city of East Liverpool, Ohio, from April 12, 1898, to May 24, 1899:

Saloons Are Named.

First—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 4th day of July, 1898, in the saloon of Joseph W. Geon, in the city of East Liverpool, Ohio.

Second—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 1st day of December, 1898, in the saloon of William E. Morrow, in the city of East Liverpool, Ohio.

Third—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 15th day of February, 1899, in the saloon of William Frank, in the city of East Liverpool, Ohio.

Fourth—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 3rd day of September, 1898, at the saloon of M. J. Cloran, in the city of East Liverpool, Ohio.

Fifth—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 30th day of December, 1898, in the saloon of Daniel Ritter, in the city of East Liverpool, Ohio.

Other Places Too.

Sixth—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 1st day of August, 1898, at a camp in West Virginia, opposite Walker.

Seventh—Did unlawfully enter and loaf and loiter about a house of prostitution, to-wit: The Davidson opera house, on or about the 1st day of March, 1899, in the city of East Liverpool, Ohio.

Eighth—Did unlawfully enter and loaf and loiter about a house of assignation, to-wit: Opposite the First National bank building, on or about the 15th day of August, 1898, and the 1st day of September, 1898, in the city of East Liverpool, Ohio.

Loafing Places.

Ninth—Was guilty of conduct unbecoming an officer in that the said Arthur Grim did loaf and loiter about premises where intoxicating liquors were sold or

Alum baking powders are the greatest menacers to health of the present day.

ROYAL BAKING POWDER CO., NEW YORK.

furnished at divers other times and places than those mentioned, during the period aforesaid, from April 12, 1898, to May 24, 1899, namely: On or about May 4, 1898, in the saloon of Wm. E. Morrow; on or about August 15, 1898, in the saloon of Joseph W. Geon; on or about Sept. 3, 1898, in the saloon of M. J. Cloran; on or about Sept. 21, 1898, at the National House saloon; on or about Oct. 1, 1898, in the saloon of Wm. E. Morrow; on or about Nov. 1st, 1898, in the saloon of Nick Murray; on or about Feb. 10, 1899, in the saloon of Nick Murray; on or about Dec. 1, 1898, in the Pittsburgh house saloon and in the saloon of William E. Morrow; on or about April 1, 1899, in the saloon of Aaron Guthrie; on or about April 15, 1899, in the saloon of Joseph W. Geon; on or about May 1, 1899, in the saloon of Joseph W. Geon; on or about May 10, 1899, in the saloon of Nick Murray, East Liverpool, Ohio.

Insubordinate Also.

Tenth—Did conduct himself in a manner unbecoming an officer, to-wit: Insubordination to his superior officer, to-wit: The mayor of the said city of East Liverpool, Ohio, the said Arthur Grim insisting upon exclusive day service for himself as an officer, causing dissatisfaction among the other officers of the police force, necessitating for them an unjust proportion of night service without their consent; and the said Arthur Grim was further insubordinate by denying, May 24, 1899, the authority of the complainant to suspend him from duty as an officer, insolently declaring to the complainant that he would decide for himself, and at his pleasure his suspension; that he is under no obligation whatever to the complainant; that he would not recognize the authority of the complainant by resigning to him if we were to resign; that his friends are very numerous compared with the very few of the complainant, and that the complainant had personally insulted him and his friends by presuming to compare him with Officer John Whan as a drinking man, contrary to the ordinance of said city in such cases made and provided.

CHARLES F. BOUGH.

Sworn to and subscribed before me this 25th day of July, A. D., 1899.

J. N. HANLEY, City Clerk.

NAMES THE PLACES WHERE WHAN WAS.

The Mayor Is Equally Specific In His New Charges Against the Other Officer.

The mayor's new charges against Officer Whan are equally specific in stating time and place. They are as follows:

THE STATE OF OHIO, Columbiana County. The Incorporated City of East Liverpool, ss.

Before me, the undersigned, clerk of the said city, personally came Charles F. Bough, who, being duly sworn according to law, deposed and saith that John Whan, being a member of the police force of the city of East Liverpool, Ohio, from April 12, 1898, to May 24, 1899:

Dates Are Given.

First—Did unlawfully drink liquor while on duty as an officer aforesaid on Sept. 17, 1898, in the city of East Liverpool, Ohio.

Second—Did unlawfully drink liquor while on duty as an officer aforesaid on March 7, 1899 in the city of East Liverpool, O.

Third—Did unlawfully drink liquor while on duty as an officer aforesaid on April 7, 1899, in the city of East Liverpool, O.

Fourth—Did unlawfully drink liquor while on duty as an officer aforesaid on April 29, 1899, in the city of East Liverpool, O.

Guilty of Gross Misconduct.

Fifth—Was guilty of gross miscon-

duct in that he was intoxicated while on duty as an officer aforesaid, in the city of East Liverpool, Ohio, on the dates mentioned in specifications one, two, three and four, aforesaid, and at the following places respectively, to-wit: At the Davidson opera house and at the Cleveland and Pittsburgh passenger depot, on Second street, and at city hall; at city hall, south side of Sixth street, between saloon of William E. Morrow and corner of Diamond; foot of Jefferson street on or near Cleveland and Pittsburgh railroad.

Sixth—Did unlawfully loaf and loiter about premises where intoxicating liquors are sold or furnished to-wit: The saloon of William Frank on or about the first day of December, 1898, in the city of East Liverpool, O., contrary to the ordinance of said city in such cases made and provided.

CHARLES F. BOUGH.

Sworn to and subscribed before me this 25th day of July, A. D., 1899.

J. N. HANLEY, City Clerk.

THE UNIFORM LIST.

Trenton Workmen Are Much Interested In This Absorbing Topic.

This week's Commoner and Glassworker has the following Trenton dispatch: The pottery workers of this city have not been as interested in anything for a long time as they are in the proposed new uniform scale, and the meetings to be held this week give promise of being largely attended. The pressers will meet Wednesday night. A large attendance of the jiggermen are expected at the meeting of that branch of the trade on Thursday night. Some of the latter do not think that the west ought to make the list for the eastern potteries, but of course that will all be discussed at the meetings. The main thing is to get them together and reason things out, and if possible suggest a more satisfactory way to arrange matters.

O'MARA SURE OF ALLEN

Says There Is No Doubt the Detroit Prisoner Is the Man Wanted.

Roger O'Mara, superintendent of the detective department of Pittsburg, writes that he has secured identification which is conclusive that the Davis arrested in Detroit is known in that city as Charles E. Boyd and C. E. Allen. He says that the delay in identification has been due to the fact that Boyd, or Allen, had no beard or mustache when there. The photograph when taken showed a week's growth of beard, which puzzled them for a time.

Allen's motion for a new trial will be argued Wednesday at Detroit.

SMITH

Is Still Among the Missing, but His Bondsmen Are Determined to Find Him.

"Have you heard from Smith?" is the question that is being asked Justice Mc Lane today, but the official is compelled to say that he has not. The bondsmen are determined that Smith shall return and stand trial and the slightest clues are being carefully investigated. This morning Bondsman Smith received a clue and at once notified Chief Johnson, who will follow it up.

A HORSE

Was Caught Thursday Evening by Officer White.

Thursday night Officer Frank White found a horse wandering along the Cleveland and Pittsburg railroad track about 15 minutes before the midnight train was due. The officer caught the animal and took it to the stable of John Rinehart and it proved to be one of his horses that had got out of the stable a short time before.

Amanda Smith, the wonderful colored evangelist, at Spring Grove, Sunday, July 30.

Men's suits, price ranging from \$3.48 to \$10, are special cut price at Joseph Bros.' clearance sale.

Pottery In Good Demand.

China, Glass and Lamps says: Pottery as a rule keeps in good demand, and sales during July show little decline over the previous months. Demand is regular and firm, and potters are preparing to meet still larger orders during August and September.

Amanda Smith, the wonderful colored evangelist, at Spring Grove, Sunday, July 30.

DEMOCRATS ARE QUIET

A New Central Committee Was Named Last Night.

IT WAS A HARMONIOUS SESSION

Delegates to the Convention at Wellsville, Next Tuesday, Were Named—M. E. Miskall Elected Permanent Chairman of the New Central Committee.

The Democrats of this city got together in council chamber last evening and held a very harmonious although interesting meeting. The convention was called to order at 8 o'clock by Chairman R. J. Meakin, who stated the object. After talking a short time, M. E. Miskall was elected permanent chairman.

Delegates to the county convention to be held in Wellsville next Tuesday were elected as follows:

J. J. Weisend, M. E. Miskall, W. S. Cook, J. H. Litmer, Joseph Riley, John C. Walsh, C. A. Ferguson, John W. Moore, Jr., R. J. Meakin, W. E. Morrow, Edward Cook.

Alternates—J. J. Kerr, M. W. Elliott, Lawrence Allison, George Lawton, I. P. Maley, John Weaver, James G. Green, C. A. Leiter, Walter Stewart, James Tracey, Frank Fisher.

The following were named as central committeemen, subject to the endorsement of the county convention.

First ward—W. H. Frederick, George Culbertson, M. W. Elliott, Walter Stewart, W. E. Morrow, J. J. Weisend, Harvey McHenry, I. P. Maley, J. M. Willison.

Second ward—J. S. Weaver, Edward Cook, J. H. Litmer, J. C. Walsh, Geo. S. Miller, B. McKinnon.

Third ward—Thomas Daugherty, Patrick Fennell, F. P. Williams, John Kerr, Jr., John W. Moore, Jr., M. E. Miskall.

Fourth ward—Joseph O. Riley, James H. Tracey, Frank Ikirt, Edward O'Hanlon, Frank Fisher, James McKinnon.

Township—R. J. Meakin, Peter McDevitt, R. W. Laughlin.

The following were elected as officers of the central committee: Chairman, M. E. Miskall; secretary, J. H. Litmer; treasurer, Walter Stewart.

The meeting then adjourned to meet at the call of the chairman.

IN MEMORIAM.

Resolutions of Respect In Memory of Brother John J. Kerrigan.

At a special meeting of Branch No. 73, C. M. B. A., held July 29, 1899, the following resolutions were adopted:

Whereas, It was with feelings of deep regret that Branch No. 73, C. M. B. A., learned of the death of Brother John J. Kerrigan, our late esteemed member; therefore, be it

Resolved, That we humbly submit to the decrees of Divine Providence in removing from our midst our brother member.

Resolved, That we extend to the family of the deceased our sympathy in this their hour of affliction, and that our charter be draped in mourning, out of respect for our departed brother.

Resolved, That a copy of these resolutions be printed in the local daily papers of East Liverpool, and a copy be sent to his widow and entered on the minutes of the branch.

Mayor's New Charges Against Whan and Grim

MADE PUBLIC THIS AFTERNOON

Half a Score Saloons and Two Disorderly Houses Named In the Grim Case and the Accusations Against Whan Are Equally Specific—No Room For Complaint or Delay Now.

Mayor Bough, this afternoon, decided to make public his new charges against Suspended Officers Whan and Grim. Although not compelled to make the charges any more specific than the former ones, the mayor considered that it might be best to take the public into his confidence and state exactly what had led him to again suspend these officers. As a result the new charges not alone specify dates, but give places and full details so that there can be no further objection or delay possible when the cases come before council. His Honor has now complied fully, completely and unreservedly with the demands of the counsel for the defense and the request of President Peach and council, although in no way required to do so by law. The result is a set of most interestingly specific charges that will be read with close attention.

PLENTY OF PLACES NAMED FOR CRIM.

The Mayor Is Obliging Specific In His New Charges Against That Officer.

The new charges against Officer Grim bristle with names of places, saloons and loafing quarters where Grim is charged with resorting when he should have been elsewhere. The new charges follow:

THE STATE OF OHIO, Columbiana County. The Incorporated City of East Liverpool, ss.

Before me, the undersigned, clerk of said city, personally came Charles F. Bough, who, being duly sworn according to law, depose and saith that one Arthur Grim, the said Arthur Grim being a member of the police force of the said city of East Liverpool, Ohio, from April 12, 1898, to May 24, 1899:

Saloons Are Named.
First—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 4th day of July, 1898, in the saloon of Joseph W. Geon, in the city of East Liverpool, Ohio.

Second—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 1st day of December, 1898, in the saloon of William E. Morrow, in the city of East Liverpool, Ohio.

Third—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 15th day of February, 1899, in the saloon of William Frank, in the city of East Liverpool, Ohio.

Fourth—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 3rd day of September, 1898, at the saloon of M. J. Cloran, in the city of East Liverpool, Ohio.

Fifth—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 30th day of December, 1898, in the saloon of Daniel Ritter, in the city of East Liverpool, Ohio.

Other Places Too.
Sixth—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 1st day of August, 1898, at a camp in West Virginia, opposite Walker.

Seventh—Did unlawfully enter and loaf and loiter about a house of prostitution, to-wit: The Davidson opera house, on or about the 1st day of March, 1899, in the city of East Liverpool, Ohio.

Eighth—Did unlawfully enter and loaf and loiter about a house of assignation, to-wit: Opposite the First National bank building, on or about the 15th day of August, 1898, and the 1st day of September, 1898, in the city of East Liverpool, Ohio.

Loafing Places.
Ninth—Was guilty of conduct unbecoming an officer in that the said Arthur Grim did loaf and loiter about premises where intoxicating liquors were sold or

ROYAL Baking Powder

Alum baking powders are the greatest menacers to health of the present day.

ROYAL BAKING POWDER CO., NEW YORK.

furnished at divers other times and places than those mentioned, during the period aforesaid, from April 12, 1898, to May 24, 1899, namely: On or about May 4, 1898, in the saloon of Wm. E. Morrow; on or about August 15, 1898, in the saloon of Joseph W. Geon; on or about Sept. 3, 1898, in the saloon of M. J. Cloran; on or about Sept. 21, 1898, at the National House saloon; on or about Oct. 1, 1898, in the saloon of Wm. E. Morrow; on or about Nov. 1st, 1898, in the saloon of Nick Murray; on or about Feb. 10, 1899, in the saloon of Nick Murray; on or about Dec. 1, 1898, in the Pittsburgh house saloon and in the saloon of William E. Morrow; on or about April 1, 1899, in the saloon of Aaron Guthrie; on or about April 15, 1899, in the saloon of Joseph W. Geon; on or about May 1, 1899, in the saloon of Joseph W. Geon; on or about May 10, 1899, in the saloon of Nick Murray, East Liverpool, Ohio.

Insubordinate Also.
Tenth—Did conduct himself in a manner unbecoming an officer, to-wit: Insubordination to his superior officer, to-wit: The mayor of the said city of East Liverpool, Ohio, the said Arthur Grim insisting upon exclusive day service for himself as an officer, causing dissatisfaction among the other officers of the police force, necessitating for them an unjust proportion of night service without their consent; and the said Arthur Grim was further insubordinate by denying, May 24, 1899, the authority of the complainant to suspend him from duty as an officer, insolently declaring to the complainant that he would decide for himself, and at his pleasure his suspension; that he is under no obligation whatever to the complainant; that he would not recognize the authority of the complainant by resigning to him if we were to resign; that his friends are very numerous compared with the very few of the complainant, and that the complainant had personally insulted him and his friends by presuming to compare him with Officer John Whan as a drinking man, contrary to the ordinance of said city in such cases made and provided.

CHARLES F. BOUGH.
Sworn to and subscribed before me this 25th day of July, A. D., 1899.
J. N. HANLEY,
City Clerk.

NAMES THE PLACES WHERE WHAN WAS.

The Mayor Is Equally Specific In His New Charges Against the Other Officer.

The mayor's new charges against Officer Whan are equally specific in stating time and place. They are as follows:

THE STATE OF OHIO, Columbiana County. The Incorporated City of East Liverpool, ss.

Before me, the undersigned, clerk of the said city, personally came Charles F. Bough, who, being duly sworn according to law, depose and saith that John Whan, being a member of the police force of the city of East Liverpool, Ohio, from April 12, 1898, to May 24, 1899:

Dates Are Given.
First—Did unlawfully drink liquor while on duty as an officer aforesaid on Sept. 17, 1898, in the city of East Liverpool, Ohio.

Second—Did unlawfully drink liquor while on duty as an officer aforesaid on March 7, 1899 in the city of East Liverpool, O.

Third—Did unlawfully drink liquor while on duty as an officer aforesaid on April 7, 1899, in the city of East Liverpool, O.

Fourth—Did unlawfully drink liquor while on duty as an officer aforesaid on April 29, 1899, in the city of East Liverpool, O.

Guilty of Gross Misconduct.
Fifth—Was guilty of gross miscon-

duct in that he was intoxicated while on duty as an officer aforesaid, in the city of East Liverpool, Ohio, on the dates mentioned in specifications one, two, three and four, aforesaid, and at the following places respectively, to-wit: At the Davidson opera house and at the Cleveland and Pittsburg passenger depot, on Second street, and at city hall; at city hall, south side of Sixth street, between saloon of William E. Morrow and corner of Diamond; foot of Jefferson street on or near Cleveland and Pittsburg railroad.

Sixth—Did unlawfully loaf and loiter about premises where intoxicating liquors are sold or furnished to-wit: The saloon of William Frank on or about the first day of December, 1898, in the city of East Liverpool, O., contrary to the ordinance of said city in such cases made and provided.

CHARLES F. BOUGH.
Sworn to and subscribed before me this 25th day of July, A. D., 1899.
J. N. HANLEY,
City Clerk.

THE UNIFORM LIST. Trenton Workmen Are Much Interested In This Absorbing Topic.

This week's Commoner and Glassworker has the following Trenton dispatch: The pottery workers of this city have not been as interested in anything for a long time as they are in the proposed new uniform scale, and the meetings to be held this week give promise of being largely attended. The pressers will meet Wednesday night. A large attendance of the jiggermen are expected at the meeting of that branch of the trade on Thursday night. Some of the latter do not think that the west ought to make the list for the eastern potteries, but of course that will all be discussed at the meetings. The main thing is to get them together and reason things out, and if possible suggest a more satisfactory way to arrange matters.

O'MARA SURE OF ALLEN

Says There Is No Doubt the Detroit Prisoner Is the Man Wanted.

Roger O'Mara, superintendent of the detective department of Pittsburg, writes that he has secured identification which is conclusive that the Davis arrested in Detroit is known in that city as Charles E. Boyd and C. E. Allen. He says that the delay in identification has been due to the fact that Boyd, or Allen, had no beard or mustache when there. The photograph when taken showed a week's growth of beard, which puzzled them for a time.

Allen's motion for a new trial will be argued Wednesday at Detroit.

SMITH Is Still Among the Missing, but His Bondsmen Are Determined to Find Him.

"Have you heard from Smith?" is the question that is being asked Justice McLane today, but the official is compelled to say that he has not. The bondsmen are determined that Smith shall return and stand trial and the slightest clues are being carefully investigated. This morning Bondsman Smith received a clue and at once notified Chief Johnson, who will follow it up.

A HORSE

Was Caught Thursday Evening by Officer White.

Thursday night Officer Frank White found a horse wandering along the Cleveland and Pittsburg railroad track about 15 minutes before the midnight train was due. The officer caught the animal and took it to the stable of John Rinehart and it proved to be one of his horses that had got out of the stable a short time before.

DEMOCRATS ARE QUIET

A New Central Committee Was Named Last Night.

IT WAS A HARMONIOUS SESSION

Delegates to the Convention at Wellsville, Next Tuesday, Were Named—M. E. Miskall Elected Permanent Chairman of the New Central Committee.

The Democrats of this city got together in council chamber last evening and held a very harmonious although interesting meeting. The convention was called to order at 8 o'clock by Chairman R. J. Meakin, who stated the object. After talking a short time, M. E. Miskall was elected permanent chairman.

Delegates to the county convention to be held in Wellsville next Tuesday were elected as follows:

J. J. Weisend, M. E. Miskall, W. S. Cook, J. H. Litmer, Joseph Riley, John C. Walsh, C. A. Ferguson, John W. Moore, Jr., R. J. Meakin, W. E. Morrow, Edward Cook.

Alternates—J. J. Kerr, M. W. Elliott, Lawrence Allison, George Lawton, I. P. Maley, John Weaver, James G. Green, C. A. Leiter, Walter Stewart, James Tracey, Frank Fisher.

The following were named as central committeemen, subject to the endorsement of the county convention.

First ward—W. H. Frederick, George Culbertson, M. W. Elliott, Walter Stewart, W. E. Morrow, J. J. Weisend, Harvey McHenry, I. P. Maley, J. M. Willison.

Second ward—J. S. Weaver, Edward Cook, J. H. Litmer, J. C. Walsh, Geo. S. Miller, B. McKinnon.

Third ward—Thomas Daugherty, Patrick Fennell, F. P. Williams, John Kerr, Jr., John W. Moore, Jr., M. E. Miskall.

Fourth ward—Joseph O. Riley, James H. Tracey, Frank Ikirt, Edward O'Hanlon, Frank Fisher, James McKinnon.

Township—R. J. Meakin, Peter McDavitt, R. W. Laughlin.

The following were elected as officers of the central committee: Chairman, M. E. Miskall; secretary, J. H. Litmer; treasurer, Walter Stewart.

The meeting then adjourned to meet at the call of the chairman.

IN MEMORIAM.

Resolutions of Respect In Memory of Brother John J. Kerrigan.

At a special meeting of Branch No. 73, C. M. B. A., held July 29, 1899, the following resolutions were adopted:

Whereas, It was with feelings of deep regret that Branch No. 73, C. M. B. A., learned of the death of Brother John J. Kerrigan, our late esteemed member; therefore, be it

Resolved, That we humbly submit to the decrees of Divine Providence in removing from our midst our brother member.

Resolved, That we extend to the family of the deceased our sympathy in this their hour of affliction, and that our charter be draped in mourning, out of respect for our departed brother.

Resolved, That a copy of these resolutions be printed in the local daily papers of East Liverpool, and a copy be sent to his widow and entered on the minutes of the branch.

GIVES DATES, PLACES, AND FULL DETAILS.

Mayor's New Charges Against
Whan and Grim

MADE PUBLIC THIS AFTERNOON

Half a Score Saloons and Two Disorderly
Houses Named In the Grim Case and the
Accusations Against Whan Are Equally
Specific—No Room For Complaint or
Delay Now.

Mayor Bough, this afternoon, decided
to make public his new charges against
Suspended Officers Whan and Grim.

Although not compelled to make the
charges any more specific than the
former ones, the mayor considered that
it might be best to take the public into
his confidence and state exactly what had
led him to again suspend these officers.
As a result the new charges not alone
specify dates, but give places and full
details so that there can be no further
objection or delay possible when the
cases come before council. His Honor
has now complied fully, completely and
unreservedly with the demands of the
council for the defense and the request
of President Peach and council, although
in no way required to do so by law.
The result is a set of most interestingly
specific charges that will be read with
close attention.

PLENTY OF PLACES NAMED FOR GRIM.

The Mayor Is Obligingly Specific
In His New Charges Against
That Officer.

The new charges against Officer Grim
bristle with names of places, saloons and
loafing quarters where Grim is charged
with resorting when he should have
been elsewhere. The new charges follow:

THE STATE OF OHIO,
Columbiana County,
The Incorporated City of East
Liverpool.

Before me, the undersigned, clerk of
said city, personally came Charles F.
Bough, who, being duly sworn accord-
ing to law, depose and saith that one
Arthur Grim, the said Arthur Grim be-
ing a member of the police force of the
said city of East Liverpool, Ohio, from
April 12, 1898, to May 24, 1899:

Saloons Are Named.

First—Did unlawfully drink liquor
while on duty as an officer aforesaid, on
or about the 4th day of July, 1898, in the
saloon of Joseph W. Geon, in the city of
East Liverpool, Ohio.

Second—Did unlawfully drink liquor
while on duty as an officer aforesaid,
on or about the 1st day of December,
1898, in the saloon of William E. Mor-
row, in the city of East Liverpool, Ohio.

Third—Did unlawfully drink liquor
while on duty as an officer aforesaid, on
or about the 15th day of February, 1899,
in the saloon of William Frank, in the
city of East Liverpool, Ohio.

Fourth—Did unlawfully drink liquor
while on duty as an officer aforesaid,
on or about the 3rd day of September,
1898, at the saloon of M. J. Cloran, in
the city of East Liverpool, Ohio.

Fifth—Did unlawfully drink liquor
while on duty as an officer aforesaid, on
or about the 30th day of December, 1898,
in the saloon of Daniel Ritter, in the
city of East Liverpool, Ohio.

Other Places Too.

Sixth—Did unlawfully drink liquor
while on duty as an officer aforesaid, on
or about the 1st day of August, 1898, at
a camp in West Virginia, opposite
Walker.

Seventh—Did unlawfully enter and
loaf and loiter about a house of prostitu-
tion, to-wit: The Davidson opera house,
on or about the 1st day of March, 1899,
in the city of East Liverpool, Ohio.

Eighth—Did unlawfully enter and
loaf and loiter about a house of assigna-
tion, to-wit: Opposite the First National
bank building, on or about the 15th day
of August, 1898, and the 1st day of
September, 1898, in the city of East
Liverpool, Ohio.

Loafing Places.

Ninth—Was guilty of conduct unbe-
coming an officer in that the said Arthur
Grim did loaf and loiter about premises
where intoxicating liquors were sold or

ROYAL Baking Powder

Made from pure
cream of tartar.

Safeguards the food
against alum.

Alum baking powders are the greatest
menacers to health of the present day.

ROYAL BAKING POWDER CO., NEW YORK.

furnished at divers other times and
places than those mentioned, during the
period aforesaid, from April 12, 1898, to
May 24, 1899, namely: On or about
May 4, 1898, in the saloon of Wm. E.
Morrow; on or about August 15, 1898, in
the saloon of Joseph W. Geon; on or
about Sept. 3, 1898, in the saloon of M.
J. Cloran; on or about Sept. 21, 1898, at
the National House saloon; on or about
Oct. 1, 1898, in the saloon of Wm. E.
Morrow; on or about Nov. 1st, 1898, in
the saloon of Nick Murray; on or about
Feb. 10, 1899, in the saloon of Nick
Murray; on or about Dec. 1, 1898, in the
Pittsburg house saloon and in the
saloon of William E. Morrow; on or
about April 1, 1899, in the saloon of
Aaron Guthrie; on or about April 15,
1899, in the saloon of Joseph W. Geon;
on or about May 1, 1899, in the saloon of
Joseph W. Geon; on or about May 10,
1899, in the saloon of Nick Murray, East
Liverpool, Ohio.

Insubordinate Also.

Tenth—Did conduct himself in a
manner unbecoming an officer, to-wit:
Insubordination to his superior officer,
to-wit: The mayor of the said city of
East Liverpool, Ohio, the said Arthur
Grim insisting upon exclusive day ser-
vice for himself as an officer, causing dis-
satisfaction among the other officers of
the police force, necessitating for them
an unjust proportion of night service
without their consent; and the said
Arthur Grim was further insubordinate
by denying, May 24, 1899, the authority
of the complainant to suspend him from
duty as an officer, insolently declaring
to the complainant that he would
decide for himself, and at his
pleasure his suspension; that he is under
no obligation whatever to the complain-
ant; that he would not recognize the
authority of the complainant by resign-
ing to him if we were to resign; that
his friends are very numerous compared
with the very few of the complainant,
and that the complainant had personally
insulted him and his friends by presum-
ing to compare him with Officer John
Whan as a drinking man, contrary to
the ordinance of said city in such cases
made and provided.

CHARLES F. BOUGH.

Sworn to and subscribed before me
this 25th day of July, A. D., 1899.

J. N. HANLEY,
City Clerk.

NAMES THE PLACES WHERE WHAN WAS.

The Mayor Is Equally Specific In
His New Charges Against
the Other Officer.

The mayor's new charges against
Officer Whan are equally specific in
stating time and place. They are as
follows:

THE STATE OF OHIO,
Columbiana County,
The Incorporated City of East
Liverpool.

Before me, the undersigned, clerk of
the said city, personally came Charles
F. Bough, who, being duly sworn ac-
cording to law, depose and saith that
John Whan, being a member of the po-
lice force of the city of East Liverpool,
Ohio, from April 12, 1898, to May 24,
1899:

Dates Are Given.

First—Did unlawfully drink liquor
while on duty as an officer aforesaid on
Sept. 17, 1898, in the city of East Liver-
pool, Ohio.

Second—Did unlawfully drink liquor
while on duty as an officer aforesaid on
March 7, 1899 in the city of East Liver-
pool, O.

Third—Did unlawfully drink liquor
while on duty as an officer aforesaid on
April 7, 1899, in the city of East Liver-
pool, O.

Fourth—Did unlawfully drink liquor
while on duty as an officer aforesaid on
April 29, 1899, in the city of East Liver-
pool, O.

Guilty of Gross Misconduct.

Fifth—Was guilty of gross miscon-

duct in that he was intoxicated while on
duty as an officer aforesaid, in the city
of East Liverpool, Ohio, on the dates
mentioned in specifications one, two,
three and four, aforesaid, and at the
following places respectively, to-wit:
At the Davidson opera house and at the
Cleveland and Pittsburg passenger de-
pot, on Second street, and at city hall;
at city hall, south side of Sixth street,
between saloon of William E. Morrow
and corner of Diamond; foot of Jeffer-
son street on or near Cleveland and
Pittsburg railroad.

Sixth—Did unlawfully loaf and loiter
about premises where intoxicating
liquors are sold or furnished to-wit:
The saloon of William Frank on or
about the first day of December, 1898, in
the city of East Liverpool, O., contrary
to the ordinance of said city in such
cases made and provided.

CHARLES F. BOUGH.

Sworn to and subscribed before me
this 25th day of July, A. D., 1899.

J. N. HANLEY,
City Clerk.

THE UNIFORM LIST.

Trenton Workmen Are Much
Interested In This Ab-
sorbing Topic.

This week's Commoner and Glass-
worker has the following Trenton dis-
patch: The pottery workers of this
city have not been as interested in any-
thing for a long time as they are in the
proposed new uniform scale, and the
meetings to be held this week give
promise of being largely attended. The
pressers will meet Wednesday night. A
large attendance of the jiggermen are
expected at the meeting of that branch
of the trade on Thursday night. Some
of the latter do not think that the west
ought to make the list for the eastern
potteries, but of course that will all be
discussed at the meetings. The main
thing is to get them together and reason
things out, and if possible suggest a
more satisfactory way to arrange mat-
ters.

O'MARA SURE OF ALLEN

Says There Is No Doubt the
Detroit Prisoner Is the Man
Wanted.

Roger O'Mara, superintendent of the
detective department of Pittsburg,
writes that he has secured identification
which is conclusive that the Davis ar-
rested in Detroit is known in that city
as Charles E. Boyd and C. E. Allen.
He says that the delay in identification
has been due to the fact that Boyd, or
Allen, had no beard or mustache when
there. The photograph when taken
showed a week's growth of beard, which
puzzled them for a time.

Allen's motion for a new trial will be
argued Wednesday at Detroit.

SMITH

Is Still Among the Missing, but
His Bondsmen Are Deter-
mined to Find Him.

"Have you heard from Smith?" is the
question that is being asked Justice Mc-
Lane today, but the official is com-
pelled to say that he has not. The
bondsmen are determined that Smith
shall return and stand trial and the
slightest clues are being carefully in-
vestigated. This morning Bondsman Smith
received a clue and at once notified
Chief Johnson, who will follow it up.

A HORSE

Was Caught Thursday Evening by Officer
White.

Thursday night Officer Frank White
found a horse wandering along the
Cleveland and Pittsburg railroad track
about 15 minutes before the midnight
train was due. The officer caught the
animal and took it to the stable of John
Rinehart and it proved to be one of his
horses that had got out of the stable a
short time before.

DEMOCRATS ARE QUIET

A New Central Committee Was
Named Last Night.

IT WAS A HARMONIOUS SESSION

Delegates to the Convention at Wellsville,
Next Tuesday, Were Named—M. E. Mis-
kall Elected Permanent Chairman of the
New Central Committee.

The Democrats of this city got to-
gether in council chamber last evening
and held a very harmonious although
interesting meeting. The convention
was called to order at 8 o'clock by Chair-
man R. J. Meakin, who stated the ob-
ject. After talking a short time, M. E.
Miskall was elected permanent chair-
man.

Delegates to the county convention to
be held in Wellsville next Tuesday were
elected as follows:

J. J. Weisend, M. E. Miskall, W. S.
Cook, J. H. Litmer, Joseph Riley, John
C. Walsh, C. A. Ferguson, John W.
Moore, Jr., R. J. Meakin, W. E. Mor-
row, Edward Cook.

Alternates—J. J. Kerr, M. W. Elliott,
Lawrence Allison, George Lawton, I.
P. Maley, John Weaver, James G.
Green, C. A. Leiter, Walter Stewart,
James Tracey, Frank Fisher.

The following were named as central
committeemen, subject to the endorse-
ment of the county convention.

First ward—W. H. Frederick, George
Culbertson, M. W. Elliott, Walter Ste-
wart, W. E. Morrow, J. J. Weisend,
Harvey McHenry, I. P. Maley, J. M.
Willison.

Second ward—J. S. Weaver, Edward
Cook, J. H. Litmer, J. C. Walsh, Geo.
S. Miller, B. McKinnon.

Third ward—Thomas Daugherty,
Patrick Fennell, F. P. Williams, John
Kerr, Jr., John W. Moore, Jr., M. E.
Miskall.

Fourth ward—Joseph O. Riley, James
H. Tracey, Frank Ikirt, Edward O'Han-
lon, Frank Fisher, James McKinnon.

Township—R. J. Meakin, Peter Mc-
Devitt, R. W. Laughlin.

The following were elected as officers
of the central committee: Chairman,
M. E. Miskall; secretary, J. H. Litmer;
treasurer, Walter Stewart.

The meeting then adjourned to meet
at the call of the chairman.

IN MEMORIAM.

Resolutions of Respect In Mem-
ory of Brother John J.
Kerrigan.

At a special meeting of Branch No.
73, C. M. B. A., held July 29, 1899, the
following resolutions were adopted:

Whereas, It was with feelings of deep
regret that Branch No. 73, C. M. B. A.,
learned of the death of Brother John J.
Kerrigan, our late esteemed member;
therefore, be it

Resolved, That we humbly submit to
the decrees of Divine Providence in re-
moving from our midst our brother
member.

Resolved, That we extend to the fam-
ily of the deceased our sympathy in this
their hour of affliction, and that our
charter be draped in mourning, out of
respect for our departed brother.

Resolved, That a copy of these resolu-
tions be printed in the local daily pa-
pers of East Liverpool, and a copy be
sent to his widow and entered on the
minutes of the branch.

city the guest of Mrs. N. P. Jackman.
Reverend and Mrs. Huffer are spending
their vacation in Hillsdale, Mich. They
were both very ill last winter and it was
thought they would not recover.

VOLCANO IN ERUPTION.

Mauna Loa Threatens to Destroy City of Hilo.

BLAZING STREAMS OF LAVA.

Three Are Coursing Down the Mountain Side, Sending Up Sheets of Flame—Outbreak Began With an Explosion, and It Is the First in Eighteen Years.

The great crater of Moku Weewo, on the peak of Mauna Loa, island of Hawaii, has broken into active eruption, according to advices by the America Maru, which recently arrived at San Francisco, and a lava flow, throwing the mountains of fire into the air to the height of hundreds of feet, has started down the mountain side toward the city of Hilo. This flow is apparently following the track of the old flow, which in 1881 reached the outskirts of the city. There are two other flows, one down the Kau side of the peak toward the sea, threatening the coffee plantations and thousands of acres of sugar land on that side, says the New York Herald.

The whole summit of Mauna Loa seems to be crowned with fire, flaming at night like a majestic torch. From the outskirts of Hilo fountains of fire 800 and 1,000 feet high can be seen with opera glasses. Writing from the Volcano House of the beginning of the eruption, Mrs. May C. Beckley, a resident of Honolulu, says:

"At quarter past 4 o'clock on the morning of the Fourth of July there was a terrible explosion, which made the island rock, and the manager of the hotel came to tell us that Moku Weewo was in eruption. The flow of lava could be plainly seen from here. It has left the crater and divided into two streams, one going down the Kau side and the other toward Hilo. It runs very rapidly, throwing up jets of fire and molten lava sometimes to a height of 1,000 feet. Kilauea does not show so much smoke since the larger crater has broken out."

This is the first time in 18 years that the great crater of Mauna Loa has shown signs of activity. The present eruption promises to be the most notable in the recent history of the mountain, and the damage done will be almost incalculable. Already Hilo is threatened, and the Volcano House is right in the track of the lava flow. If some agency does not turn the fiery flood, no power can save the historic hotel. All about the base of the Mauna Loa, too, are canefields and coffee plantations, and these the burning lava will lick up in its course.

The America Maru left Honolulu on July 13. On the Sunday before the steamer Kilauea arrived from Hilo with news of the eruption. The Hilo Tribune gave this account: "The eruption was first noticed at the Volcano House early on the morning of July 4. The patrons at the hotel were awakened by a tremendous explosion and, on making their way to the veranda, witnessed one of the grandest sights ever seen. The outbreak took place on the side of Mauna Loa at an elevation of about 10,000 feet and in about the same place as where issued the flow of 1880-1.

"Two immense fountains of lava were forced into the air to an elevation of many hundreds of feet, and from the constant overflow from the crater there were soon formed three lava streams (it was at first reported that only two had been seen), which are now slowly making their way down the mountain side toward the sea. The rapidity of the movements of these streams, flowing in different directions, is dependent entirely upon the inequalities of the ground over which they must pass. The smallest flow is in the direction of Kilauea and is now about 25 miles distant from the Volcano House. What is apparently the second flow in size is on the Hilo side and, as nearly as can be determined, will take about the same course toward the town as the Wailuku river.

"The third and, to all appearances, the largest flow has taken its way toward the Kau side. This is the largest stream ever seen on the island and of the three streams is moving most rapidly. The eruption shows no sign of abatement, and the sight by night is one of appalling grandeur. At the Volcano House lights are not required at night, and the country for miles around is brilliantly illuminated."

The steamer Upolu reached Honolulu on July 12, bringing Hilo news to the 10th. A letter says: "The lava from Mauna Loa continues to advance without any diminution in force. As far as we can learn, it is still uncertain what course the flow will take. It may go to Kau, Olaa and Hilo by way of the 1881 flow or to Kihalo by way of the 1859 flow. Past history shows that flows from the summit are strong and reach a long way. Latest advices show that the flow on the Hilo side has reached a point near or below the Humuila sheep station. This information comes by telephone from the station. If it is correct—and there is no

reason to doubt its accuracy—the course of the flow must be direct to Hilo."

The Upolu brought word that a second outbreak had occurred on the Kau side of Mauna Loa at about the same altitude as on the Hilo side.

SINGULAR FISH CRADLES.

A Father Fish Who Hatches His Young in His Mouth.

In the Nile there is a singular fish that has been known from early Bible times. It is dedicated to the Apostle Simon or Peter, is known as Tilapia Simonis and is especially common in Palestine and the sea or lake of Tiberius. Nearly all these fishes have a singular method of caring for their young. At the time of spawning the mother fish forms a little nest among the reeds and rushes, in which she deposits perhaps 200 green eggs, about the size of shot, which she immediately deserts. Curiously enough, in all the thousands of fishes but three or four instances are known where the mother displays any affection for her young or remains by them.

The father stations himself by the nest and presently appears to be dining upon the eggs, but if he is carefully watched it will be seen that he is taking them into his mouth with the greatest care and not swallowing them. They are lodged in what corresponds to the cheeks and held there. The eggs soon hatch, the little fishes grow and the countenance of Mr. Tilapia becomes greatly swollen and puffed out of all semblance to his former self. He cannot begin to close his mouth and presents a most extraordinary appearance.

To accommodate and protect the growing family the fish submits to great inconvenience and only permits them to escape when it is a physical impossibility to hold them any longer. At this time the father will undergo severe treatment rather than relinquish his progeny. He has been thrown out upon the beach, but still clings to his charge, even during his death struggles. Many of the young remain in this singular cradle until they are four inches in length.—Philadelphia Inquirer.

MAY FIRES.

An Ancient Scotch Custom Which Once Involved Human Sacrifice.

Sir John Sinclair's "Statistical Account of Scotland" contains notices of many old customs, which still continued to be observed in the Highlands, though they were even then fast dying out. From the eleventh volume of that great work, which was published in 1791 and the succeeding years, we learn, on the authority of the minister of Callander, Perthshire, that the boys of the township assembled in a body upon the moors on May day, and proceeded to dig a circular trench, leaving the soil in the center undisturbed, so as to form a low table of green turf, sufficient in size to accommodate the whole party.

They lighted a fire and prepared a custard of milk and eggs, and a large oatmeal cake, which they baked upon a stone placed in the embers. When they had eaten the custard, they divided the cake into as many equal portions as there were persons in the assembly and daubed one of those pieces with charcoal until it was perfectly black. They then placed all the pieces of cake together in a bonnet, and each in turn drew one blindfolded, the holder of the bonnet being entitled to the last piece. The boy who drew the blackened portion was destined to be sacrificed and was compelled to leap three times through the flames.

Although the ceremony had degenerated into a mere pastime for boys, it is evident that it must once upon a time have involved the actual sacrifice of a human being, in order to render the coming summer fruitful.—Gentleman's Magazine.

A Wonderful Book.

The Chinese Almanac is the most largely circulated publication in the world, the copies printed and sold yearly reaching several millions. It is printed at Peking and is a monopoly of the emperor, no other almanac being permitted to be sold in that country. Although containing reliable astronomical information, its chief mission is to give full and accurate information for selecting lucky places for performing all the acts, great and small, of everyday life. And as every act of life in China, however trivial, depends for its success on the time in which and the direction (point of compass) toward which it is done, it is of the utmost importance that every one should have correct information at all times available to enable him so to order his life as to avoid bad luck and calamity and secure good luck and prosperity. So great is the native faith in its infallibility that not long since the Chinese minister to Germany refused to sail on a day which had been appointed because it was declared in the almanac to be unlucky.—Cincinnati Enquirer.

In ancient times and among inland peoples the possession of a salt spring was regarded as a special gift of the gods. The Chaonians in Epirus had one which flowed into a stream where there were no fish, and the legend was that Heracles had allowed their forefathers to have salt instead of fish.

Dewey's Comin Home.

From Maine to California throughout our mighty land

There's somethin' agitatin' us a child could understand—

A patriotic sentiment as strong an warm an true

As ever cheered the heart of man an thrilled it through an through.

No partisan or race or creed, or low or upper crust,

Can gather in this feelin' an control it with a trust,

An pretty soon, from mine pit up to heaven's distant dome,

That pent up feelin' will explode—for Dewey's comin home.

There's never been an admiral who had a better way

Of taking up an argument an settlin' it to stay.

For when his side has had its say—his broadside, in a word—

The opposition argument is very seldom heard:

You never hear him quibble, an he never hesitates

When he is makin' history for the United States.

Oh, talk of cheerin' Caesar once upon a time in Rome!

We'll knock that cheerin' galley west—for Dewey's comin home.

He's modest as they make 'em, an there's no one charges that

Since he has won his victories he wears a bigger hat.

He's had all kinds of trials, an there's no one ever said

That he was ever rattled or he ever lost his head.

No wonder that his countrymen will swear that he's about

As perfect an American as ever was ground out.

So, hurry up, Olympia, an churn the briny foam.

An everybody whoop 'er up—for Dewey's comin home.

—Dave Florence in Chicago Times-Herald.

GOLD TEETH NOT ALL GOLD.

Often Are Removable Shells, Worn to Make a Show.

"I'd hate to pay that woman's dentist bills," said a business man to a friend on a South Side L train the other day. Across the aisle from the men was a woman who showed enough gold every time she opened her mouth to make a man want to leave home and try his fortunes in the Klondike. Two of her upper teeth had been replaced by pieces of burnished metal, and one of her lower teeth also had a 22 carat sheen about it. Her companion had only one gold tooth, but she kept it doing the work of three by a constant smile.

"That's another case of the old adage, 'All that glitters is not gold,'" said the business man's friend. "One of the dental novelties makes gold teeth possible to any one at a small cost and without even sacrificing a healthy incisor to make room for the metal. For a quarter you can get a shell that can be stuck over any front tooth, and with an excuse to smile you can present a regular gold mine to the astonished public.

"Actresses first affected the gold tooth, and then the Yankee man got an idea. In a short time there was an epidemic of gold teeth. The novelty man came out with his plated shells and sold them like hot cakes. No one but the dentist has any kick against the imitation gold tooth, and as a dazler it is hard to beat. That woman's teeth may be the real stuff, but I believe she can slip them off when she wants to and get them plated when they get tarnished."—Chicago Inter Ocean.

C. M. B. A. AT ROCK POINT.

Reunion of Branches Will Be Fittingly Celebrated by Athletics, Dancing, Etc.

Wednesday, August 9, the 1899 reunion of the Catholic Mutual Benefit association under direction of Western Pennsylvania Advisory Council, will be held at Rock Point, the pretty mountain grove on the Pennsylvania lines. The C. M. B. A. outing invariably attracts thousands who enjoy the day, listen to sweet music, roam among the shady dells of the placid Connoquenessing where balmy breezes and rest are always friends, see the games for which valuable prizes will be offered the winners, and assist in the general merry-making. All C. M. B. A. men will be eligible to take part in the games. Delegations are arranging to go from Mingo, Steubenville, Toronto, Wellsville and East Liverpool. Fare 75 cents round trip. Special train will leave Wellsville 8 a. m., East Liverpool 8:15 a. m., central time; returning leave Rock Point at a very reasonable hour. *

New Sunday Trains.

Under new schedule taking effect on Pennsylvania lines, O. & P. division, Sunday, July 23, a new train will be run regularly on Sundays between Pittsburg, East Liverpool, Steubenville and Bellaire. The train will leave Pittsburg union station 7:10 a. m., central time, arrive East Liverpool 9:02 a. m., Steubenville 10:06 a. m., Bellaire 11:15 a. m., central time; returning leave Bellaire 1 p. m., East Liverpool 3:07 p. m. *

Change in Time of Trains.

Under a new schedule in effect July 23, passenger trains over the Pennsylvania lines leave East Liverpool station as follows: For the east, daily, 4:01, 6:37, 11:15 a. m.; 3:10, 7:00 p. m.; 3:07 p. m., Sunday only. For the west, daily, 12:33, 7:20, 9:06 a. m.; 2:49, 6:14; 9:02 a. m., Sunday only. For particular information on the subject apply to A. Hill, ticket agent. *

The News Review for news.

Vacation Trips.

The Pennsylvania lines extend direct to places of summer sojourn along the Atlantic Ocean. Atlantic City, Cape May, Asbury Park Long Branch and resorts on the New Jersey coast are seashore terminals of the Pennsylvania system. Newport, Narragansett and summer havens in New England are reached over the Pennsylvania route via New York. The Adirondacks, White Mountains, Catskills and mountain retreats of the east are also reached through New York. Resorts in the Alleghenies are located upon the Pennsylvania route and may be reached via Pittsburg without changing cars. The Pennsylvania lines also lead to resorts in Michigan and the lake region through three gateways: Cleveland, Toledo and Fort Wayne. Full information about rates, through time of trains and the convenient manner in which summer resorts may be reached will be cheerfully furnished upon application to local passenger and ticket agents of the Pennsylvania lines, or by addressing J. K. Dillon, D. P. Agt., Pittsburg Pa. *

August 3d \$10 Seashore Excursion.

Remember the date, Thursday, Aug. 3d; don't forget the rate, \$10, with fifteen day return limit, to either Atlantic City, Cape May, Sea Isle City, Avalon, Ocean Beach, and other Atlantic ocean recreation points. The mid-summer time observes the sea in his majesty, bidding friends welcome to the shore, listen to the mighty roar of the ceaseless flow, bathe in the briny-health-giving water. Sailing and deep-sea fishing at Atlantic City are pastimes once indulged, are never forgotten. \$10 round trip from East Liverpool. Adam Hill, ticket agent, will furnish details upon application. *

First August Seashore Excursion.

When the summer season is at its height, the third \$10 Atlantic City excursion is ready to start. Thursday, August 3d, is the date, remember, and the fifteen day return limit gives everybody opportunity to welcome the flow of old ocean, to embrace the health-giving and rest assuring waves as they ceaselessly dash upon the beach. \$10 from East Liverpool Thursday, August 3d. Ask Adam Hill, ticket agent, about details, and Cape May, Sea Isle City, and the other excursion points, any one of which you are at liberty to choose. *

Special Excursion to Rock Point

Wednesday, August 9, 75 cents round trip, for C. M. B. A. annual reunion. Special train from Wellsville 8 a. m., East Liverpool 8:15 a. m., central time. Music by Cathedral Orchestra, of Pittsburg—fifteen pieces. Dancing free. *

Time table effective May 22, 1899. Trains daily except Sunday. Central time.

FINE JOB WORK. The News Review job rooms are the best equipped in eastern Ohio, and we are consequently able to turn out large quantities of work on short notice.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours and union labor employed.

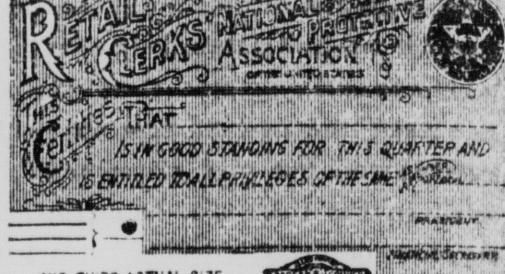

UNION PAPERS.

All Union papers of East Liverpool are shown to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card ask for it when making your purchases. Entered by the A. F. of E.

COLOR IS CHANGED EACH QUARTER. Good only during months named in lower left hand corner and when properly signed, and STAMPED with the number of the Local.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

The Journeymen Tailors' Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE CLOTHES.

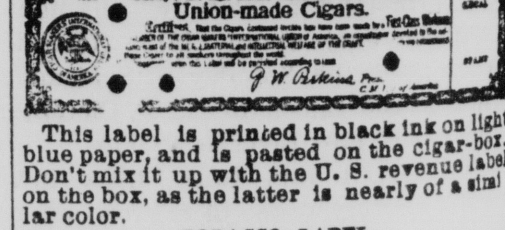

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BICYCLE LABEL.

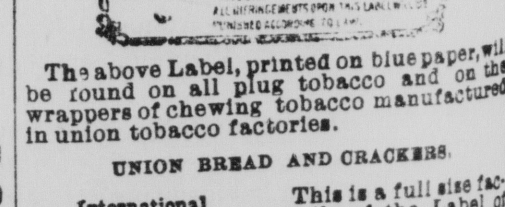

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of sea green, bordered by gold. The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

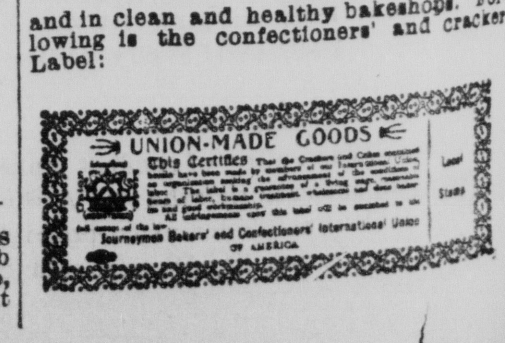

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

VOLCANO IN ERUPTION.

Mauna Loa Threatens to Destroy City of Hilo.

BLAZING STREAMS OF LAVA.

Three Are Coursing Down the Mountain Side, Sending Up Sheets of Flame—Outbreak Began With an Explosion, and It Is the First in Eighteen Years.

The great crater of Moku Weoweo, on the peak of Mauna Loa, island of Hawaii, has broken into active eruption, according to advices by the America Maru, which recently arrived at San Francisco, and a lava flow, throwing the mountains of fire into the air to the height of hundreds of feet, has started down the mountain side toward the city of Hilo. This flow is apparently following the track of the old flow, which in 1881 reached the outskirts of the city. There are two other flows, one down the Kau side of the peak toward the sea, threatening the coffee plantations and thousands of acres of sugar land on that side, says the New York Herald.

The whole summit of Mauna Loa seems to be crowned with fire, flaming at night like a majestic torch. From the outskirts of Hilo fountains of fire 800 and 1,000 feet high can be seen with opera glasses. Writing from the Volcano House of the beginning of the eruption, Mrs. May C. Beckley, a resident of Honolulu, says:

"At quarter past 4 o'clock on the morning of the Fourth of July there was a terrible explosion, which made the island rock, and the manager of the hotel came to tell us that Moku Weoweo was in eruption. The flow of lava could be plainly seen from here. It has left the crater and divided into two streams, one going down the Kau side and the other toward Hilo. It runs very rapidly, throwing up jets of fire and molten lava sometimes to a height of 1,000 feet. Kilauea does not show so much smoke since the larger crater has broken out."

This is the first time in 18 years that the great crater of Mauna Loa has shown signs of activity. The present eruption promises to be the most notable in the recent history of the mountain, and the damage done will be almost incalculable. Already Hilo is threatened, and the Volcano House is right in the track of the lava flow. If some agency does not turn the fiery flood, no power can save the historic hotel. All about the base of the Mauna Loa, too, are canefields and coffee plantations, and these the burning lava will lick up in its course.

The America Maru left Honolulu on July 13. On the Sunday before the steamer Kineau arrived from Hilo with news of the eruption. The Hilo Tribune gave this account: "The eruption was first noticed at the Volcano House early on the morning of July 4. The patrons at the hotel were awakened by a tremendous explosion and, on making their way to the veranda, witnessed one of the grandest sights ever seen. The outbreak took place on the side of Mauna Loa at an elevation of about 10,000 feet and in about the same place as where issued the flow of 1880-1.

"Two immense fountains of lava were forced into the air to an elevation of many hundreds of feet, and from the constant overflow from the crater there were soon formed three lava streams (it was at first reported that only two had been seen), which are now slowly making their way down the mountain side toward the sea. The rapidity of the movements of these streams, flowing in different directions, is dependent entirely upon the inequalities of the ground over which they must pass. The smallest flow is in the direction of Kilauea and is now about 25 miles distant from the Volcano House. What is apparently the second flow in size is on the Hilo side and, as nearly as can be determined, will take about the same course toward the town as the Wailuku river.

"The third and, to all appearances, the largest flow has taken its way toward the Kau side. This is the largest stream ever seen on the island and of the three streams is moving most rapidly. The eruption shows no sign of abatement, and the sight by night is one of appalling grandeur. At the Volcano House lights are not required at night, and the country for miles around is brilliantly illuminated."

The steamer Upolu reached Honolulu on July 12, bringing Hilo news to the 10th. A letter says: "The lava from Mauna Loa continues to advance without any diminution in force. As far as we can learn, it is still uncertain what course the flow will take. It may go to Kau, Olua and Hilo by way of the 1881 flow or to Kihalo by way of the 1859 flow. Past history shows that flows from the summit are strong and reach a long way. Latest advices show that the flow on the Hilo side has reached a point near or below the Humuila sheep station. This information comes by telephone from the station. If it is correct—and there is no

reason to doubt its accuracy—the course of the flow must be direct to Hilo."

The Upolu brought word that a second outbreak had occurred on the Kau side of Mauna Loa at about the same altitude as on the Hilo side.

SINGULAR FISH CRADLES.

A Father Fish Who Hatches His Young in His Mouth.

In the Nile there is a singular fish that has been known from early Bible times. It is dedicated to the Apostle Simon or Peter, is known as Tilapia Simonis and is especially common in Palestine and the sea or lake of Tiberias. Nearly all these fishes have a singular method of caring for their young. At the time of spawning the mother fish forms a little nest among the reeds and rushes, in which she deposits perhaps 200 green eggs, about the size of shot, which she immediately deserts. Curiously enough, in all the thousands of fishes but three or four instances are known where the mother displays any affection for her young or remains by them.

The father stations himself by the nest and presently appears to be dining upon the eggs, but if he is carefully watched it will be seen that he is taking them into his mouth with the greatest care and not swallowing them. They are lodged in what corresponds to the cheeks and held there. The eggs soon hatch, the little fishes grow and the countenance of Mr. Tilapia becomes greatly swollen and puffed out of all semblance to his former self. He cannot begin to close his mouth and presents a most extraordinary appearance.

To accommodate and protect the growing family the fish submits to great inconvenience and only permits them to escape when it is a physical impossibility to hold them any longer. At this time the father will undergo severe treatment rather than relinquish his progeny. He has been thrown out upon the beach, but still clings to his charge, even during his death struggles. Many of the young remain in this singular cradle until they are four inches in length.—Philadelphia Inquirer.

It is printed at Peking and is a monopoly of the emperor, no other almanac being permitted to be sold in that country. Although containing reliable astronomical information, its chief mission is to give full and accurate information for selecting lucky places for performing all the acts, great and small, of everyday life. And as every act of life in China, however trivial, depends for its success on the time in which and the direction (point of compass) toward which it is done, it is of the utmost importance that every one should have correct information at all times available to enable him so to order his life as to avoid bad luck and calamity and secure good luck and prosperity. So great is the native faith in its infallibility that not long since the Chinese minister to Germany refused to sail on a day which had been appointed because it was declared in the almanac to be unlucky.—Cincinnati Enquirer.

In ancient times and among inland peoples the possession of a salt spring was regarded as a special gift of the gods. The Chaonians in Epirus had one which flowed into a stream where there were no fish, and the legend was that Heracles had allowed their forefathers to have salt instead of fish.

Dewey's Comin Home.

From Maine to California throughout our mighty land

There's somethin' agitatin' us a child could understand—
A patriotic sentiment as strong as warm as true
As ever cheered the heart of man an thrilled it through an through.
No partisan or race or creed, or low or upper crust,
Can gather in this feelin' an control it with a trust,
An pretty soon, from mine pit up to heaven's distant dome,
That pent up feelin' will explode—for Dewey's comin' home.

There's never been an admiral who had a better way
Of taking up an argument an settlin' it to stay,
For when his side has had its say—his broadside, in a word—
The opposition argument is very seldom heard!

You never hear him quibble, an he never hesitates
When he is makin' history for the United States.
Oh, talk of cheerin' Caesar once upon a time in Rome!
We'll knock that cheerin' galley west—for Dewey's comin' home.

He's modest as they make 'em, an there's no one charges that
Since he has won his victories he wears a bigger hat.
He's had all kinds of trials, an there's no one ever said
That he was ever rattled or he ever lost his head.

No wonder that his countrymen will swear that he's about
As perfect an American as ever was ground out.
So, hurry up, Olympia, an churn the briny foam.
An everybody whoop 'er up—for Dewey's comin' home.

—Dave Florence in Chicago Times-Herald.

GOLD TEETH NOT ALL GOLD.

Often Are Removable Shells, Worn to Make a Show.

"I'd hate to pay that woman's dentist bills," said a business man to a friend on a South Side L train the other day. Across the aisle from the men was a woman who showed enough gold every time she opened her mouth to make a man want to leave home and try his fortunes in the Klondike. Two of her upper teeth had been replaced by pieces of burnished metal, and one of her lower teeth also had a 22 carat sheen about it. Her companion had only one gold tooth, but she kept it doing the work of three by a constant smile.

"That's another case of the old adage, 'All that glitters is not gold,'" said the business man's friend. "One of the dental novelties makes gold teeth possible to any one at a small cost and without even sacrificing a healthy incisor to make room for the metal. For a quarter you can get a shell that can be stuck over any front tooth, and with an excuse to smile you can present a regular gold mine to the astonished public.

"Actresses first affected the gold tooth, and then the Yankee man got an idea. In a short time there was an epidemic of gold teeth. The novelty man came out with his plated shells and sold them like hot cakes. No one but the dentist has any kick against the imitation gold tooth, and as a dazzler it is hard to beat. That woman's teeth may be the real stuff, but I believe she can slip them off when she wants to and get them plated when they get tarnished."—Chicago Inter Ocean.

C. M. B. A. AT ROCK POINT.

Reunion of Branches Will Be Fittingly Celebrated by Athletics, Dancing, Etc.

Wednesday, August 9, the 1899 reunion of the Catholic Mutual Benefit association under direction of Western Pennsylvania Advisory Council, will be held at Rock Point, the pretty mountain grove on the Pennsylvania lines. The C. M. B. A. outing invariably attracts thousands who enjoy the day, listen to sweet music, roam among the shady dells of the placid Connoquenessing where balmy breezes and rest are always friends, see the games for which valuable prizes will be offered the winners, and assist in the general merry-making. All C. M. B. A. men will be eligible to take part in the games. Delegations are arranging to go from Mingo, Steubenville, Toronto, Wellsville and East Liverpool. Fare 75 cents round trip. Special train will leave Wellsville 8 a. m., East Liverpool 8:15 a. m., central time; returning leave Rock Point at a very reasonable hour.

New Sunday Trains.

Under new schedule taking effect on Pennsylvania lines, C. & P. division, Sunday, July 23, a new train will be run regularly on Sundays between Pittsburgh, East Liverpool, Steubenville and Bellaire. The train will leave Pittsburgh union station 7:10 a. m., central time, arrive East Liverpool 9:02 a. m., Steubenville 10:06 a. m., Bellaire 11:15 a. m., central time; returning leave Bellaire 1 p. m., East Liverpool 3:07 p. m.

Change in Time of Trains.

Under a new schedule in effect July 23, passenger trains over the Pennsylvania lines leave East Liverpool station as follows: For the east, daily, 4:01, 6:37, 11:15 a. m.; 3:10, 7:00 p. m.; 3:07 p. m., Sunday only. For the west, daily, 12:33, 7:20, 9:06 a. m.; 2:49, 6:14; 9:02 a. m., Sunday only. For particular information on the subject apply to A. Hill, ticket agent.

The News Review for news.

Vacation Trips.

The Pennsylvania lines extend direct to places of summer sojourn along the Atlantic Ocean. Atlantic City, Cape May, Asbury Park Long Branch and resorts on the New Jersey coast are seashore terminals of the Pennsylvania system. Newport, Narragansett and summer havens in New England are reached over the Pennsylvania route via New York. The Adirondacks, White Mountains, Catskills and mountain retreats of the east are also reached through New York. Resorts in the Alleghenies are located upon the Pennsylvania route and may be reached via Pittsburgh without changing cars. The Pennsylvania lines also lead to resorts in Michigan and the lake region through three gateways: Cleveland, Toledo and Fort Wayne. Full information about rates, through time of trains and the convenient manner in which summer resorts may be reached will be cheerfully furnished upon application to local passenger and ticket agents of the Pennsylvania lines, or by addressing J. K. Dillon, D. P. Agt., Pittsburgh Pa.

August 3d \$10 Seashore Excursion.

Remember the date, Thursday, Aug. 3d; don't forget the rate, \$10, with fifteen day return limit, to either Atlantic City, Cape May, Sea Isle City, Avalon, Ocean Beach, and other Atlantic ocean recreation points. The mid-summer time observes the sea in his majesty, bidding friends welcome to the shore, listen to the mighty roar of the ceaseless flow, bathe in the briny-health-giving water. Sailing and deep-sea fishing at Atlantic City are pastimes once indulged, are never forgotten. \$10 round trip from East Liverpool. Adam Hill, ticket agent, will furnish details upon application.

First August Seashore Excursion.

When the summer season is at its height, the third \$10 Atlantic City excursion is ready to start. Thursday, August 3d, is the date, remember, and the fifteen day return limit gives everybody opportunity to welcome the flow of old ocean, to embrace the health-giving and rest assuring waves as they ceaselessly dash upon the beach. \$10 from East Liverpool Thursday, August 3d. Ask Adam Hill, ticket agent, about details, and Cape May, Sea Isle City, and the other excursion points, any one of which you are at liberty to choose.

Special Excursion to Rock Point

Wednesday, August 9, 75 cents round trip, for C. M. B. A. annual reunion. Special train from Wellsville 8 a. m., East Liverpool 8:15 a. m., central time. Music by Cathedral Orchestra, of Pittsburgh—fifteen pieces. Dancing free.

NEW JOB WORK. The News Review job rooms are the best equipped in eastern Ohio, and we are consequently able to turn out large quantities of work on short notice.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

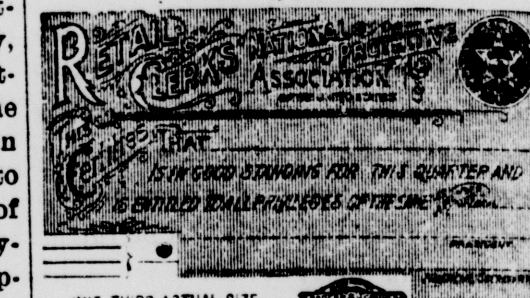

UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card ask for it when making your purchases. Endorsed by the A. F. of L.

UNION MADE BOOTS AND SHOES.

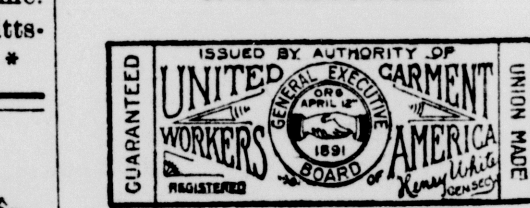

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

The Journeymen Tailors' Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE CLOTHES.

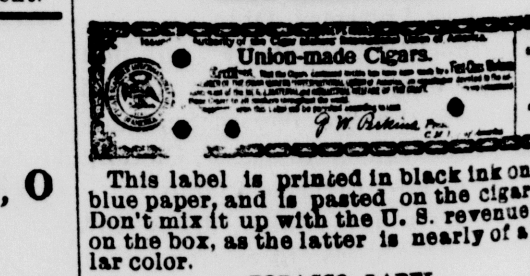

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BICYCLE LABEL.

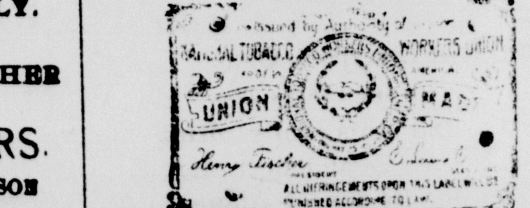

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

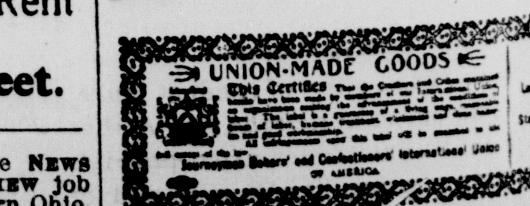

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size fac-simile of the Label of the Bakers' and Confectioners' union, printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeries. Following is the confectioners' and cracker Label:

VOLCANO IN ERUPTION.

Mauna Loa Threatens to Destroy City of Hilo.

BLAZING STREAMS OF LAVA.

Three Are Coursing Down the Mountain Side, Sending Up Sheets of Flame—Outbreak Began With an Explosion, and It Is the First in Eighteen Years.

The great crater of Moku Weewo, on the peak of Mauna Loa, island of Hawaii, has broken into active eruption, according to advices by the America Maru, which recently arrived at San Francisco, and a lava flow, throwing the mountains of fire into the air to the height of hundreds of feet, has started down the mountain side toward the city of Hilo. This flow is apparently following the track of the old flow, which in 1881 reached the outskirts of the city. There are two other flows, one down the Kau side of the peak toward the sea, threatening the coffee plantations and thousands of acres of sugar land on that side, says the New York Herald.

The whole summit of Mauna Loa seems to be crowned with fire, flaming at night like a majestic torch. From the outskirts of Hilo fountains of fire 800 and 1,000 feet high can be seen with opera glasses. Writing from the Volcano House of the beginning of the eruption, Mrs. May C. Beckley, a resident of Honolulu, says:

"At quarter past 4 o'clock on the morning of the Fourth of July there was a terrible explosion, which made the island rock, and the manager of the hotel came to tell us that Moku Weewo was in eruption. The flow of lava could be plainly seen from here. It has left the crater and divided into two streams, one going down the Kau side and the other toward Hilo. It runs very rapidly, throwing up jets of fire and molten lava sometimes to a height of 1,000 feet. Kilauea does not show so much smoke since the larger crater has broken out."

This is the first time in 18 years that the great crater of Mauna Loa has shown signs of activity. The present eruption promises to be the most notable in the recent history of the mountain, and the damage done will be almost incalculable. Already Hilo is threatened, and the Volcano House is right in the track of the lava flow. If some agency does not turn the fiery flood, no power can save the historic hotel. All about the base of the Mauna Loa, too, are canefields and coffee plantations, and these the burning lava will lick up in its course.

The America Maru left Honolulu on July 13. On the Sunday before the steamer Kineau arrived from Hilo with news of the eruption. The Hilo Tribune gave this account: "The eruption was first noticed at the Volcano House early on the morning of July 4. The patrons at the hotel were awakened by a tremendous explosion and, on making their way to the veranda, witnessed one of the grandest sights ever seen. The outbreak took place on the side of Mauna Loa at an elevation of about 10,000 feet and in about the same place as where issued the flow of 1880-1.

"Two immense fountains of lava were forced into the air to an elevation of many hundreds of feet, and from the constant overflow from the crater there were soon formed three lava streams (it was at first reported that only two had been seen), which are now slowly making their way down the mountain side toward the sea. The rapidity of the movements of these streams, flowing in different directions, is dependent entirely upon the inequalities of the ground over which they must pass. The smallest flow is in the direction of Kilauea and is now about 25 miles distant from the Volcano House. What is apparently the second flow in size is on the Hilo side and, as nearly as can be determined, will take about the same course toward the town as the Wailuku river.

"The third and, to all appearances, the largest flow has taken its way toward the Kau side. This is the largest stream ever seen on the island and of the three streams is moving most rapidly. The eruption shows no sign of abatement, and the sight by night is one of appalling grandeur. At the Volcano House lights are not required at night, and the country for miles around is brilliantly illuminated."

The steamer Upolu reached Honolulu on July 12, bringing Hilo news to the 10th. A letter says: "The lava from Mauna Loa continues to advance without any diminution in force. As far as we can learn, it is still uncertain what course the flow will take. It may go to Kau, Olua and Hilo by way of the 1881 flow or to Kihalo by way of the 1859 flow. Past history shows that flows from the summit are strong and reach a long way. Latest advices show that the flow on the Hilo side has reached a point near or below the Humuila sheep station. This information comes by telephone from the station. If it is correct—and there is no

reason to doubt its accuracy—the course of the flow must be direct to Hilo."

The Upolu brought word that a second outbreak had occurred on the Kau side of Mauna Loa at about the same altitude as on the Hilo side.

SINGULAR FISH CRADLES.

A Father Fish Who Hatches His Young in His Mouth.

In the Nile there is a singular fish that has been known from early Bible times. It is dedicated to the Apostle Simon or Peter, is known as Tilapia simonis and is especially common in Palestine and the sea or lake of Tiberias. Nearly all these fishes have a singular method of caring for their young. At the time of spawning the mother fish forms a little nest among the reeds and rushes, in which she deposits perhaps 200 green eggs, about the size of shot, which she immediately deserts. Curiously enough, in all the thousands of fishes but three or four instances are known where the mother displays any affection for her young or remains by them.

The father stations himself by the nest and presently appears to be dining upon the eggs, but if he is carefully watched it will be seen that he is taking them into his mouth with the greatest care and not swallowing them. They are lodged in what corresponds to the cheeks and held there. The eggs soon hatch, the little fishes grow and the countenance of Mr. Tilapia becomes greatly swollen and puffed out of all semblance to his former self. He cannot begin to close his mouth and presents a most extraordinary appearance.

To accommodate and protect the growing family the fish submits to great inconvenience and only permits them to escape when it is a physical impossibility to hold them any longer. At this time the father will undergo severe treatment rather than relinquish his progeny. He has been thrown out upon the beach, but still clings to his charge, even during his death struggles. Many of the young remain in this singular cradle until they are four inches in length.—Philadelphia Inquirer.

MAY FIRES.

An Ancient Scotch Custom Which Once Involved Human Sacrifice.

Sir John Sinclair's "Statistical Account of Scotland" contains notices of many old customs, which still continued to be observed in the Highlands, though they were even then fast dying out. From the eleventh volume of that great work, which was published in 1791 and the succeeding years, we learn, on the authority of the minister of Callander, Perthshire, that the boys of the township assembled in a body upon the moors on May day, and proceeded to dig a circular trench, leaving the soil in the center undisturbed, so as to form a low table of green turf, sufficient in size to accommodate the whole party.

They lighted a fire and prepared a custard of milk and eggs, and a large oatmeal cake, which they baked upon a stone placed in the embers. When they had eaten the custard, they divided the cake into as many equal portions as there were persons in the assembly and daubed one of those pieces with charcoal until it was perfectly black. They then placed all the pieces of cake together in a bonnet, and each in turn drew one blindfolded, the holder of the bonnet being entitled to the last piece. The boy who drew the blackened portion was destined to be sacrificed and was compelled to leap three times through the flames.

Although the ceremony had degenerated into a mere pastime for boys, it is evident that it must once upon a time have involved the actual sacrifice of a human being, in order to render the coming summer fruitful.—Gentleman's Magazine.

A Wonderful Book.

The Chinese Almanac is the most largely circulated publication in the world, the copies printed and sold yearly reaching several millions. It is printed at Peking and is a monopoly of the emperor, no other almanac being permitted to be sold in that country. Although containing reliable astronomical information, its chief mission is to give full and accurate information for selecting lucky places for performing all the acts, great and small, of everyday life. And as every act of life in China, however trivial, depends for its success on the time in which and the direction (point of compass) toward which it is done, it is of the utmost importance that every one should have correct information at all times available to enable him so to order his life as to avoid bad luck and calamity and secure good luck and prosperity. So great is the native faith in its infallibility that not long since the Chinese minister to Germany refused to sail on a day which had been appointed because it was declared in the almanac to be unlucky.—Cincinnati Enquirer.

In ancient times and among inland peoples the possession of a salt spring was regarded as a special gift of the gods. The Chaonians in Epirus had one which flowed into a stream where there were no fish, and the legend was that Hercules had allowed their forefathers to have salt instead of fish.

All members of the R. C. N. P. A. can show this card ask for it when making your purchase. Endorsed by the A. F. of L.

COLOR IS CHANGED EACH QUARTER.

Good only: using money in lower left hand corner suitably signed, and STAMPED with the number of the Local.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

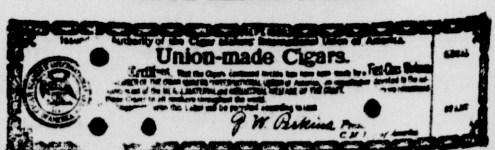

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this label. The colors are as follows: The Union shield is in red, white and blue, on a background of sea green, bordered by gold.

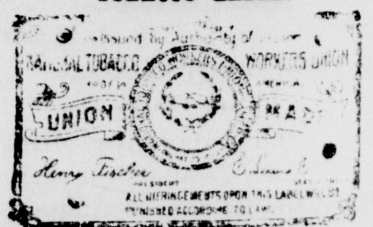

The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions.

GRANT CALMED THEM

AN INCIDENT OF JOHNSON'S FAMOUS SWING AROUND THE CIRCLE.

A Painful Spectacle Which the General Brought to a Close by Forcing the Tumultuous Crowd to Listen to the President.

There is nothing in history that corresponds to that wonderful swing of President Johnson from Washington to Chicago by way of Robin Hood's barn. Mr. Johnson planned the trip with infinite cunning. He prided himself on being a commoner, and he believed that he understood the people and that if he could meet them face to face he could convince them that the president was right and congress wrong. To get the love of the people he carried with him General Grant, Admiral Farragut, Secretaries Seward, Welles and Randall, General Custer and other men well known to the people. He reasoned that, accompanied by the popular idols of the day, he would be sure of enthusiastic reception everywhere. That was all that he asked. Give him a big crowd, and he was confident that he could win them over.

The president started from Washington with a chip on his shoulder. The very first crowd he met knocked it off without ceremony. It soon became clear the people were in a resentful mood, and after two or three clashes some of Mr. Johnson's best friends recommended a change of programme. Many believed that the president, seeing the mood of the people, would yield, but they didn't know the man. I had seen him face all sorts of crowds while he was military governor of Tennessee. I had heard him scold the leading citizens of Nashville as he would a lot of school children; had seen him, when a mob threatened his life, stride out into the street and march the full length of the city at the head of a procession, carrying the stars and stripes, and I knew that he would relish keenly a scrap with those who defied him.

At one point a crowd of 50,000 people, had gathered, mainly to see Grant, Farragut and Seward. There was tremendous enthusiasm over the party, and the president was elated. But when he rose to speak the crowd hooted and hissed and set up a great shout for Grant. The people had seen through the president's scheme and were turning the tables on him by using Grant and Farragut to humiliate and punish him. The president saw the strategy of the move, and he was as furious as he was helpless. In every interval of quiet he would attempt to speak, but every word he uttered would be lost in the thunder of the shouts for Grant. It was a painful spectacle, and everybody was embarrassed. The crowd would not listen to the chairman or any other local celebrity.

General Custer, then at the height of his popularity, stepped forward in his dramatic, imperious way, believing that he could quiet the tumult. The crowd was friendly, but it howled him down, and the dashing cavalryman took his seat, with the remark that he would like to clear the grounds with a brigade of cavalry.

Johnson, looking down on the tumult, saw smiling, contemptuous faces, but no hatred. He turned to Grant, who had retired to the rear of the platform, and said petulantly, "General, you will have to speak to them."

General Grant said decisively, "I will not."

Then the president said, more graciously, "Won't you show yourself, general?"

Grant stepped forward, and, after a round of cheers, the people were as quiet as a church in prayer time. Waiting an instant, Grant raised his hand, made a gesture toward Johnson and said clearly, "The president of the United States."

The incident was a simple one, but it spoke volumes. Grant's face was full of indignation and reproach, and the crowd, accepting his rebuke, listened to the president for an hour. And the president did not spare the people. He scolded them to his heart's content, replied to all their taunts, talked back to every man that opened his mouth and seemed to enjoy the performance as a war horse would a battle. The people took the scolding in good part and realized that they had come in contact with a new sort of president. They heard him in respectful silence, but they disapproved of him, as the president knew when the votes were counted at the election that fall.

Seward's face at such meetings was a study. The wound in his neck was only fairly healed, and the people took a deferential attitude toward him. But still everybody wanted to see him and shake hands with him.

Farragut, in crossing the rotunda of the capitol, came upon a group of ladies, one of whom turned toward him and eagerly inquired, "Are you Mr. Seward?" Farragut answered without a moment's hesitation:

"No; I am a handsomer man than Seward. My name is Farragut."—Chicago Inter Ocean.

Odd Companions.

The Kennebec Journal tells of a man who has a fox and a hound that are born companions. When both animals were in the pup stage, they were plac-

ed together and have now enjoyed a year of each other's society in peace and harmony. They sleep together and play with each other much after the manner of two frolicsome pups. The fox has perfect freedom of action, coming and going at will, but he always returns at night to share the dog's bed.

Two Austrian Pops.

The two greatest dandies at the Empress Maria Theresa's court were Count Crobor and Marquis Taroneca. These two men made a wager as to who should appear in the most costly costume at the next court ball. Jewels to be debarré. The Marquis Taroneca appeared in most gorgeous apparel and was considered by every one to have triumphed over his rival, who was attired in a plain satin suit. While the jury were deciding Count Crobor threw open his plain satin cloak, and, placing it on the ground, showed that it was lined with one of Correggio's most famous works. The count won the wager—1,000 ducats—but the Correggio had cost 100,000 ducats.

The same count once paid a visit to Paris with a large party of friends and entertained them at a "dinner" which lasted three days and nights. It is interesting to note that this extravagant nobleman died in penury some 30 years later. Having exhausted his means, he was pensioned by the Emperor Francis, but in 1765, when Francis died, his pension was reduced to about £80 a year. One morning in midwinter the frozen corpse of the count was discovered on a heap of refuse on the shores of the Danube.

The Enormity Melted.

There was especial opposition to the disturbance of the old Granary burial ground adjoining the Common in Boston, through a portion of which the subway runs. It was necessary to remove the remains of 910 persons interred there. One elderly man of Scotch descent made a great fuss over what he termed "the enormity of molesting the bones of his ancestors."

After much argument, delay and persuasion the venerable Scot was induced to agree that if the city would construct a tomb according to his ideas he would consent to the removal without causing further trouble. On the day the vault was completed the guardian of his progenitors was taken over to inspect this new repository.

"Now," said Dr. Green, a former mayor, who had charge of the work of removing the bodies, "you can set a day and the remains can be brought over and deposited here."

"What!" exclaimed the old gentleman. "Have that nice new tomb littered up with those old bones? Never! Close up the old tomb and let 'em be!"

Thus did he secure, without cost, a new family tomb.—New York Tribune.

A Pet Whale.

On a small island in the middle of the South Pacific lives a planter, the only white man on the island—which is full of brown skinned folk—who cuts and dries the meat of the cocanut, which he sells to trading vessels.

When any stranger stops at his island he will give him of the best that the island affords; he will get up great concerts and dances of the islanders; above all, he will take him out to see his pet, which is perhaps the largest and oddest animal that was ever petted by any man.

This pet is a sperm whale, nearly 70 feet long. He came through the narrow entrance into the little harbor, which is walled in by a coral reef, when quite small, and remained until he had grown so large that he could not get out if he wanted to.

The great creature comes up to be fed when the planter blows a horn, and after his meal of a barrel of chopped meat or fish performs some ponderous and amusing tricks, apparently knowing what is expected of him.—Stray Stories.

His Double Demise.

"Wull, wull!" ejaculated McLuberty, in the midst of his perusal of a newspaper which he had carelessly picked up. "Bedad, poor Duffy is dead again! An ut sames to hov happened in dhe same way as ut did prayvously—he has been blown up by a prematoor blast. Oi shud hov t'ought that wance wua hov been enough to satisfy him, but thin he always was wan av thim feeners thot niver know dheir own moinds."

"Phwat are yez tarkin about?" asked Mrs. McLuberty in some surprise. "Duffy dead again? Is ut crazy ye are?"

"No; Oi do be r'ading ut roight here in dhe papy, an—"

"Lave me look at thot dockymint! Whoy, yez blunderhead, dhis is a 2-year-owld papy thot Oi laid out to spread on dhe shill!"

"Is thot so? Wull, ut relaves me moind. Oi was sorry to t'ink av such bad luck happenin to poor Duffy."—Harper's Bazar.

A Dinner Test.

In Siberia there is a good custom that a bride, on coming to her husband's house, has to give a dinner prepared with her own hands as a test of the education she has received. If she succeeds in gratifying her guests, it is taken as a proof not only of the young woman's own excellence, but also as a recommendation of her whole family, by whom she was instructed.

EPWORTH LEAGUE.

Topic For the Week Beginning July 30, "That Good Part"—Text, Luke x, 38-42.

"One thing needful."

The home in Bethany was a congenial resting place for Jesus when He was in the vicinity of Jerusalem. Martha seems to have been the recognized head of the little family group. Perhaps she was the eldest. The coming of Jesus caused much extra work, and Martha was perplexed by the cares of the household.

Mary realized, perhaps more deeply than any one else, the true mission of the Master and entered most deeply into the spirit of the coming kingdom of God. To her every word of the Christ was precious, and, as the opportunities to see and hear Him were so few and short, she must be with Him every moment possible. She would not neglect needful care for food and His bodily comfort, but she entered so fully into His own spirit that those things took a second place. To hear Him talk of the things of the spirit life was the one thing most essential.

So is it ever in this life. The bodily needs, the cares of the home, the pressure of business, social duties, all the multitudinous details of living absorb so much of time and energy and thought that we grow harassed, burdened, cumbered with much serving. We almost forget that Jesus is here, is our guest, is talking, is telling of things no one ever before revealed, no one else can reveal. All our future life happiness is bound up in His teaching. What a pity we can't stop fretting about things to eat and feed on His words a little!

It is grand to do much serving for Jesus' sake. Talking, praying, giving, singing and all the rest. But it is better to stop it all, once in awhile, and sit down in quietness at His feet and listen. Other things are good, this one is needful.

Do You Go to Church?

Of course every Christian does and particularly if a member of the League or any young people's society—that is, they go to some service. Perhaps it is the young people's meeting only. Often it is to the preaching service occasionally. It is to be feared that many have no settled habit of attending public worship. The morning service has no special attraction. Hard work all the week makes a person relish the rest in bed Sunday morning. Then some out of doors recreation seems desirable, bicycle, trolley, walking or driving as one chooses or is able to afford. Occasionally some special attraction of music or unusual address may draw one out in the evening to the church, but there are multitudes who almost never enter its doors.

How many church members are gradually drifting into the same habits! Better change the programme. Stop drifting and begin to live in earnest. Nothing you can do on Sunday will so rest your body, mind and spirit as to rise early and go to the church for public worship. It changes the whole tone and tenor of the life. It gives fresh impulses and new thought. It diverts care and enlarges one's world. It lifts and inspires. Better make it a rule and follow it, to go to church regularly.

Every man who is doing honest work has the right to lift up his head among men everywhere and hold himself in hand and be one of earth's noblemen. Paul was a tentmaker, Jesus a carpenter, and their fellow craftsmen have no need to be ashamed if they do their work well.

It takes more labor to raise wheat than it does to grow a crop of weeds, but, then, the wheat is worth more when harvested. It takes work to establish good habits and do good deeds. It takes self denial and care, but then it pays in the satisfaction of being right and pure. No one is good by chance. Plow the weeds under and cultivate wheat.

After the Convention—What?

The great Indianapolis gathering is over. The immense throngs, the inspiring music, the soul filling and lifting addresses and prayers; the excitement, the enthusiasm of the hour, the delightful social associations, the strange, new scenes of the trip, the new acquaintanceships, have all had their effect. Tens of thousands return home changed in many things from what they were a fortnight since. Life is larger, fuller, richer, more intense and deeper.

Reaction from fatigue will be felt both in body and mind. Beware lest it be a snare to the soul. Slow down the speed, but keep fast hold of all the good gained.

After the convention—what? Higher ideals of science, of duty, of privilege. Deeper consecration of soul and body. More watchfulness, more freedom. Deeper heart devotion and nearness to Jesus. More loyalty to the church, more love for our fellows.

"One thing is needful." Choose it. Nearness to Christ.

"No man today has a loftier pulpit than the Christian business man who so deals with his employees that their labor is an angel of joy and blessing to them, and thus making his own labor an angel, uplifting and comforting him and leading him into fellowship with God."—Christian Advocate.

NEW PEST ATTACKS COTTON

Attempt to Find a Remedy For a Fungus That Alarms Planters.

Within a few years a new and very serious disease has appeared in the cotton fields of the south. It has spread with rapidity and threatens to ruin the cotton industry in certain regions unless some method of combating it is discovered. The disease is due to a fungus which attacks the roots, causing the plant to wither and die. It has been most destructive in the vicinity of Charleston and on the adjoining islands, where most of the sea island cotton is grown. So widespread have been the ravages of this disease that a number of planters in the cotton producing states, including most of the growers of sea island cotton, have petitioned the United States department of agriculture at Washington, both directly and through their representatives in congress, to send an expert to study the disease and suggest methods of prevention or cure. The department of agriculture has attacked the problem and appointed William A. Orton, formerly botanist at the Vermont experiment station, to make an investigation, says the New York Sun.

The planters hope that Mr. Orton will soon relieve them of a most persistent and alarming foe, as they know him to have been particularly successful in developing a practical way of eradicating the noxious orange hawk weed, which was first brought to the United States from central Europe as a garden flower and widely distributed as a premium by an agricultural paper. Under the different climate and soil encountered here the plant turned to a vile weed, with broad leaves hugging the ground so closely that the grass was literally stifled. The cure for or rather the exterminator of this weed Mr. Orton found to be common salt. Mr. Orton has just been sent to Charleston, where he will begin experimenting, and will later visit all the cotton regions that have been affected by this enemy of the plant.

NEW WATER POWER ERA.

Engineer Johnston's Invention Near Seattle Started Successfully.

The other day marked a new era in water power machinery, for the Snoqualmie cycloidal mortar received water on it for the first time at the great power electric transmission plant of the Snoqualmie Falls Power company at Snoqualmie falls, 30 miles from Seattle. The wheel, an entirely new and original design in hydraulics, is the invention of Thomas T. Johnston, chief engineer of the company and of the Chicago drainage canal commission.

When the great valve was opened, admitting the water, the machinery began to turn without a hitch. The water wheels and dynamos are located in a huge underground cavern excavated out of the solid rock at the level of the river below the falls, says the Chicago Times-Herald. Twelve thousand horsepower, the initial installation, supplies all the industrial and commercial needs of Seattle and Tacoma at present. Most of the output is rented, and enterprises in that section have an auspicious future. Lines have been built into Seattle, 30, and Tacoma, 44 miles, the steel and stone distributing stations nearing completion.

The water wheels attained an efficiency of 92 per cent. Seattle is boasting of the best power plant in the world, and President Baller is receiving congratulations of friends. W. T. Baker, a Chicago capitalist, is the principal investor in the enterprise.

NOW THE STRANGLING BUG.

Insect Captured at Media, Pa., Killed a Mouse.

One of the so called strangling bugs, a large and hideous looking insect, said to be migrating here all the way from northern Africa, where it is a terror to man and beast, was recently captured in the county jail yard at Media, Pa., by Jail Warden Thomas S. Fields.

Mr. Fields handled the bug carefully. He succeeded in brushing it into a glass jar and a few minutes afterward dropped a live mouse into the jar to watch the result. The bug in a minute made a sudden dash upon the neck of the mouse and stung or bit it in such a way as to cause it to keel over dead, says the Philadelphia Press, the bug hanging on it and sucking its blood.

The bug is of a dark brown color, about 2½ inches long, has a strong pair of wings and is armed with a sharp pointed "sucker," or sword, and two crablike claws.

The Soldier Boy at Sea.

A Kansas boy with the regulars going to Manila writes thus to his folks, says the Kansas City Journal: "For a time this morning we were very badly frightened because we thought we were lost at sea. One of the sailors told us that the captain had neglected to wind the compass the night before; that it had run down, and that nobody knew where we were or which way to sail. After awhile we found it was one of those fool sailor jokes."

Tin is one of the oldest known metals. The Chinese have used it in the fabrication of their brasses and bronzes from time immemorial.

GRANT CALMED THEM

AN INCIDENT OF JOHNSON'S FAMOUS SWING AROUND THE CIRCLE.

A Painful Spectacle Which the General Brought to a Close by Forcing the Tumultuous Crowd to Listen to the President.

There is nothing in history that corresponds to that wonderful swing of President Johnson from Washington to Chicago by way of Robin Hood's barn. Mr. Johnson planned the trip with infinite cunning. He prided himself on being a commoner, and he believed that he understood the people and that if he could meet them face to face he could convince them that the president was right and congress wrong. To get the love of the people he carried with him General Grant, Admiral Farragut, Secretaries Seward, Welles and Randall, General Custer and other men well known to the people. He reasoned that, accompanied by the popular idols of the day, he would be sure of enthusiastic reception everywhere. That was all that he asked. Give him a big crowd, and he was confident that he could win them over.

The president started from Washington with a chip on his shoulder. The very first crowd he met knocked it off without ceremony. It soon became clear the people were in a resentful mood, and after two or three clashes some of Mr. Johnson's best friends recommended a change of programme. Many believed that the president, seeing the mood of the people, would yield, but they didn't know the man. I had seen him face all sorts of crowds while he was military governor of Tennessee. I had heard him scold the leading citizens of Nashville as he would a lot of school children; had seen him, when a mob threatened his life, stride out into the street and march the full length of the city at the head of a procession, carrying the stars and stripes, and I knew that he would relish keenly a scrap with those who defied him.

At one point a crowd of 50,000 people had gathered, mainly to see Grant, Farragut and Seward. There was tremendous enthusiasm over the party, and the president was elated. But when he rose to speak the crowd hooted and hissed and set up a great shout for Grant. The people had seen through the president's scheme and were turning the tables on him by using Grant and Farragut to humiliate and punish him. The president saw the strategy of the move, and he was as furious as he was helpless. In every interval of quiet he would attempt to speak, but every word he uttered would be lost in the thunder of the shouts for Grant. It was a painful spectacle, and everybody was embarrassed. The crowd would not listen to the chairman or any other local celebrity.

General Custer, then at the height of his popularity, stepped forward in his dramatic, imperious way, believing that he could quiet the tumult. The crowd was friendly, but it howled him down, and the dashing cavalryman took his seat, with the remark that he would like to clear the grounds with a brigade of cavalry.

Johnson, looking down on the tumult, saw smiling, contemptuous faces, but no hatred. He turned to Grant, who had retired to the rear of the platform, and said petulantly, "General, you will have to speak to them."

General Grant said decisively, "I will not."

Then the president said, more graciously, "Won't you show yourself, general?"

Grant stepped forward, and, after a round of cheers, the people were as quiet as a church in prayer time. Waiting an instant, Grant raised his hand, made a gesture toward Johnson and said clearly, "The president of the United States."

The incident was a simple one, but it spoke volumes. Grant's face was full of indignation and reproach, and the crowd, accepting his rebuke, listened to the president for an hour. And the president did not spare the people. He scolded them to his heart's content, replied to all their taunts, talked back to every man that opened his mouth and seemed to enjoy the performance as a war horse would a battle. The people took the scolding in good part and realized that they had come in contact with a new sort of president. They heard him in respectful silence, but they disapproved of him, as the president knew when the votes were counted at the election that fall.

Seward's face at such meetings was a study. The wound in his neck was only fairly healed, and the people took a deferential attitude toward him. But still everybody wanted to see him and shake hands with him.

Farragut, in crossing the rotunda of the capitol, came upon a group of ladies, one of whom turned toward him and eagerly inquired, "Are you Mr. Seward?" Farragut answered without a moment's hesitation:

"No; I am a handsomer man than Seward. My name is Farragut."—Chicago Inter Ocean.

Odd Companions.
The Kennebec Journal tells of a man who has a fox and a hound that are boon companions. When both animals were in the pup stage, they were plac-

ed together and have now enjoyed a year of each other's society in peace and harmony. They sleep together and play with each other much after the manner of two frolicsome pups. The fox has perfect freedom of action, coming and going at will, but he always returns at night to share the dog's bed.

Two Austrian Pops.

The two greatest dandies at the Empress Maria Theresa's court were Count Crobor and Marquis Taroneca. These two men made a wager as to who should appear in the most costly costume at the next court ball. Jewels to be debarred. The Marquis Taroneca appeared in most gorgeous apparel and was considered by every one to have triumphed over his rival, who was attired in a plain satin suit. While the jury were deciding Count Crobor threw open his plain satin cloak, and, placing it on the ground, showed that it was lined with one of Correggio's most famous works. The count won the wager—1,000 ducats—but the Correggio had cost 100,000 ducats.

The same count once paid a visit to Paris with a large party of friends and entertained them at a "dinner" which lasted three days and nights. It is interesting to note that this extravagant nobleman died in penury some 30 years later. Having exhausted his means, he was pensioned by the Emperor Francis, but in 1765, when Francis died, his pension was reduced to about £80 a year. One morning in mid-winter the frozen corpse of the count was discovered on a heap of refuse on the shores of the Danube.

The Enormity Melted.

There was especial opposition to the disturbance of the old Granary burial ground adjoining the Common in Boston, through a portion of which the subway runs. It was necessary to remove the remains of 910 persons interred there. One elderly man of Scotch descent made a great fuss over what he termed "the enormity of molesting the bones of his ancestors."

After much argument, delay and persuasion the venerable Scot was induced to agree that if the city would construct a tomb according to his ideas he would consent to the removal without causing further trouble. A Dinner Test.

In Siberia there is a good custom that a bride, on coming to her husband's house, has to give a dinner prepared with her own hands as a test of the education she has received. If she succeeds in gratifying her guests, it is taken as a proof not only of the young woman's own excellence, but also as a recommendation of her whole family, by whom she was instructed.

EPWORTH LEAGUE.

Topic For the Week Beginning July 30, "That Good Part"—Text, Luke x, 38-42.

"One thing needful."

The home in Bethany was a congenial resting place for Jesus when He was in the vicinity of Jerusalem. Martha seems to have been the recognized head of the little family group. Perhaps she was the eldest. The coming of Jesus caused much extra work, and Martha was perplexed by the cares of the household.

Mary realized, perhaps more deeply than any one else, the true mission of the Master and entered most deeply into the spirit of the coming kingdom of God. To her every word of the Christ was precious, and, as the opportunities to see and hear Him were so few and short, she must be with Him every moment possible. She would not neglect needful care for food and His bodily comfort, but she entered so fully into His own spirit that those things took a second place. To hear Him talk of the things of the spirit life was the one thing most essential.

So is it ever in this life. The bodily needs, the cares of the home, the pressure of business, social duties, all the multitudinous details of living absorb so much of time and energy and thought that we grow harassed, burdened, cumbered with much serving. We almost forget that Jesus is here, is our guest, is talking, is telling of things no one ever before revealed, no one else can reveal. All our future life happiness is bound up in His teaching. What a pity we can't stop fretting about things to eat and feed on His words a little!

It is grand to do much serving for Jesus' sake. Talking, praying, giving, singing and all the rest. But it is better to stop it all, once in awhile, and sit down in quietness at His feet and listen. Other things are good, this one is needful.

Do You Go to Church?

Of course every Christian does and particularly if a member of the League or any young people's society—that is, they go to some service. Perhaps it is the young people's meeting only. Often it is to the preaching service occasionally. It is to be feared that many have no settled habit of attending public worship. The morning service has no special attraction. Hard work all the week makes a person relish the rest in bed Sunday morning. Then some out of doors recreation seems desirable, bicycle, trolley, walking or driving as one chooses or is able to afford. Occasionally some special attraction of music or unusual address may draw one out in the evening to the church, but there are multitudes who almost never enter its doors.

How many church members are gradually drifting into the same habits! Better change the programme. Stop drifting and begin to live in earnest. Nothing you can do on Sunday will so rest your body, mind and spirit as to rise early and go to the church for public worship. It changes the whole tone and tenor of the life. It gives fresh impulses and new thought. It diverts care and enlarges one's world. It lifts and inspires. Better make it a rule and follow it, to go to church regularly.

Every man who is doing honest work has the right to lift up his head among men everywhere and hold himself in hand and be one of earth's noblemen. Paul was a tentmaker, Jesus a carpenter, and their fellow craftsmen have no need to be ashamed if they do their work well.

It takes more labor to raise wheat than it does to grow a crop of weeds, but, then, the wheat is worth more when harvested. It takes work to establish good habits and do good deeds. It takes self denial and care, but then it pays in the satisfaction of being right and pure. No one is good by chance. Plow the weeds under and cultivate wheat.

After the Convention—What?

The great Indianapolis gathering is over. The immense throngs, the inspiring music, the soul filling and lifting addresses and prayers; the excitement, the enthusiasm of the hour, the delightful social associations, the strange, new scenes of the trip, the new acquaintanceships, have all had their effect. Tens of thousands return home changed in many things from what they were a fortnight since. Life is larger, fuller, richer, more intense and deeper.

Reaction from fatigue will be felt both in body and mind. Beware lest it be a snare to the soul. Slow down the speed, but keep fast hold of all the good gained.

After the convention—what? Higher ideals of science, of duty, of privilege. Deeper consecration of soul and body. More watchfulness, more freedom. Deeper heart devotion and nearness to Jesus. More loyalty to the church, more love for our fellows.

"One thing is needful." Choose it. Nearness to Christ.

"No man today has a loftier pulpit than the Christian business man who so deals with his employees that their labor is an angel of joy and blessing to them, and thus making his own labor an angel, uplifting and comforting him and leading him into fellowship with God."—Christian Advocate.

NEW PEST ATTACKS COTTON

Attempt to Find a Remedy For a Fungus That Alarms Planters.

Within a few years a new and very serious disease has appeared in the cotton fields of the south. It has spread with rapidity and threatens to ruin the cotton industry in certain regions unless some method of combating it is discovered. The disease is due to a fungus which attacks the roots, causing the plant to wither and die. It has been most destructive in the vicinity of Charleston and on the adjoining islands, where most of the sea island cotton is grown. So widespread have been the ravages of this disease that a number of planters in the cotton producing states, including most of the growers of sea island cotton, have petitioned the United States department of agriculture at Washington, both directly and through their representatives in congress, to send an expert to study the disease and suggest methods of prevention or cure. The department of agriculture has attacked the problem and appointed William A. Orton, formerly botanist at the Vermont experiment station, to make an investigation, says the New York Sun.

The planters hope that Mr. Orton will soon relieve them of a most persistent and alarming foe, as they know him to have been particularly successful in developing a practical way of eradicating the noxious orange hawk weed, which was first brought to the United States from central Europe as a garden flower and widely distributed as a premium by an agricultural paper. Under the different climate and soil encountered here the plant turned to a vile weed, with broad leaves hugging the ground so closely that the grass was literally stifled. The cure for or rather the exterminator of this weed Mr. Orton found to be common salt. Mr. Orton has just been sent to Charleston, where he will begin experimenting, and will later visit all the cotton regions that have been affected by this enemy of the plant.

NEW WATER POWER ERA.

Engineer Johnston's Invention Near Seattle Started Successfully.

The other day marked a new era in water power machinery, for the Snoqualmie cyclodial mortar received water on it for the first time at the great power electric transmission plant of the Snoqualmie Falls Power company at Snoqualmie falls, 30 miles from Seattle. The wheel, an entirely new and original design in hydraulics, is the invention of Thomas T. Johnston, chief engineer of the company and of the Chicago drainage canal commission.

When the great valve was opened, admitting the water, the machinery began to turn without a hitch. The water wheels and dynamos are located in a huge underground cavern excavated out of the solid rock at the level of the river below the falls, says the Chicago Times-Herald. Twelve thousand horsepower, the initial installation, supplies all the industrial and commercial needs of Seattle and Tacoma at present. Most of the output is rented, and enterprises in that section have an auspicious future. Lines have been built into Seattle, 30, and Tacoma, 44 miles, the steel and stone distributing stations nearing completion.

The water wheels attained an efficiency of 92 per cent. Seattle is boasting of the best power plant in the world, and President Baller is receiving congratulations of friends. W. T. Baker, a Chicago capitalist, is the principal investor in the enterprise.

NOW THE STRANGLING BUG.

Insect Captured at Media, Pa., Killed a Mouse.

One of the so called strangling bugs, a large and hideous looking insect, said to be migrating here all the way from northern Africa, where it is a terror to man and beast, was recently captured in the county jail yard at Media, Pa., by Jail Warden Thomas S. Fields.

Mr. Fields handled the bug carefully. He succeeded in brushing it into a glass jar and a few minutes afterward dropped a live mouse into the jar to watch the result. The bug in a minute made a sudden dash upon the neck of the mouse and stung or bit it in such a way as to cause it to keel over dead, says the Philadelphia Press, the bug hanging on it and sucking its blood.

The bug is of a dark brown color, about 2½ inches long, has a strong pair of wings and is armed with a sharp pointed "sucker," or sword, and two crablike claws.

The Soldier Boy at Sea.

A Kansas boy with the regulars going to Manila writes thus to his folks, says the Kansas City Journal: "For a time this morning we were very badly frightened because we thought we were lost at sea. One of the sailors told us that the captain had neglected to wind the compass the night before; that it had run down, and that nobody knew where we were or which way to sail. After awhile we found it was one of those fool sailor jokes."

Tin is one of the oldest known metals. The Chinese have used it in the fabrication of their brasses and bronzes from time immemorial.

GRANT CALMED THEM

AN INCIDENT OF JOHNSON'S FAMOUS SWING AROUND THE CIRCLE.

A Painful Spectacle Which the General Brought to a Close by Forcing the Tumultuous Crowd to Listen to the President.

There is nothing in history that corresponds to that wonderful swing of President Johnson from Washington to Chicago by way of Robin Hood's barn. Mr. Johnson planned the trip with infinite cunning. He prided himself on being a commoner, and he believed that he understood the people and that if he could meet them face to face he could convince them that the president was right and congress wrong. To get the love of the people he carried with him General Grant, Admiral Farragut, Secretaries Seward, Welles and Randall, General Custer and other men well known to the people. He reasoned that, accompanied by the popular idols of the day, he would be sure of enthusiastic reception everywhere. That was all that he asked. Give him a big crowd, and he was confident that he could win them over.

The president started from Washington with a chip on his shoulder. The very first crowd he met knocked it off without ceremony. It soon became clear the people were in a resentful mood, and after two or three clashes some of Mr. Johnson's best friends recommended a change of programme. Many believed that the president, seeing the mood of the people, would yield, but they didn't know the man. I had seen him face all sorts of crowds while he was military governor of Tennessee. I had heard him scold the leading citizens of Nashville as he would a lot of school children; had seen him, when a mob threatened his life, stride out into the street and march the full length of the city at the head of a procession, carrying the stars and stripes, and I knew that he would relish keenly a scrap with those who defied him.

At one point a crowd of 50,000 people had gathered, mainly to see Grant, Farragut and Seward. There was tremendous enthusiasm over the party, and the president was elated. But when he rose to speak the crowd booed and hissed and set up a great shout for Grant. The people had seen through the president's scheme and were turning the tables on him by using Grant and Farragut to humiliate and punish him. The president saw the strategy of the move, and he was as furious as he was helpless. In every interval of quiet he would attempt to speak, but every word he uttered would be lost in the thunder of the shouts for Grant. It was a painful spectacle, and everybody was embarrassed. The crowd would not listen to the chairman or any other local celebrity.

General Custer, then at the height of his popularity, stepped forward in his dramatic, imperious way, believing that he could quiet the tumult. The crowd was friendly, but it howled him down, and the dashing cavalryman took his seat, with the remark that he would like to clear the grounds with a brigade of cavalry.

Johnson, looking down on the tumult, saw smiling, contemptuous faces, but no hatred. He turned to Grant, who had retired to the rear of the platform, and said petulantly, "General, you will have to speak to them."

General Grant said decisively, "I will not."

Then the president said, more graciously, "Won't you show yourself, general?"

Grant stepped forward, and, after a round of cheers, the people were as quiet as a church in prayer time. Waiting an instant, Grant raised his hand, made a gesture toward Johnson and said clearly, "The president of the United States."

The incident was a simple one, but it spoke volumes. Grant's face was full of indignation and reproach, and the crowd, accepting his rebuke, listened to the president for an hour. And the president did not spare the people. He scolded them to his heart's content, replied to all their taunts, talked back to every man that opened his mouth and seemed to enjoy the performance as a war horse would a battle. The people took the scolding in good part and realized that they had come in contact with a new sort of president. They heard him in respectful silence, but they disapproved of him, as the president knew when the votes were counted at the election that fall.

Seward's face at such meetings was a study. The wound in his neck was only fairly healed, and the people took a deferential attitude toward him. But still everybody wanted to see him and shake hands with him.

Farragut, in crossing the rotunda of the capitol, came upon a group of ladies, one of whom turned toward him and eagerly inquired, "Are you Mr. Seward?" Farragut answered without a moment's hesitation:

"No; I am a handsomer man than Seward. My name is Farragut."—Chicago Inter Ocean.

Odd Companions.

The Kennebec Journal tells of a man who has a fox and a hound that are boon companions. When both animals were in the pup stage, they were plac-

ed together and have now enjoyed a year of each other's society in peace and harmony. They sleep together and play with each other much after the manner of two frolicsome pups. The fox has perfect freedom of action, coming and going at will, but he always returns at night to share the dog's bed.

Two Austrian Pops.

The two greatest dandies at the Empress Maria Theresa's court were Count Crobor and Marquis Taroneca. These two men made a wager as to who should appear in the most costly costume at the next court ball. Jewels to be debarred. The Marquis Taroneca appeared in most gorgeous apparel and was considered by every one to have triumphed over his rival, who was attired in a plain satin suit. While the jury were deciding Count Crobor threw open his plain satin cloak, and, placing it on the ground, showed that it was lined with one of Correggio's most famous works. The count won the wager—1,000 ducats—but the Correggio had cost 100,000 ducats.

The same count once paid a visit to Paris with a large party of friends and entertained them at a "dinner" which lasted three days and nights. It is interesting to note that this extravagant nobleman died in penury some 30 years later. Having exhausted his means, he was pensioned by the Emperor Francis, but in 1765, when Francis died, his pension was reduced to about £80 a year. One morning in mid-winter the frozen corpse of the count was discovered on a heap of refuse on the shores of the Danube.

The Enormity Melted.

There was especial opposition to the disturbance of the old Granary burial ground adjoining the Common in Boston, through a portion of which the subway runs. It was necessary to remove the remains of 910 persons interred there. One elderly man of Scotch descent made a great fuss over what he termed "the enormity of molesting the bones of his ancestors."

After much argument, delay and persuasion the venerable Scot was induced to agree that if the city would construct a tomb according to his ideas he would consent to the removal without causing further trouble. On the day the vault was completed the guardian of his progenitors was taken over to inspect this new repository.

"Now," said Dr. Green, a former mayor, who had charge of the work of removing the bodies, "you can set a day and the remains can be brought over and deposited here."

"What!" exclaimed the old gentleman. "Have that nice new tomb littered up with those old bones? Never! Close up the old tomb and let 'em be!"

Thus did he secure, without cost, a new family tomb.—New York Tribune.

A Pet Whale.

On a small island in the middle of the South Pacific lives a planter, the only white man on the island—which is full of brown skinned folk—who cuts and dries the meat of the coconut, which he sells to trading vessels.

When any stranger stops at his island he will give him of the best that the island affords; he will get up great concerts and dances of the islanders; above all, he will take him out to see his pet, which is perhaps the largest and oddest animal that was ever petted by any man.

This pet is a sperm whale, nearly 70 feet long. He came through the narrow entrance into the little harbor, which is walled in by a coral reef, when quite small, and remained until he had grown so large that he could not get out if he wanted to.

The great creature comes up to be fed when the planter blows a horn, and after his meal of a barrel of chopped meat or fish performs some ponderous and amusing tricks, apparently knowing what is expected of him.—Stray Stories.

His Double Demise.

"Wull, wull!" ejaculated McLuberty, in the midst of his perusal of a newspaper which he had carelessly picked up. "Bedad, poor Duffy is dead again! An ut sames to hov happened in the same way as ut did prayvously—he has been blown up by a prematore blast. Oi shud hov t'ought that wance wuv hov been enough to satisfy him, but thin he always was wan av thim feners that niver know dheir own minds."

"Phwot are yez tarkin about?" asked Mrs. McLuberty in some surprise. "Duffy dead again? Is ut crazy ye are?"

"No; Oi do be r'ading ut roight here in dhe papy, an'—"

"Lave me look at thot dockymint! Whoy, yez blunderhead, this is a 2-year-owld papy thot Oi laid out to spread on dhe shill!"

"Is thot so? Wull, ut relaves me moind. Oi was sorry to t'ink av such bad luck happenin to poor Duffy."—Harper's Bazar.

A Dinner Test.

In Siberia there is a good custom that a bride, on coming to her husband's house, has to give a dinner prepared with her own hands as a test of the education she has received. If she succeeds in gratifying her guests, it is taken as a proof not only of the young woman's own excellence, but also as a recommendation of her whole family, by whom she was instructed.

EPWORTH LEAGUE.

Topic For the Week Beginning July 30, "That Good Part"—Text, Luke x. 38-42.

"One thing needful."

The home in Bethany was a congenial resting place for Jesus when He was in the vicinity of Jerusalem. Martha seems to have been the recognized head of the little family group. Perhaps she was the eldest. The coming of Jesus caused much extra work, and Martha was perplexed by the cares of the household.

Mary realized, perhaps more deeply than any one else, the true mission of the Master and entered most deeply into the spirit of the coming kingdom of God. To her every word of the Christ was precious, and, as the opportunities to see and hear Him were so few and short, she must be with Him every moment possible. She would not neglect needful care for food and His bodily comfort, but she entered so fully into His own spirit that those things took a second place. To hear Him talk of the things of the spirit life was the one thing most essential.

So is it ever in this life. The bodily needs, the cares of the home, the pressure of business, social duties, all the multitudinous details of living absorb so much of time and energy and thought that we grow harassed, burdened, cumbered with much serving. We almost forget that Jesus is here, is our guest, is talking, is telling of things no one ever before revealed, no one else can reveal. All our future life happiness is bound up in His teaching. What a pity we can't stop fretting about things to eat and feed on His words a little!

It is grand to do much serving for Jesus' sake. Talking, praying, giving, singing and all the rest. But it is better to stop it all, once in awhile, and sit down in quietness at His feet and listen. Other things are good, this one is needful.

Do You Go to Church?

Of course every Christian does and particularly if a member of the League or any young people's society—that is, they go to some service. Perhaps it is the young people's meeting only. Often it is to the preaching service occasionally. It is to be feared that many have no settled habit of attending public worship. The morning service has no special attraction. Hard work all the week makes a person relish the rest in bed Sunday morning. Then some out of doors recreation seems desirable, bicycle, trolley, walking or driving as one chooses or is able to afford. Occasionally some special attraction of music or unusual address may draw one out in the evening to the church, but there are multitudes who almost never enter its doors.

How many church members are gradually drifting into the same habits! Better change the programme. Stop drifting and begin to live in earnest. Nothing you can do on Sunday will so rest your body, mind and spirit as to rise early and go to the church for public worship. It changes the whole tone and tenor of the life. It gives fresh impulses and new thought. It diverts care and enlarges one's world. It lifts and inspires. Better make it a rule and follow it, to go to church regularly.

Every man who is doing honest work has the right to lift up his head among men everywhere and hold himself in hand and be one of earth's noblemen. Paul was a tentmaker, Jesus a carpenter, and their fellow craftsmen have no need to be ashamed if they do their work well.

It takes more labor to raise wheat than it does to grow a crop of weeds, but, then, the wheat is worth more when harvested. It takes work to establish good habits and do good deeds, it takes self denial and care, but then it pays in the satisfaction of being right and pure. No one is good by chance. Plow the weeds under and cultivate wheat.

After the Convention—What?

The great Indianapolis gathering is over. The immense throngs, the inspiring music, the soul filling and lifting addresses and prayers; the excitement, the enthusiasm of the hour, the delightful social associations, the strange, new scenes of the trip, the new acquaintanceships, have all had their effect. Tens of thousands return home changed in many things from what they were a fortnight since. Life is larger, fuller, richer, more intense and deeper.

Reaction from fatigue will be felt both in body and mind. Beware lest it be a snare to the soul. Slow down the speed, but keep fast hold of all the good gained.

After the convention—what? Higher ideals of science, of duty, of privilege. Deeper consecration of soul and body. More watchfulness, more freedom. Deeper heart devotion and nearness to Jesus. More loyalty to the church, more love for our fellows.

"One thing is needful." Choose it. Nearness to Christ.

"No man today has a loftier pulpit than the Christian business man who so deals with his employees that their labor is an angel of joy and blessing to them, and thus making his own labor an angel, uplifting and comforting him and leading him into fellowship with God."—Christian Advocate.

NEW PEST ATTACKS COTTON

Attempt to Find a Remedy For a Fungus That Alarms Planters.

Within a few years a new and very serious disease has appeared in the cotton fields of the south. It has spread with rapidity and threatens to ruin the cotton industry in certain regions unless some method of combating it is discovered. The disease is due to a fungus which attacks the roots, causing the plant to wither and die. It has been most destructive in the vicinity of Charleston and on the adjoining islands, where most of the sea island cotton is grown. So widespread have been the ravages of this disease that a number of planters in the cotton producing states, including most of the growers of sea island cotton, have petitioned the United States department of agriculture at Washington, both directly and through their representatives in congress, to send an expert to study the disease and suggest methods of prevention or cure. The department of agriculture has attacked the problem and appointed William A. Orton, formerly botanist at the Vermont experiment station, to make an investigation, says the New York Sun.

The planters hope that Mr. Orton will soon relieve them of a most persistent and alarming foe, as they know him to have been particularly successful in developing a practical way of eradicating the noxious orange hawk weed, which was first brought to the United States from central Europe as a garden flower and widely distributed as a premium by an agricultural paper. Under the different climate and soil encountered here the plant turned to a vile weed, with broad leaves hugging the ground so closely that the grass was literally stifled. The cure for or rather the exterminator of this weed Mr. Orton found to be common salt. Mr. Orton has just been sent to Charleston, where he will begin experimenting, and will later visit all the cotton regions that have been affected by this enemy of the plant.

NEW WATER POWER ERA.

Engineer Johnston's Invention Near Seattle Started Successfully.

The other day marked a new era in water power machinery, for the Snoqualmie cycloidal mortar received water on it for the first time at the great power electric transmission plant of the Snoqualmie Falls Power company at Snoqualmie falls, 30 miles from Seattle. The wheel, an entirely new and original design in hydraulics, is the invention of Thomas T. Johnston, chief engineer of the company and of the Chicago drainage canal commission.

When the great valve was opened, admitting the water, the machinery began to turn without a hitch. The water wheels and dynamos are located in a huge underground cavern excavated out of the solid rock at the level of the river below the falls, says the Chicago Times-Herald. Twelve thousand horsepower, the initial installation, supplies all the industrial and commercial needs of Seattle and Tacoma at present. Most of the output is rented, and enterprises in that section have an auspicious future. Lines have been built into Seattle, 30, and Tacoma, 44 miles, the steel and stone distributing stations nearing completion.

The water wheels attained an efficiency of 92 per cent. Seattle is boasting of the best power plant in the world, and President Baller is receiving congratulations of friends. W. T. Baker, a Chicago capitalist, is the principal investor in the enterprise.

NOW THE STRANGLING BUG.

Insect Captured at Media, Pa., Killed a Mouse.

One of the so called strangling bugs, a large and hideous looking insect, said to be migrating here all the way from northern Africa, where it is a terror to man and beast, was recently captured in the county jail yard at Media, Pa., by Jail Warden Thomas S. Fields.

Mr. Fields handled the bug carefully. He succeeded in brushing it into a glass jar and a few minutes afterward dropped a live mouse into the jar to watch the result. The bug in a minute made a sudden dash upon the neck of the mouse and stung or bit it in such a way as to cause it to keel over dead, says the Philadelphia Press, the bug hanging on it and sucking its blood.

The bug is of a dark brown color, about 2½ inches long, has a strong pair of wings and is armed with a sharp pointed "sucker," or sword, and two crablike claws.

The Soldier Boy at Sea.

A Kansas boy with the regulars going to Manila writes thus to his folks, says the Kansas City Journal: "For a time this morning we were very badly frightened because we thought we were lost at sea. One of the sailors told us that the captain had neglected to wind the compass the night before; that it had run down, and that nobody knew where we were or which way to sail. After awhile we found it was one of those fool sailor jokes."

Tin is one of the oldest known metals. The Chinese have used it in the fabrication of their brasses and bronzes from time immemorial.

Letter Heads

A letter head, as good as some printers' leading quality, at what might seem a starvation price, is another competition pill we have prepared. Of course it's worth a little more than the figure we ask, but not much. The other fellow will ask you \$2.50 or \$3.00 for the same thing, but we will charge you just what we think is right, and it won't be anywhere near the \$3.00 mark.

**THE NEWS REVIEW
JOB DEP'T.**

LOCAL BREVITIES.

Thank You.

Oh, most wonderful feat,
They have cleaned Fifth street,
And a happy environment now you meet.
A few hours well spent
Have removed the bad scent,
And the neighbors rejoice at the happy event.
PEGEE COOLEY.

Today is little pay.

Mailcarrier Joe Williams is threatened with fever.

The floor in the post office was repaired yesterday.

Father Smyth, of St. Aloysius church, is ill at his home in Fifth street.

Miss Lizzie Crawford, of Lisbon street, is recovering after a two weeks' illness.

A Ft. Wayne engine was attached to the early Cleveland express this morning.

The pony crew has worked late every night during the week on account of heavy freight traffic.

The Knowles, Taylor & Knowles company shipped cars of ware to Syracuse, N. Y., and Minneapolis, Minn.

Assistant Superintendent Kelly, of the telephone office, placed several new telephones in Salineville today.

Most all the persons who went to Cleveland Thursday, have returned to the city. Several arrived early this morning.

The Crockery City ball club left this morning for Millvale, where they played a game with the team of that place this afternoon.

Mrs. Samuel Hancock is ill at her home in Union street with the measles. This is the first case of measles that has been reported for several months.

The library directors met last evening and transacted routine business. The proposition of Andrew Carnegie to build a \$50,000 library here was informally discussed.

The funeral of John Kerrigan took place this morning from St. Aloysius church, Father Halligan officiating in the absence of Father Smyth, who is ill. Interment was made at the Catholic cemetery.

Philip DeMuth has been given the contract for carrying the mail between this city and Negley postoffice. He will make 313 trips and will receive \$400 for his services, the largest the government ever paid.

In Lisbon the Columbiana County Telephone company will place their poles, as far as possible, in alleys and backyards, leaving the streets, sidewalks, lawns, etc., free from the unsightly appliances.

The Odd Fellows have had a new bannister added to their stairway and the doors changed so they would swing out. The changes were made in accordance with an order from Deputy Factory Inspector Hull.

Captain Baker of the Cleveland and Pittsburg police force, with Detectives Shiffler and Adams, of Brilliant and Rochester, were in the city all day yesterday looking after criminals. Mr. Adams left town on the circus train.

Edward Rayman Bratt, the two-months-old son of Mr. and Mrs. J. E. Bratt, died yesterday afternoon at 1:20 o'clock, at their home on Spring street. The funeral will take place tomorrow afternoon at 4 o'clock, Reverend Weary officiating. Interment at Riverview.

Brakeman Emmett Redman, of the pony crew, had an argument with several circus laborers yesterday afternoon and for a time it looked as though the men would come to blows. The circus people objected to the manner in which their train was parted.

J. J. McCormick, general freight agent of the Cleveland and Pittsburg road, spent last night in the city on business. When seen this morning by a reporter he stated the road was now enjoying an excellent passenger and freight traffic, especially on the river division of the road.

CHURCH CHIMES.

Subjects of Sermons at the Services to Be Held Tomorrow.

Methodist Protestant church, Rev. C. F. Swift, pastor—Preaching at 11 a. m. and 8 p. m.; Sunday school, 9:30 a. m.; Junior meeting, 3:30 p. m.; Endeavor meeting, 6:45 p. m.

Morning subject: "Poison Vipers;" evening subject: "Things to be Avoided."

Second U. P. church, Rev. J. R. Greene, pastor—Preaching at 11 a. m. and 8 p. m.; Sunday school at 9:45 a. m.; young people's meeting at 7:15 p. m.

Morning subject: "A Lesson on Temperance;" evening subject: "Religion Suitable For Youth and Old Age."

First M. E. church Dr. Clark Crawford, pastor—Preaching at 11 a. m. and 8 p. m.; Sunday school 9:30 a. m.; class meeting 12:15, 2 and 6:15 p. m.; junior league 4 p. m.; senior league 6:45 p. m., Gardendale Sunday school 3 p. m.

Morning subject, "Graven on His Hands;" evening subject: "Faith and Concession."

Chester chapel, Rev. W. B. Gillis, pastor—Preaching at 3:30 p. m., Sunday school at 2:30 p. m.

Christian church, Rev. Walter Mansell, pastor—Preaching at 10:45 a. m. and 8 p. m., Bible school 9:30 a. m., Endeavor 7 p. m., Junior Endeavor 4 p. m., Sunday school 9:30 a. m.

Morning subject: "Growing in Grace;" evening subject: "Daniel."

St. Stephen's Episcopal church, Rev. Edwin Weary, rector—11 a. m., morning service and sermon; 7:30 p. m., choral evensong and short address by the pastor; holy communion, 7:30 a. m.; Sunday school, 9:30 a. m.; rector's Bible class, 9:45 a. m.; 3 p. m., baptism of children.

Second M. E. church, Rev. W. H. Haverfield, pastor—Preaching at 11 a. m. and 8 p. m.; Sunday school 10 a. m.; class meeting 3 p. m.; junior league 2 p. m.; senior league 7 p. m.; mission services at Neville institute 3:30 p. m.; Sunday school 2:30 p. m.

Morning subject: "Spiritual Agencies in Life;" evening subject: "Ingersollism versus Christian Hope."

Second Presbyterian church, Rev. N. M. Crowe, pastor—Preaching at 11 a. m. and 8 p. m.; Sunday school, 9:45 a. m.; Junior Endeavor, 3 p. m.; Senior Endeavor, 7 p. m.

Morning subject: "The Law Magnified;" evening subject: "Assurance That Prayer Will be Answered."

First Presbyterian church, Dr. John Lloyd Lee, pastor—Preaching at 11 a. m. and 8 p. m.; Sunday school, 9:30 a. m.; Endeavor society, 6:45 p. m.

Rev. W. P. Lee, of Philadelphia, will occupy the pulpit morning and evening. Reverend Lee is a brother of Doctor Lee, pastor of the church.

NEWS OF THE DAY

Gathered In Columbiana and Adjoining Counties For Local Readers.

The Columbiana county Harvest Home picnic will be held at Shelton's grove August 26.

The Salem board of education has purchased for the high school of that city a telescope costing \$325.

The Alliance First Methodist Episcopal church, which is being erected at a cost of over \$50,000, will be dedicated on September 3.

Farmers of Leetonia have been circulating a petition this week, asking for free rural mail delivery from the Leetonia postoffice.

A Material Increase.

The Crockery and Glass Journal says of East Liverpool trade during the week: "Additional orders have been coming in from day to day, and at present they show a material increase. The traveling men are mostly out now, but liberal returns from them are hardly to be expected this month. They are looking over the field, seeing where demands will be earliest and largest, and making the trade acquainted with their new patterns and lines."

Merchants Will Close Earlier.

LISBON, July 29.—[Special]—District Deputy John E. Anderson instituted a local branch of the Retail Clerks' association here last night. Most of the merchants in town have agreed to close at 6 p. m., beginning next Wednesday evening.

Marriage License.

LISBON, July 29.—[Special]—Marriage license has been issued to Lionel Verner Fickes and Margaret Guy, of New Waterford.

HASSEY'S HOME,

Will
Noon

Open
July 31.

Washington Street,

OPPOSITE F. N. BANK.

Mr. Ed. Hassey has had years of experience in catering to the public. He is aware of the fact that a

FIRST CLASS RESTAURANT

Is a necessity in East Liverpool, and he believes that he can fill the necessity. He purposes having simply a fair return for his investment, and will furnish the very best of meals and luncheons at reasonable figures. He will use the very best of everything that the market affords in the way of meats, vegetables, fruits, coffee, tea, chocolate, and all non-intoxicating beverages. The

DINING ROOM

Will be made as cozy and homelike as possible, neat and clean, as Ed. and his wife believe firmly in the adage that "Cleanliness is akin to Godliness."

THE BEST OF ORDER

Will be absolutely guaranteed. You need have no hesitation in bringing your family or lady friends and acquaintances to

HASSEY'S HOME.

Regular meals at regular hours. Special orders filled at all hours, from 6 a. m. until midnight. Meal tickets will be furnished upon application. Nice luncheons at reasonable rates.

Patrons will receive prompt attention and courteous treatment. Mr. Hassey will consider it a special favor to be apprised of any deviation from this rule. He does not desire to have all the custom of the city, but simply a share thereof. He will be pleased to cater to your wants in his line, and will accord you a warm welcome at

HASSEY'S HOME,

197 Washington St., East Liverpool, O.

Letter Heads

A letter head, as good as some printers' leading quality, at what might seem a starvation price, is another competition pill we have prepared. Of course it's worth a little more than the figure we ask, but not much. The other fellow will ask you \$2.50 or \$3.00 for the same thing, but we will charge you just what we think is right, and it won't be anywhere near the \$3.00 mark.

**THE NEWS REVIEW
JOB DEP'T.**

LOCAL BREVITIES.

Thank You.

Oh, most wonderful feat.
They have cleaned Fifth street,
And a happy environment now you meet.
A few hours well spent
Have removed the bad scent.
And the neighbors rejoice at the happy event!
PEGGY COOLEY.

Today is little pay.

Mailcarrier Joe Williams is threatened with fever.

The floor in the post office was repaired yesterday.

Father Smyth, of St. Aloysius church, is ill at his home in Fifth street.

Miss Lizzie Crawford, of Lisbon street, is recovering after a two weeks' illness.

A Ft. Wayne engine was attached to the early Cleveland express this morning.

The pony crew has worked late every night during the week on account of heavy freight traffic.

The Knowles, Taylor & Knowles company shipped cars of ware to Syracuse, N. Y., and Minneapolis, Minn.

Assistant Superintendent Kelly, of the telephone office, placed several new telephones in Salineville today.

Most all the persons who went to Cleveland Thursday, have returned to the city. Several arrived early this morning.

The Crockery City ball club left this morning for Millvale, where they played a game with the team of that place this afternoon.

Mrs. Samuel Hancock is ill at her home in Union street with the measles. This is the first case of measles that has been reported for several months.

The library directors met last evening and transacted routine business. The proposition of Andrew Carnegie to build a \$50,000 library here was informally discussed.

The funeral of John Kerrigan took place this morning from St. Aloysius church, Father Halligan officiating in the absence of Father Smyth, who is ill. Interment was made at the Catholic cemetery.

Philip DeMuth has been given the contract for carrying the mail between this city and Negley postoffice. He will make 313 trips and will receive \$400 for his services, the largest the government ever paid.

In Lisbon the Columbiana County Telephone company will place their poles, as far as possible, in alleys and backyards, leaving the streets, sidewalks, lawns, etc., free from the unsightly appliances.

The Odd Fellows have had a new bannister added to their stairway and the doors changed so they would swing out. The changes were made in accordance with an order from Deputy Factory Inspector Hull.

Captain Baker of the Cleveland and Pittsburgh police force, with Detectives Shiffler and Adams, of Brilliant and Rochester, were in the city all day yesterday looking after criminals. Mr. Adams left town on the circus train.

Edward Rayman Bratt, the two-months-old son of Mr. and Mrs. J. E. Bratt, died yesterday afternoon at 1:20 o'clock, at their home on Spring street. The funeral will take place tomorrow afternoon at 4 o'clock, Reverend Weary officiating. Interment at Riverview.

Brakeman Emmett Redman, of the pony crew, had an argument with several circus laborers yesterday afternoon and for a time it looked as though the men would come to blows. The circus people objected to the manner in which their train was parted.

J. J. McCormick, general freight agent of the Cleveland and Pittsburgh road, spent last night in the city on business. When seen this morning by a reporter he stated the road was now enjoying an excellent passenger and freight traffic, especially on the river division of the road.

CHURCH CHIMES.

Subjects of Sermons at the Services to Be Held Tomorrow.

Methodist Protestant church, Rev. C. F. Swift, pastor—Preaching at 11 a. m. and 8 p. m.; Sunday school, 9:30 a. m.; Junior meeting, 3:30 p. m.; Endeavor meeting, 6:45 p. m.

Morning subject: "Poison Vipers;" evening subject: "Things to be Avoided"

Second U. P. church, Rev. J. R. Greene, pastor—Preaching at 11 a. m. and 8 p. m.; Sunday school at 9:45 a. m.; young people's meeting at 7:15 p. m.

Morning subject: "A Lesson on Temperance;" evening subject: "Religion Suitable For Youth and Old Age."

First M. E. church Dr. Clark Crawford, pastor—Preaching at 11 a. m. and 8 p. m.; Sunday school 9:30 a. m.; class meeting 12:15, 2 and 6:15 p. m.; junior league 4 p. m.; senior league 6:45 p. m.; Gardendale Sunday school 3 p. m.

Morning subject, "Graven on His Hands;" evening subject: "Faith and Concession."

Chester chapel, Rev. W. B. Gillis, pastor—Preaching at 3:30 p. m., Sunday school at 2:30 p. m.

Christian church, Rev. Walter Mansell, pastor—Preaching at 10:45 a. m. and 8 p. m.; Bible school 9:30 a. m., Endeavor 7 p. m., Junior Endeavor 4 p. m., Sunday school 9:30 a. m.

Morning subject: "Growing in Grace;" evening subject: "Daniel."

St. Stephen's Episcopal church, Rev. Edwin Weary, rector—11 a. m., morning service and sermon; 7:30 p. m., choral evensong and short address by the pastor; holy communion, 7:30 a. m.; Sunday school, 9:30 a. m.; rector's Bible class, 9:45 a. m.; 3 p. m., baptism of children.

EVENING NEWS REVIEW.

15TH YEAR. NO. 43.

EAST LIVERPOOL, O., SATURDAY, JULY 29, 1899.

TWO CENTS

TAUGHT THEM HATRED

Carpet-Baggers Arrayed Negroes Against Whites.

CANDLER ON THE RACE PROBLEM.

Another Element Are the Fanatics and Cranks, Who Urge the Blacks to Arm Themselves Against the Whites—Rotten Politics Also Blamed.

ATLANTA, July 29.—Governor Candler has, since the Bainbridge series of lynchings occurred, been asked by newspapers in various parts of the country to give his opinion of the race question in the south. To one he said that before the ballot was thrust into the hands of the negro, unprepared for it and utterly ignorant of its sanctity, of the responsibilities of citizenship, notwithstanding he was a slave, he was happy and well contented.

But after his emancipation came his enfranchisement and with his enfranchisement came a board of carpet-baggers, who took charge of him when his former master and protector, with whom he had lived for generations on the most friendly and often even on affectionate terms, was de-citizenized by the partisan reconstruction laws.

They falsely taught the negroes that the southern white men were solely responsible for their enslavement and were their worst and only enemies, and that therefore it was their duty and their interest to vote against them and their party and oppose everything they were in favor of, favor everything they were opposed to—in a word to hate them.

The civil teachings had but little permanent effect upon the grownup negroes, but upon the children, the generation which has grown to manhood since that time, that effect has been most baneful.

A more immediate cause is the perpetual intermeddling with the relations of the races in the south by fanatics and fools.

They publish in the newspaper grossly exaggerated accounts of crimes committed against the negro in the south and omit any notice of the crimes against the white women which provoked the retaliation. They write incendiary letters to turbulent negroes all over the south, advising them to arm themselves with Winchester rifles and for every guilty rapist who pays the penalty to shoot down the first two white men he meets.

Thousands of such letters have been written to Georgia in the last three months.

Governor Candler says the intermeddlers of the north do not present a respectable minority, and that the lawless and criminal negroes of the south constitute less.

Rape is as much deplored by the better class of negroes as by the better class of white men. But, as because some negroes commit rape the whole race suffers, so, because some white men lynch rapists, all the whites of the south are abused.

Another and a continual present cause which contributes to race friction is corrupt politics.

Governor Candler said he believed a restricted suffrage will remedy the evils, that the ballot be given only the intelligent negro. As to the disposition to be made of the large percentage of illiterate negroes, the governor makes no suggestion.

A U. S. SAILOR BURIED.

Admiral Dewey Sent a Wreath—Austrian Marines Participated—Olympia Sails Tuesday.

TRIESTE, Austria, July 29.—Isaac Raskallan, electrician on board the United States cruiser Olympia, was buried with military honors.

The cortege was led by the Olympia's band, followed by a squadron of marines. The hearse was followed by 60 American sailors and a detachment of Austrian marines.

Admiral Dewey sent a beautiful wreath. The Austrian authorities offered a military band for the occasion, which was courteously declined.

The Olympia will leave on Tuesday, Aug. 1, for Naples. On the way to New York the cruiser will probably stop at Leghorn, Gibraltar and Madeira.

ADVERSE TO SALVATION ARMY.

Court Decides Religious Liberty Does Not Cover Beating a Drum.

PHILADELPHIA, July 29.—The superior court of Pennsylvania handed down an opinion adverse to the Salvation Army, in which the court maintains that the question of religious freedom is not involved in a case where the public peace is disturbed.

The matter came before the court on an appeal of Joseph Garabad from the Luzerne county courts. He is a Salvation Army officer and was arrested and fined for beating a drum, which was alleged to have disturbed the peace.

DEPOSED BY ASSASSINATION.

A Plot Was on to Deprive Heureaux of His Place.

KINGSTON, Jamaica, July 29.—Advices from Santo Domingo to a Domini-

can here described the existence of a well planned and widespread plot by adherents of Jimenez to depose President Heureaux which it was thought was sure to succeed. The assassination of President Heureaux was regarded here as an indication of the success of the plot.

OUR SULTAN IS LOYAL

Warned His Subjects to Be Friendly and Not Molest the Americans. Fight at Balabac.

SANDAYAN, Philippine islands, July 24, via Labuan, July 29.—Gen. Bates reached Sulu July 16 to arrange a treaty with the sultan at a conference to begin today. The sultan is to go to Sulu from the village of Maibun. The people of that island display great friendliness toward the Americans and it is believed a satisfactory treaty will soon be completed. If so future hostilities between the natives and the Americans in the Sulu archipelago would be prevented. The same would be true of the island of Mindanao, which is tributary to the sultan. The only features likely to be troublesome are slavery and the plurality of wives, which points it is believed the natives will insist upon.

The sultan of Sulu has issued the following proclamation to the people: "I have met the Americans. They have come among us as friends, not to interfere with our religion or rights of government. All those who love their country or sultan I warn to be friendly and not molest them. The Americans are like a box of matches—you strike one or two and they all blaze up."

The Moros of Zamboanga are anxious to have the Americans take possession of that port. They have imprisoned the Tagalo leaders representing Aguinaldo there.

A gunboat went from Manila to Balabac to re-establish a lighthouse. The commander found the light stolen, but finally recovered it. He returned to Balabac and set it up again, leaving friendly natives in charge and the United States flag floating. Going back he found the flag gone and the Filipino flag floating. Two officers and 13 marines were landed after a long, hard, stubborn fight, in which the native chief, the first officer and six natives were killed and several wounded. No American was even wounded.

Casualties Reported by Otis.

WASHINGTON, July 29.—General Otis sent a report of the capture of Calamba, in the course of which, he gave the following casualties: Privates Charles Gleesup, Fourth, and McDuffy, H, Twenty-first, killed. Corporal Thomas Totten, G, Fourth, mortally wounded. Privates Michael Sheridan, Herbert Tracey and Napoleon White, K, Twenty-first seriously wounded. Privates Hinds and Plummer, G, and Sanson, C, Fourth, Phillips, H, Christie and Hollister, D, and Ashland, I, Twenty-first, slightly wounded. Insurgent casualties unknown.

Death Reported In Cuba.

WASHINGTON, July 29.—Surgeon General Sternberg received the following from Major O'Reilly at Havana: "J. W. Dawson, civilian, Las Animas hospital, Havana, yellow fever, seriously ill, some improvement past two days. Acting Assistant Surgeon John V. Hamilton, died at Matanzas, 26th, uremia chronic nephritis."

Deaths of Soldiers Reported.

WASHINGTON, July 29.—General Davis reported the death at Ponce, Porto Rico, of Commissary Sergeant Martin Fogarty on the 26th inst. of apoplexy. General Brooke cabled the death at Holguin of Albert B. Ruin, Company G, Tenth cavalry, of typhoid fever.

To Repatriate Spaniards.

MANILA, July 29.—In compliance with an order received from Madrid, the Spanish transport Alva will proceed from Manila immediately to the Caroline islands, in order to repatriate the garrison and inhabitants of those islands.

Mormon Elders Escaped.

JACKSON, Ga., July 29.—Three Mormon elders, who were taken away from the home of William Cunnard, at Newton factory, in Jasper county, Wednesday night, escaped from the mob and were safe near Jackson. They were suffering from many bruises and injuries. They swam down a creek, hotly pursued by the mob, finally escaping. Mrs. Cunnard, a portion of whose jaw was shot away in the fight between the mob and her husband, was badly wounded.

Invited to Democratic Picnic.

DETROIT, July 29.—Mayors Harrison of Chicago and Van Wyck of New York were invited to attend a large local Democratic picnic Aug. 19, on Sugar island. A definite response was received from neither, but both were being counted upon. It was expected that the Democratic campaign for mayor this fall will be outlined by speakers at the picnic.

Ships Ordered to San Domingo.

WASHINGTON, July 29.—Secretary Long sent telegraphic orders to the cruiser New Orleans at Newport directing that she proceed at once to San Domingo. At the same time an order was sent to the gunboat Machias, at St. Thomas, to leave for San Domingo. This action was not due to the receipt of any official advices indicating possible trouble, but entirely to the desire to be forehanded in dealing with any possible disturbance.

A CAR WAS DYNAMITED

Cleveland Strike Marked by Another Explosion.

AXLINE AND FARLEY DIFFER.

The Adjutant General Believes It Is the Duty of the Guard to Put Down Rioting and Not to Do Police Duty—The Council May Act.

CLEVELAND, July 29.—A car returning from Euclid Beach park was blown up by dynamite while returning to the city. The explosion took place a short distance north of the Lake Shore railroad, about two miles east of the city limits. The front truck was demolished and the floor of the car shattered. There were no passengers on board and the motorman and conductor escaped without injury.

CLEVELAND, July 29.—The street cars were well patronized, especially during the busy hours of the morning and evening.

Mayor Farley was well pleased with the situation, but he had not relaxed his vigilance one whit and will not until the last vestige of the disorder is wiped away. The mayor and Adjutant General Axline were involved in a controversy over what the troops should do and what they should not do. The adjutant general was of the opinion that the duty of the national guard was merely to put down rioting and not to do police duty. Whatever the duty of the national guard may be, Mayor Farley held that the troops were here under his authority and said they would remain here until he felt they could be dispensed with. The responsibility of preserving the order of the city rested upon the shoulders of the mayor, he said, and he proposed to see that his plans were not interfered with by any one. He declared that he was to be the judge as to when the troops were not wanted.

There have been several outbreaks between Mayor Farley and Adjutant General Axline within the last few days over this question. The mayor refused to discuss the difficulty, saying that this was not a time to stir up any discord.

"I will merely reiterate my statement of Thursday night," said the mayor. "This is a time for every man to mind his own business."

Rumors to the effect that the city council will endeavor to reconsider the resolution of Thursday night reached the ears of the mayor and he did not like them. The mayor felt that he had the situation well in hand and he feared that any action of the council whatever would be tantamounting with the lawless element of the city and would cause agitation which would simply prolong the trouble.

After the breaches have been healed and quiet has been absolutely restored the mayor, it was said, would not object to any kind of an investigation upon the part of the council, but he deems that the members are treading on extremely dangerous ground when they undertake to reopen the discussion.

It was said that any such resolution as was proposed the other night can be adopted with a full council meeting, and efforts are to be made to have every one present next Monday night. Perhaps a new proposition will be submitted asking the council to investigate, not only the cause of the disturbances, but also the causes leading to the violation of the agreement entered into by the company and its employees at the end of the first strike.

The mayor took but little interest in the talk of boycotting merchants. He believed that just as soon as quiet was restored and the fever was gone all such talk would cease.

It was said at the City hall that there were quite a number of the recent employees of the street railway company who would go back to work if permitted, but that they are hindered by threats by some of the more radical employees and the leaders of the strike.

Mayor Farley demanded that the keys of Huck and Miles avenue school buildings be turned over to him. He wants to use the buildings as barracks for soldiers. In compliance with the demand, as had been the case on the day previous, School Director Sargent ordered the janitor of those buildings to stand ready to admit troops.

HELP DEWEY HOME FUND.

The Committee Asked Contributions—Declared Home Would Be Bought, Regardless of Amount.

WASHINGTON, July 29.—The secretary of the Dewey home fund requested the publication of the following statement: There can no longer be any doubt as to whether a home will be purchased by popular subscription for Admiral George Dewey. At a meeting of the national Dewey home fund committee today (Friday) it was found that the aggregate amount of cash actually received by Treasurer Roberts is \$16,700, from a total of over 23,000 subscribers. One hundred and three subscribers gave \$10,000. The statement was made that the \$5,000 promised some time since by the New York Journal would be forthcoming shortly, bringing the grand ag-

gregate up to \$31,000. The committee agreed to close the subscriptions before the arrival of Admiral Dewey in New York in September and then to proceed, after consultation with the admiral as to location, etc., to purchase the home with whatever funds they may at that time have in hand.

"We will purchase the home if not another dollar is received; so that the question now is whether the patriotic and generous people of the country will permit the purchase of a home at the nation's capital for the hero of Manila with \$20,000 or \$30,000," say the committee, in making their last appeal. Therefore those who desire to contribute are urged by the committee to contribute at once. All contributions should be forwarded to Hon. Ellis H. Roberts, treasurer of the United States, Washington, who will issue souvenir receipts for the same.

TRIPARTITE TREATY WRONG

Chambers Says No Government Will Succeed in Samoa Under It—Probably Won't Return.

SAN FRANCISCO, July 29.—Chief Justice W. T. Chambers of Samoa arrived here on the steamer Moana accompanied by his family. He is on a four months' leave of absence, but said that his business in the United States is of such a nature that he would probably not return to Apia.

In an interview the chief justice said in part: "All is now quiet in Samoa, but I cannot answer for the future. Both Mataafa and Malietoa affect to be satisfied with the present arrangement, which abolishes the office of king and vests the responsibility of government in the consuls of the three powers. I feel sure Malietoa is sincere in this."

"Mataafa is ambitious. For many years he has thirsted for power and will not be so easily satisfied. At the same time he is a man of exceptional ability, is shrewd and I have never thought the interests of the natives would especially suffer in his hands."

"Yes, my decision has been sustained by the commission and it has published the fact in a proclamation."

"In its work the commission has endeavored to eliminate from the original arrangement all of the features that have appeared faulty or weak. Those sections have simply been struck out, leaving nothing in their places. What will rob the whole document of proper effectiveness is the tripartite treaty under which it will have to operate. I am sure that no government in Samoa will succeed under such an arrangement. The sooner the powers see this and formulate some correction the better for all concerned."

Judge Chambers said he had finished up all of the cases to come before the court this summer. The commission is empowered to appoint a chief justice ad interim, to act in case anything arises before a permanent appointment is made. Up to the time Chambers left, the commission had not decided whom the new man would be.

FOUR HUNG ON ONE SCAFFOLD.

A Fifth Negro's Sentence Commuted. One Man's Cap Came Off.

BALTIMORE, July 29.—Upon one scaffold and simultaneously four negroes were hanged in the Baltimore city jail-yard. Three of the men, Cornelius Gardner, John Myers and Charles James, paid with their lives for criminally assaulting Annie Bailey, a 13-year-old negro, while Joseph Bryan, the fourth member of the quartette, killed Mary Peck, a negro, with whom he had lived.

A fifth negro, Daniel Rodgers, convicted of killing his brother-in-law, Charles Lewis, was to have occupied the same scaffold, but his sentence was commuted to life imprisonment by Governor Lowndes. Gardner's cap became disarranged in the fall and his face was visible to the spectators. He was apparently conscious about one moment, after which he slowly strangled.

Opinions on Porto Rico Franchises.

WASHINGTON, July 29.—The attorney general rendered opinions in three cases involving questions of franchises and concessions in Porto Rico. In the case of Vicente and Jesse Usera, the attorney general holds that they do not hold a complete and lawful concession to build a tramway from Ponce to Port Ponce and that the secretary of war has no right to confirm such concession. The attorney general also holds adversely on the application of Ramon Valdez Y Cobian for a concession of the right to use the water power of the river Platin in Porto Rico. In the case of Frederick W. Weeks for application to construct a wharf or pier at Ponce, the attorney holds that to grant the application is beyond the power of the secretary of war.

Artist Parsons Was Set Free.

PHILADELPHIA, July 29.—Percy Parsons, the traveling artist, who is wanted in Allegheny county on a charge of securing \$1,500 from O. M. Schwab, president of the Carnegie Steel company, on false representations, was discharged by Judge Audenreid. Parsons was taken into custody on Sunday in violation of the statute which prohibits arrests for misdemeanor on that day.

Mrs. McKinley Was Better.

PLATTSBURG, N. Y., July 29.—The president, accompanied by his niece, Miss Duncan, and Private Secretary Cortelyou, went for a long walk toward the lake. Mrs. McKinley was feeling better than she had for several days.

ONE HUNDRED HURT.

Laborers Injured In Wreck, Near Steubenville.

WORK TRAIN STRUCK SHIFTER.

Two Loaded Cars Piled Into a Heap and Many of Them Were Buried Under the Debris—Engineer Couldn't Stop the Train in Time.

STEUBENVILLE, July 29.—A serious wreck occurred on the Cleveland and Pittsburgh road, between this place and Mingo Junction, in which 100 laborers were more or less injured. Work train No. 656 left Steubenville with two carloads of men, who were engaged to do some work at Mingo Junction. The train was rounding the curve near Jefferson schoolhouse and crashed into the Mingo shifter. The two cars carrying the workmen were piled in a heap and many of the workmen buried beneath the debris.

All were considerably bruised. William McCarthy had his leg sprained and Robert McElcannan his arm sprained. Aged Jack Howard was injured by the stove falling on him. The engine and both coaches were damaged. The engineer of the gravel train remained at his post and was nearly buried with coal in the tender of the engine.

For weeks the Cleveland and Pittsburgh has suffered from a congestion of freight traffic in this section, and the cause for the wreck is attributed to this fact. When the engineer of the gravel train saw the danger he tried to stop his train in time, but the rails were wet and the train, due to great speed, went along with apparently unchecked momentum.

The wreck caused great excitement here and in Mingo until it was learned that no one was seriously injured.

New President of Wooster.

WOOSTER, O., July 29.—After a vacancy of two years, Wooster university has at last secured a president. The trustees unanimously elected Rev. Louis E. Holden, professor of biblical instruction and financial agent of Beloit (Wis.) college. He has accepted. His age is 36 years. He is a graduate of Beloit and Princeton Theological seminary.

Talk of a Car Strike.

CINCINNATI, June 29.—There have been repeated rumors about a strike on the Cincinnati Consolidated Street railway system and it was stated that the men would quit today. It was also said that cars will be run as usual today, but that the men may strike if their demands are not met by next Tuesday midnight.

An Elevator Burned.

TIFFIN, July 29.—At Green Springs, near here, the large Nickel Plate elevator was burned and over 150,000 bushels of wheat consumed. An adjoining building, containing a large amount of corn, was also burned.

Messenger Strike Over.

CINCINNATI, July 29.—The strike of the messenger boys is practically over. Neither the Western Union nor the Postal made any concessions. Most of the strikers applied for reinstatement.

Foraker's Mother Died.

CINCINNATI, July 29.—Senator J. B. Foraker's mother died at Hillsboro, O. Mrs. Foraker had been seriously ill for the past three months.

Meline Offered Greater Concessions.

WASHINGTON, July 29.—The semi-official statement in Paris that American leather does not get the minimum rate under the new reciprocity treaty, although M. Meline's cabinet offered this rate to American leather, caused considerable amusement in official circles here. It is one of the recorded facts of the recent negotiations that M. Meline, when premier, who is now attacking the new treaty, offered far greater concessions on American goods than the present ministry permitted to be inserted in the treaty as finally formed.

Bailey Thinks There's an Alliance.

HOUSTON, July 29.—In an interview the Hon. J. W. Bailey said: "I am fully persuaded that the national administration has entered into a full and complete agreement for an alliance between Great Britain and the United States. This alliance, in my opinion, is to be both offensive and defensive. I think the reason it has not been published to the world is that for political reasons the president is afraid to do so."

Some Oregon Boys to Re-Enlist.

WASHINGTON, July 29.—Lieutenant Colonel Plummer, who is organizing the Twenty-fifth infantry, telegraphed to the war department that a number of the men from the Second Oregon desired to enlist in the regiment and return to the Philippines if they could be granted 30 days' furlough. The furlough has been authorized by the war department to such men as desire to enlist.

Three Persons Drowned.

NORWAY, Me., July 29.—News was received here that George Clarke, Fred Clarke and James Bowen of Bethel, Me., lost their lives in Lake Umbagog.

THE EAST END.

BLOCKADES THE HOUSES

Trains Switched Upon a Siding Near Harker's

CAUSE VIGOROUS COMPLAINT

Laundry Company Will Hold Their Final Meeting Thursday--Among the Sick, Mercer Going West--New Postoffice Sign--Personal.

People who live north of the railroad track, in the vicinity of the Harker and Globe potteries, have a large kick coming against the railroad company.

There is a double track in front of their residences, and it is the custom for engineers to move long freights in on one of the tracks and leave the train standing there sometimes for several hours. In doing so they shut off all provision wagons from getting to the houses, and prevent the residents from getting out to milk wagons or to and from work unless they cross the train. The residents objected very strongly, and the matter was finally laid before Officer White, who notified Freight Agent Thomas. Mr. Thomas promised that he would notify the freight conductors to leave the crossings open at that point. There are two crossings, and the law provides that a train cannot close them for more than four minutes.

NEXT WEEK.

Laundry Promoters Will Arrange All Details Next Thursday.

It was stated today the promoters of the laundry, to be located in the Chambers building on First avenue, would meet next Thursday and complete all details preparatory to starting the plant. The new machinery will be ordered and officers of the company named.

Personal.

Mr. and Mrs. R. L. Andrews and children, who have been spending several weeks in Cleveland, have returned to the city.

Frank Chambers and family, who have been visiting friends in Knoxville, are expected to return home this evening.

Building News.

Frank Reagle is arranging to erect a five room residence on the McDonald place above Helena.

The new Smith residence on Pennsylvania avenue, will be ready for occupancy next month.

Among the Sick.

Miss Maude Carman is ill at her home in St. George street, threatened with typhoid fever.

Mrs. T. O. Strain, who has been ill for some time, is recovering.

Mrs. J. B. Martin continues to improve.

Going West.

D. R. Mercer, of Agricola, Kans., who has been visiting relatives in East End for several weeks, will return to the west early next month.

An Interesting Meeting.

The Senior Mechanics held an interesting meeting in their rooms in Mulberry street last evening. Several candidates were initiated.

An Improvement.

A new sign has been placed on the postoffice on Mulberry street. This is something that has been long needed.

A Lawn Fete.

The Young People's Christian union will give a lawn fete on the church grounds next Tuesday evening.

ON THE RIVER.

Slight Rise During the Night Causes Boat Owners to Rejoice.

The gauge last night was 4.9 feet and stationary, with the same conditions prevailing throughout almost the entire course of the river. There is still sufficient water for ordinary draught tow-boats to get in. The steamer Greenwood, from Charleston, arrived with a big trip. She will be down tonight.

For Sale at a Bargain.

House and barn, on Third street near Broadway. Inquire of J. C. THOMPSON.

Neckwear that is sold by dealers at 48c and 75c is good quality of silks, but when they can be purchased at 39c at Joseph Bros.' clearance sale it should be an inducement to buyers to see this firm's line.

MEANEST MAN ON EARTH.

He Is a Drummer and Put Up at the New Thompson Hotel.

On Thursday night of this week there came, about the hour of 11 o'clock, a summons to the Central telephone headquarters, asking for the services of a messenger boy, the drummer desiring to send a telegram. He was put in telephonic communication with Ed Hassey's restaurant, and young Frank Hassey jumped astride his bike and was soon in the presence of the generous (?) drummer, who gave the youngster the telegram and the sum of 25 cents, telling him to return to the hotel after the sending of the message and receive pay for services rendered. The telegram and stamp cost 26 cents. The operator charged the penny to Ed Hassey's account, or possibly paid for the stamp out of his own pocket, and Frank sought the drummer for remuneration. The big hearted (?) commercial traveler went down into his wallet, fished out a cent and gave it to the lad, who gazed at the bonanza with a look of intense disgust, dropped the penny in the slot of his unmentionables and glided away for home, stopping at Jack Rowe's enroute, to tell the story of his adventure. Jack coached the boy in proper shape and sent him back to the hotel, where he found the miser and skinflint, and thus addressed him:

"Say, Mister, I expect you're a poor orphan boy, with only one father and mother, and maybe a large family of small children to support. Here's your penny—you look as if you might need it more than I do."

The drummer first gazed at the boy, then let his eyes rest upon the money, reached out his hand and fastened on the treasure trove and thrust it in his breeches pocket, heaving a sigh of relief and walking away to his room.

Fact, and certainly stranger than fiction. Mark the creature down as the meanest man on earth.

WANT TO BUY

A HILL POTTERY.

Steubenville Capitalists Negotiating For the Purchase of a Large Plant.

When Alfred Day, of Steubenville, was in the city several days ago he did not state the object of his visit, but today it was learned he was here in the interest of several Steubenville capitalists who desire to purchase a local pottery. Mr. Day spent his time while here in consultation with the owners of a hill pottery and while no deal was closed it was understood that the plant in question would be purchased before October.

Mr. Day refused absolutely to talk of the matter, but upon his next visit to the city it is very likely definite arrangements will be made.

BROKE THREE RIBS.

Railroad and Express Employees Met With Serious Accidents Yesterday.

While rolling a cask at the freight depot yesterday George Richards, of West End, met with an injury which will lay him up for several weeks. He was rolling a cask in the car when he missed his footing and fell between the car and platform, breaking three ribs on the left side. He was removed to his home on a street car, when the fracture was reduced by a physician.

Harry Luthringer, employed at the Adams express office, had the thumb of his right hand mashed yesterday by a box falling on it. The injury is very painful.

The Road to Wealth.

In my opinion, the secret of money making depends chiefly upon five things—push, "squareness," clear headedness, economy and rigid adherence to the rule of not overworking. Too much work is worse than no work at all. It undermines the constitution and unfits a man mentally and physically for the battle of life. Ten hours a day of steady work is as much as any man—no matter how robust—ought to attempt. In addition to these things, avoid being too grasping; better make a small profit by sure means than attempt to make a larger one by uncertain and risky measures.—Andrew Carnegie.

Children's vestee suits consist of coat, vest and trousers and they sell them at 85c, \$1 and \$1.25 at the clearance sale at Joseph Bros. People are astonished at the low prices.

Dr. Riker, the eloquent platform speaker, at Spring Grove, Sunday, July 30.

STORIES ABOUT ALGER.

Interesting Incidents In the War Secretary's Career.

HIS SHREWDNESS ILLUSTRATED.

A Lumber Deal In Which General Alger Made a Large Fortune—How He Paid a Debt of Gratitude Contracted In Youth—Meeting an Old Creditor.

General Russell A. Alger, who recently tendered his resignation as secretary of war, is a "self made man." He began life without a dollar and has earned by hard work every dollar that fortune has given him. He secured a fair education by "working for his board" and earned enough money by taking care of a doctor's horse to buy clothing. Afterward he entered a law office as a student and had just been qualified for practice when the war intervened and ended his legal ambitions.

Young Alger served with distinction during the war and at its close went into the Michigan forests to regain his health and fight for a living. He became the greatest lumberman of the northwest and practically revolutionized the lumber trade.

In a recent interview, in which General Alger told how he started in life and prospered, he said: "One of the best things we ever did was in the buying of a tract of pine from William E. Dodge of New York. I had examined the property and could tell to a few thousand feet just how much pine there was on it. Mr. Dodge had an agent named Frost in Detroit. I went to him and asked him what he would take for the land. He replied that Mr. Dodge wanted \$120,000 for it. I told him to telegraph an offer from me of \$110,000. He did so. In a few hours a telegram came back which read, 'Tell General Alger he can have the tract for \$120,000 and all the time he wants to pay for it in if he will take it now, but that if it is not taken at once the price will be \$130,000.' We took it. Well, we cut 100,000,000 feet of lumber off that tract and sold it for \$800,000 above the cost of lumbering."

"At another time we made a nice little investment by buying some canal lands of New York men. There were 1,500 acres in the tracts, and the canal company had estimated that there were 10,000,000 feet of pine on them. I examined the lands, and when the man asked me \$26.50 an acre for it I accepted his proposition. The pine was of high grade, and we cut 78,000,000 feet off it."

The following stories of General Alger may serve to throw a light upon his personal characteristics of the man:

Just before young Alger was called away by the exigencies of war his finances were so low that he borrowed a few dollars from a friend. Several years later Alger left the service and, with the small sum of money which he brought home, invested in a heavy fur overcoat and a watch and chain. About the first person he met after donning his new possessions was the creditor of former years, whose whereabouts in the meantime were unknown. Alger greeted his old friend cordially and instantly slipped off the overcoat and handed it to him, together with the watch and chain. "Just keep those," he said. "I'm going to work up in the woods. Some time I'll redeem them with the money I owe you." And he did.

When Alger was a lad without a cent and with only the one coat on his back, he went to a doctor and begged to be allowed to do the chores and attend school. The doctor had no need of a boy, but Alger's earnestness won his interest, and he took him and gave him the opportunity for an education. Many years afterward, when Alger had more hundreds of thousands than the superannuated physician had dollars, the millionaire went to his benefactor, who was in straits, and told him he wanted to pay that debt.

"You don't owe me anything," said the doctor.

"I owe you my education," argued the rich man.

"Bosh!" returned the doctor. "You owe that to yourself."

"I must have caused you trouble and expense, and I want to make it good," Alger urged.

"Well," replied the old man grimly, "if there was any trouble, I have forgotten it. The only expense I can recall was the loss of a fine cow. When you came to live with me, Alger, I had the best cow in these parts. You completely spoiled her with your awkwardness. It wasn't three weeks until you had her so skittish nobody could go near her. I had to sell her for beef." "There," said Alger, "I certainly owe for that cow, and there is about 40 years' interest due on the debt. I'm going to pay it." The old doctor finally yielded. That animal brought a higher price than any cow which has been sold in Michigan since the time of Lewis Cass.

LABOR HELPS BUSINESS.

Less Interruption Through Strikes Than In Any Other July For Years, Said Dun's.

NEW YORK, July 29.—R. G. Dun & Co.'s weekly review of trade issued today said in part:

There is certainly room for some decrease when the volume of payments through the clearing house in July is 47.2 per cent larger than last year, and 59.6 per cent larger than in 1892, the list of all previous years. So great an advance would warrant expectation of some set back under ordinary circumstances. This year the unusual freedom from labor troubles about July 1 is followed by some signs of a tendency to strike because great works are committed far ahead and cannot halt without loss. But interruption of business by labor trouble of all sorts has been less than in any other July for years.

Nor is the movement of products hampered. Western receipts in July have been 18,863,826 bushels, against 7,309,333 bushels last year to date, and of corn 20,485,251 bushels, against 9,173,355 bushels last year, even the latest week showing large gains over last year. Exports of wheat from both coasts were 9,939,280 bushels, flour included, against 8,833,192 bushels last year. Corn exports also continue surprising, 11,684,521 bushels for the month thus far, against 6,767,963 last year.

Official returns make the iron output for the first half of 1899 only 6,289,167 tons, with decline in known stocks outside the great steel companies of 285,140 tons, and net exports were probably over 100,000 tons. While the increase of steel companies' stock would probably make actual consumption less than has been estimated, it is much larger than ever before and yet appears less than production in June, while production has much increased this month. Meanwhile no advance in prices is significant and a slackening of demand in some important branches. The heavy rise in iron cuts off much buying for an advance and retards buying for consumption. All records are broken in the Connellsville output of 190,792 tons coke for the week, with 18,694 ovens yielding an only 34 idl.

Manufacturers have been buying much wool, it is said, but less the past week, although many are taking sample bales. Goods are in fair demand, but no further change in prices is mentioned. Sales in four weeks have been 46,729,600 pounds, which 38,954,800 pounds were domestic. In 1897, with a new tariff coming, speculation took 46,109,200 pounds, normal consumption being about half that quantity.

Railroad business for July shows the largest increase in any month this year, 16.1 per cent larger than last year and 10.4 per cent larger than in 1892.

Failures for the week have been 151 in the United States, against 225 last year, and 20 in Canada, against 26 last year.

AN ALGER PROCLAMATION.

Pinckney Issued One Calling on the Michigan People to Welcome the General Home.

DETROIT, July 29.—Governor Pinckney issued a proclamation "to the people of the state of Michigan," which said:

On Wednesday, Aug. 12, the Hon. Russell A. Alger will return to his home in Detroit from Washington. Upon request of the citizens and mayor and common council of Detroit, I extend to you an earnest invitation to join in giving him a hearty reception and greeting. It is fitting that the state recognize the worth and value to the nation of the services of General Alger as secretary of war.

You are cordially invited to attend the reception at the City hall and the meeting in the Light Guard armory, Detroit, at which time the people of Michigan will be given an opportunity to express their appreciation of General Alger and to extend their welcome to Michigan's late representative in the highest council of the nation.

H. S. PINCKNEY, Governor.

All the Michigan railroads decided to make a half fare rate to Detroit for the Alger reception.

Receivers For Two Corporations.

PARKERSBURG, W. Va., July 29.—Judge Jackson of the United States supreme court, upon the petition of Rolan H. Smith, appointed W. B. Hoge of Wheeling and R. Hilton Smith of Pittsburgh receivers of the Consolidated Investments corporation and the Webster Coal and Lumber company and has enjoined both companies from disposing of their property. Smith alleges a breach of contract as ground for his action. The president of the investments company is James H. Houston. Among the directors are ex-Governor Livingston of Georgia, Assistant Secretary of War Meiklejohn, Rear Admiral Franklin, U. S. N., F. A. Palmer, United States public printer, and J. P. Laffin, Chicago.

Nicaragua Should Return Money.

WASHINGTON, July 29.—United States Minister Merry was instructed to represent to Nicaragua that in the opinion of the state department the \$9,000 collected by General Torres from the American merchants in Bluefields should be returned to them. The merchants were required to pay this amount of money on goods that had previously been assessed by the revolutionary party, while the latter was in control at Bluefields. The money was placed in charge of the British consul at Bluefields awaiting the decision of the legality of the last collection.

Shells, as they are known in the present day, were not used in the navy until the latter end of the eighteenth century.

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost

is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your kindness to me I can never forget," writes Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo. "I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers."

If the bowels are irregular they can be regulated perfectly by Dr. Pierce's Pleasant Pellets.

THEY ALL SAY SO.

Not Only In East Liverpool, but In Every City and Town In the Union.

If the reader took the time and trouble to ask his fellow residents of East Liverpool the simple question propounded below he would obtain the one answer. If he had the curiosity to read the statements now being published in East Liverpool which refer to this answer, it would surprise him to note that there are so many in East Liverpool. As many more could be published and may be published, but in the meantime ask the first man you meet what cures backache. The answer will be, Doan's Kidney Pills. Here is one case selected of the many we have:

Mrs. Edmund Purton, of 233 Ravine street, says: "Both my husband and I can testify to the value of Doan's Kidney Pills. I had backache, headache and other symptoms of the complaint for two years. When the last attack came on I went to the W. & W. pharmacy and got a box of Doan's Kidney Pills. In a very short time I was relieved. My husband, who is a painter, decorator and paper hanger, of the firm of Purton & Jackson, was seized with a severe attack of kidney complaint. Some years ago he contracted a fever, which left his kidneys in bad shape, and ever afterwards he had more or less trouble. When suffering last, a gentleman advised him to try Doan's Kidney Pills, emphasizing the facts that he had been a sufferer with kidney disease; confined to his bed; his physician informed him that perhaps he would be able to get him up in two or three weeks; that he used Doan's Kidney Pills, and in a day or two he was able to be up and about his business. My husband got a box at once. They were prompt in relieving him. We can heartily recommend Doan's Kidney Pills."

Doan's Kidney Pills are sold for 50 cents per box by all dealers, or mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

EVERY WOMAN
Sometimes needs a reliable monthly regulating medicine.

SOUTH SIDE.
ARE AFTER THE THIEVES
Farmers of Grant District Organizing For Protection.
A NEW SIGN ON THE BRIDGE

Frank Potts Is Staying In Virginia to Escape Constable Powell, Who Would Like to See Him—Church Services Tomorrow.

The band of thieves on the Virginia side that has been causing much trouble to the farmers of Grant district will soon come to grief, if the statement of a farmer living near Chester can be relied upon. The men have committed a number of robberies during the last month, and the farmers of the district have lost much money as the result. Chickens have been stolen every night, and gardens have been visited for the purpose of obtaining vegetables. The farmers are now organizing for protection against these men, and some interesting stories will be told if any of the band are caught.

AFTER LAWBREAKERS.
Another Sign Will Be Placed on the Bridge.

The bridge company will place a sign on the Virginia end of the bridge soon stating that driving faster than a walk will result in arrest. There is a sign of this character on the Ohio side but none on the other end. Persons who drive faster than a walk over the structure are held up at the tollgate and told they violated the rules of the company and frequently the question has been asked of these people if they did not read the notice. There has been no sign on the Virginia end of the bridge for almost a year.

IN VIRGINIA.
Much Wanted Liverpool Man on the Other Side.

Some days ago a warrant was issued in Squire Hill's court for the arrest of a man named Frank Potts on a serious charge preferred on behalf of Nora Mount. Trains were watched by constables and officers, but he was not apprehended. Yesterday several young men of this city saw the individual across the river. Upon being questioned he said he worked upon the railroad during the day and at night came to his home in Liverpool. The officers are now watching for him.

Charles Roach Is Suffering With a Sore Leg.
Several days ago Charles Roach, a well-known man of Chester, came in contact with some poison ivy and in some manner it touched his right leg. Since then the member has swollen to twice its normal size. An operation was performed last night and since then he has been rapidly improving.

SOUTHSIDE NEWS.
Notes About People and Things Across the Ohio River.

Services will be held at both churches tomorrow.
Miss Crill, who has been in New Castle several days, is expected to return to the Southside next week.
Another gang of Slavs arrived from Pittsburg yesterday. They will work on the extension.
No lumber was received today for Cunningham run trestle, and work will be delayed on this part of the road for several days.
Business at the postoffice during the week was in advance of that done last week.
There is very little sickness in and about Chester at present.

Claims to be 102.
Mrs. Bridget Maley, of Salineville, whose claim of being the oldest person in the county at the age of 98 has been given to the public, will have to concede the honor to another. John Scally, of Logtown, a Lisbon suburb, claims to be 102.—Buckeye State.

We Thank You.
To those who so generously tendered their services during our sad affliction in the loss of a beloved husband and father, we extend our most sincere thanks.
MRS. SARAH MOUNTFORD AND CHILDREN.
In the middle of the season people expect to purchase goods at a special cut price. They will realize this by calling at Joseph Bros.' clearance sale of summer goods.

Active Volcano In Hawaii.
HONOLULU, July 21, via San Francisco, July 20.—The volcanic eruption of Mauna Loa is still in full blast. The lava flow is apparently filling up the table land near the Humuula sheep ranch. Hilo and the whole island of Hawaii are enveloped in smoke. Vessels encounter dense clouds of smoke hundreds of miles out at sea and navigators are seriously inconvenienced. Kilauea is also smoking freely and the indications are that this volcano will soon be in active eruption.

May Bring on a Big Strike.
CHICAGO, July 29.—Officials of organized labor here declare the brick-makers' strike is liable to precipitate a general walking out of the building trades unions with forces about 50,000 strong, thus tying up building operations in the city.

Funeral of President Heurieux.
CAPE HAITIEN, July 29.—The funeral of President Heurieux of Santo Domingo took place in Santiago de Las Caballeros. A report has been received here to the effect that the adversaries of the government attacked Moca.

Havana Health Conditions Improved.
WASHINGTON, July 29.—In a private letter from General Ludlow, in Havana, to a friend in this city, he said that the health conditions of the city are such as to leave the doctors without employment to a great extent. The 2,200 troops in the Havana command are in excellent condition.

Said He Was Thrown From a Train.
BETHLEHEM, Pa., July 29.—Declaring to a priest on his death bed that he was thrown from a Reading railroad train by a man believed to be a brakeman, 17-year-old Joseph McCarthy died at hospital from injuries sustained near Perkassie tunnel.

Toral and Others to Be Tried.
MADRID, July 29.—The trial of Generals Toral and Bareja and others for surrendering Santiago de Cuba will begin on Monday before a supreme court-martial and is expected to occupy six or seven sittings of the court.

World's W. C. T. U. Convention.
NEW YORK, July 29.—The fifth biennial convention of the World's Women's Christian Temperance union, it is announced, will meet in Edinburgh, Scotland, Monday, June 25, 1900. The executive committee will be held on Friday, June 22.

WEATHER FORECAST.
Western Pennsylvania, Ohio and West Virginia.—Threatening today; showers and cooler Sunday; variable winds.

LEAGUE GAMES YESTERDAY.
At Pittsburg—Pittsburg, 1 run, 7 hits and 1 error; Washington, 4 runs, 9 hits and 2 errors. Batteries—Leever and Schriver; Dineen and Kittredge. Umpires—Swartwood and Hunt. Attendance, 3,000.

Second game—Pittsburg, 6 runs, 9 hits and 2 errors; Washington, 5 runs, 11 hits and 5 errors. Batteries—Chesbro and Bowerman; Weyhing, Carsey and Duncan. Umpires—Swartwood and Hunt. Attendance, 4,000.

At Baltimore—Baltimore, 6 runs, 12 hits and 1 error; Cleveland, 1 run, 9 hits and 5 errors. Batteries—Kitsen and Robinson; Hughey and Schreckengost. Umpires—Snyder and Gaffney. Attendance, 1,864.

Second game—Baltimore, 8 runs, 9 hits and 1 error; Cleveland, 2 runs, 2 hits and 1 error. Batteries—Howell and Crisham; Schmidt and Sugden. Umpires—Gaffney and Snyder. Game called at end of fifth inning to permit Cleveland to catch a train.

At Louisville—Louisville, 1 run, 6 hits and 1 error; Boston, 4 runs, 7 hits and 2 errors. Batteries—Phillippi and Powers; Willis and Clarke. Umpires—Mannassau and Smith. Attendance, 1,800.

At St. Louis—St. Louis, 5 runs, 9 hits and 0 errors; Brooklyn, 0 runs, 7 hits and 0 errors. Batteries—Cuppy and O'Connor; Dunn and McGuire. Umpires—Emslie and McDonald. Attendance, 3,100.

At Chicago—Chicago, 2 runs, 5 hits and 8 errors; Philadelphia, 4 runs, 3 hits and 2 errors. Batteries—Garvin and Donahue; Platt and McFarland. Umpires—O'Day and McGarr. Attendance, 1,600.

Standing of the Clubs.

Games Scheduled For Today.
Toledo at New Castle (two games), Fort Wayne at Youngstown (two games), Dayton at Mansfield and Columbus at Wheeling (two games).
One way to hear a pin drop is to heat it red hot and drop it into a keg of powder.—Philadelphia Record.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning July 30.—Comment by Rev. S. H. Doyle.
Topic.—That good part.—Luke x, 33-42.

A home scene in the life of Christ is presented to us in the topical reference, Christ, with his disciples, is in the favorite home of Mary, Martha and Lazarus. Martha, probably being the older of the two sisters, serves. Mary sits at the feet of Jesus and listens to his word. All does not go well with Martha. She complains to Jesus that Mary does not help her. But Christ commends Mary for her choice to sit at His feet, and chides Martha, not because she was interested in the entertainment of Him and His friends, but because of her over-anxiety in reference to things of minor importance, because she attached more importance to caring for the temporal wants of her friends than she did to caring for the spiritual wants of herself.

The good part that Mary chose was to sit at the feet of Jesus to hear His word, as He spoke to the disciples or perhaps to herself. She cared not so much for the feeding of the body as for the feeding of her own soul. And well might Christ commend her for her choice. Would that we might all choose to sit at the feet of Jesus, where we can have our souls fed upon the bread of life rather than to have our affections centered upon the world, trying in vain to feed the soul upon the husks which nourish not. The good part chosen by Mary in receiving the Saviour was undivided devotion to His word, the feeding on the bread of life which cometh by hearing. In the highest sense the good part is the spiritual reception of Christ Himself. This should be the choice of all. Christ should be our first choice. "Seek ye first the kingdom of God."

Mary's part was good because it was eternal. It was "that good part which shall not be taken away from her." The good parts of this world soon pass away from us or we from them. The superiority, therefore, of an eternal good should be apparent to all, and we should, if governed by reason and good judgment, be easily influenced to "love not the world, neither the things that are in the world," because "the world passeth away and the lust thereof, but he that doeth the will of God abideth forever." More than that, temporal enjoyment of the world often leads to eternal pain and suffering. How foolish to sacrifice the soul for the body, eternity for time!

What win I if I gain the thing I seek,
A dream, a breath, a froth of fleeting joy?
Who buys a minute's mirth to wait a week
Or sells eternity to get a toy?
For one sweet grape who will the vine destroy?
Or what fond beggar, but to touch the crown,
Would with the scepter straight be stricken down?

Therefore let us choose eternal, not temporal, good.
"You must choose between your pleasures and your sight," said a physician to a devotee of sensual pleasure. "Then," he replied, "farewell, sweet sight!" And how many are making such wretched choice! The responsibility of choice is tremendous. Think of being able to choose between God and self, the soul and the body, Christ and the world, heaven and hell, eternity and time! May God help us, like Mary, to choose the good part which can never be taken away from us.

Bible Readings.—Gen. xiii, 1-18; Josh. xxiv, 14-18; Ruth i, 16, 17; I Kings iii, 5-15; xviii, 21; Ps. xxvii, 4; lxxiv, 10; Prov. xvi, 16; xxii, 1; Math. vi, 24; Mark vi, 22-28; Phil. iv, 8, 9; I Thess. v, 21; Heb. xi, 24-26.

Baptism of Pain.
Over and over again the old truth comes back to us, that no man is good for much till he has suffered a great sorrow. The baptism of pain is one of the instrumentalities which God uses for purging away the dross of our natures and making us fit to be partakers of the inheritance of the saints in light. Not those who have escaped the fiery trial, but those who have gone through it and come out unburnt and glorified are to be envied. God knows what is best for us. Therefore he sends first one affliction and then another upon us. Sometimes, because he sees it to be necessary, he lifts the very floodgates and allows wave after wave of misfortune to sweep over us. If we have the right stuff in us, we shall be helped and not harmed by these seeming calamities.—Nashville Christian Advocate.

Wolves' and Sheeps' Clothing.
Moral evil never dares be itself. It always seeks to take on the garb of virtue. Wickedness is naturally timid. It skulks and hides itself, loving darkness rather than light. Evil is ashamed of itself except in the most depraved natures, and, where it ceases to feel shame, the fact is commonly due to its having found an environment in which there is nothing to rebuke it. How commonly do the wolves of greed and cruelty put on sheeps' clothing! How natural for satan to fashion himself into an angel of light!—Sunday School Times.

In the Wrong Direction.
The trouble is he is looking in the wrong direction for Him, and he is asking for a sign which cannot be given. "God is love," let us remember, and He can be found only where love can be, and the sign must be sought in a human heart that can feel and test a spiritual truth.—American Friend.

THE NEWS REVIEW JOB ROOM

STOCK.
The best procurable, and a large and complete line of everything.

DO THE RIGHT.

Dare to do right and dare to defend
 the right. God has ordained that the
 Right shall win; and with God on your
 side you can MEET and DEFEAT the com-
 bined forces of the world, the flesh and
 the devil.

THE SALOON MUST GO.

The American saloon is an evil thing.
 There is not a single redeeming feature
 in connection with the saloon. It is all
 vile, from top to bottom and from center
 to circumference. It robs the cradle and
 the grave. It degrades manhood and
 outrages womanhood. It debauches so-
 cial life and makes political life the
 center of subterfuge and lies. It cor-
 rupts legislatures and congressional
 halls and browbeats and makes cowards
 and apologists of presidential candidates.
 It is a monster and a ghoul. The hand-
 writing of God condemns it. It is the
 curse of curses in this land devoted to
 freedom. The American saloon must
 go.

SPECIFIC CHARGES.

Mayor Charles F. Bough was not
 compelled to make his charges against
 Whan and Grim any more specific than
 they were at the inception of the police
 wrangle. But, in the interest of the
 city, and to show that he believes fully
 in the justness of his cause, he has
 finally decided to waive his rights and
 privileges and give full publicity to that
 which he expects to prove. If the ac-
 cused officers can prove their inno-
 cence, they should be reinstated. If
 guilty, and proven so, they
 will nevermore hold office in the
 city of East Liverpool. The policemen
 of East Liverpool should be men of good
 moral character. They are supposed to
 be guardians of the peace and protectors
 of all law-abiding citizens. The force
 should be composed of men to whom a
 good citizen, male or female, can appeal
 in any hour of emergency or danger
 and feel sure of protection. Are Messrs.

Whan and Grim embraced in this case?
 If so, then they are a credit to East
 Liverpool.

FOUR OFFICERS ON THE SCENE.

A Scrap Was Started After the
 Circus, but Nobody
 Was Hurt.

Last evening at the circus on Brunt's
 hill one of the roustabouts struck a
 young man. Later in the evening it
 was learned that the same roustabout
 had struck a boy. The large crowd ut-
 tered numerous threats and the rous-
 tabout was very free in flourishing a
 revolver and a hatchet. After the can-
 vass had been rolled up the roustabout
 started down over the hill. He returned
 and pointed the revolver at a man,
 snapped it twice, but it failed to
 go off. The crowd talked of mob-
 bing the circus, but it was
 only talk, as there were three officers,
 one suspended officer and a fireman on
 hand to prevent trouble.

There was no business in police court
 this morning, but Mayor Bough listened
 to the details of a shantyboat war, told
 in a graphic way by one of the
 woman participants. She closed
 her long story with the statement
 that she might take the law in her own
 hands and give somebody trouble.

Edward Taylor, of Waverly, called at
 the office of the mayor yesterday and
 wanted him to collect \$3 from the cir-
 cus. He was sent to a justice's office.

SPRING GROVE.

Special Preparations Have Been
 Made For the Services
 Tomorrow.

Preparations are being made for a big
 day tomorrow at Spring Grove camp-
 ground and it is probable a large crowd
 will be present. Doctor Riker, president
 of Mt. Union college, will deliver an
 address and Amanda Smith will also
 talk at each service. A special musical
 program has been arranged.

Mrs. George Goodwin was a guest of
 friends at the ground yesterday.

Miss Elsie Sebring is a visitor at the
 ground.

The services yesterday and last night
 were well attended.

Frank Buxton is slowly recovering
 from the effects of his bicycle accident.

Robinson's Shows.

John Robinson's ten big shows will
 appear at Wellsville next Wednesday.
 The feature of the exposition is the
 great Biblical spectacle, "Solomon, His
 Temple and the Queen of Sheba." There
 will also be three big circuses in
 three big rings, a big menagerie, a com-
 plete aviary, a gigantic museum, and a
 prodigious aquarium. Over \$100,000
 have been spent on the production of
 the "Solomon" spectacle. The scenery,
 costumes, armors, trappings and em-
 blems are said to be historically correct
 and interesting and instructive. The
 whole is under the management of John
 F. Robinson which guarantees its ex-
 cellence.

"Hassey's Home." 8th page.

Beacom Appointed.

Secretary of State Kinney has named
 B. D. Beacom, of Wellsville, Democrat,
 member of the Columbiana county board
 of elections.

Dr. Riker, the eloquent plat-
 form speaker, at Spring Grove,
 Sunday, July 30.

Out price is to reduce stock and that
 is what Joseph Bros., are doing now at
 their clearance sale.

HILL REAL ESTATE CO.,
 105 Sixth Street.

DROWNED IN THE OHIO

Owen Fry, Mould Runner In
 the United States Pottery,

LOST HIS LIFE NEAR WELLSVILLE

Was Only 16 Years of Age, and Came From
 Burgettstown, Pa., Last Fall--Went In
 Bathing With Two Others, and None of
 the Party Could Swim.

Owen Fry, a 16 year-old boy, was
 drowned yesterday afternoon in the
 Ohio river, at Eighteenth street, Wells-
 ville.

Fry, in company with two other boys
 about his own age, was in bathing, and
 as usual in such cases none of the boys
 could swim. Fry got beyond his depth
 and the boys set up a cry for help, but
 before assistance arrived the boy had
 sunk for the last time. Search was
 made immediately for the body, but it
 had not been recovered this morning.

The deceased came to Wellsville last
 fall from Burgettstown moving there
 with his father and mother. When the
 U. S. pottery commenced operations he
 secured a position as mould runner and
 was employed there at the time of his
 death. He was a sober, industrious
 young man and was well liked by all
 who knew him.

THE ATEN JURY IS STILL OUT.

Will Return a Sealed Verdict to
 the Clerk This After-
 noon.

LISBON, July 29--[Special]--All the
 evidence was in on the Aten case when
 court adjourned at 9 o'clock last night,
 and the attorneys began their argument
 when court opened this morning.

The jury retired at 11 o'clock a. m.
 with instructions from the judge to stay
 there until 12, unless they arrived at a
 verdict sooner, at which time they were
 to take an hour for dinner and reassem-
 ble at 1 o'clock, and, upon arriving at a
 verdict, seal it and hand it to the clerk
 and be excused until 8:30 a. m. Tues-
 day.

At 2 o'clock the jury was still out.

MANY VISITORS

Inspected Fairmount Children's Home at
 Alliance This Week.

Fairmount children's home was fairly
 overrun all commencement week with
 visitors. Many who came from a dis-
 tance to see the exercises at the college
 also wanted to see how the famous
 home was conducted and embraced the
 opportunity of its proximity by making
 a personal examination. Superintendent
 and Mrs. Southworth received fully 150
 visitors on Thursday, which probably
 was the biggest day of the week.--Alli-
 ance Leader.

EDWARD TAYLOR

Had an Unnecessary Attachment Issued
 Against the Circus.

Edward Taylor, of Waverly, aged 16
 years, yesterday in the court of Justice
 McLane had an attachment issued
 against the Nickel Plate show for \$3.
 The assistant manager of the show paid
 the amount at once and said the boy
 had never asked for his money. He
 was getting a salary of \$2 per week and
 board.

Splendid vocal and instru-
 mental music at Spring Grove,
 Sunday, July 30.

Will Have a Hearing Monday.

LISBON, July 29.--[Special]--Eli S.
 Harding, of Niles, bound over to com-
 mon pleas court in \$4,000 by Mayor
 Huxley, of Salem, had his bond reduced
 by Judge Smith to \$1,000, and will have
 a preliminary hearing before Judge
 Boone Monday at 9 o'clock.

Splendid vocal and instru-
 mental music at Spring Grove,
 Sunday, July 30.

"Hassey's Home." 8th page.

Adjudged Insane.

LISBON, July 29. --[Special]-- Ida
 Hogue, of Wayne township, is adjudged
 insane.

Appointed Administrator.

LISBON, July 29.--[Special]--T. B.
 Unger is appointed administrator of the
 estate of John Spait, late of Unity
 township; bond \$800.

Amanda Smith, the wonderful
 colored evangelist, at Spring
 Grove, Sunday, July 30.

WINE OF CARDUI

A LITTLE
 DOES MUCH.

BOONE, IOWA, Dec. 14.
 No tongue can tell what I have endured
 in the past ten years with my monthly sick-
 ness. While suffering untold agony, a
 friend called and recommended Wine of
 Cardui. I sent for a bottle, and Oh! what
 relief. After the first dose I began to feel
 better and have had no pain since.
 MRS. GRACE LAMPHERE.

McELREE'S
Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case
 of ten years' standing, and yet one single dose made the sufferer feel better,
 and stopped the pain. The Wine goes straight to the seat of the trouble.
 It acts directly upon the menstrual and genital organs. Its action is not
 violent, and it does not force a result. It simply gives Nature that little
 assistance that the sufferer's system lacks. A single disorder in the
 feminine organs spreads many disorders all over the body, and when the
 Wine cures the source, all the other ills vanish as a matter of course. A
 woman can be her own physician and cure herself at home. Local ex-
 aminations are largely things of the
 past--the obnoxious custom is no
 longer necessary. Wine of Cardui
 is the only perfectly safe and sure
 vegetable Wine made to-day for
 the cure of "female troubles".

TWO SURGICAL TRIUMPHS.

Tendon Grafting and Bone Setting
 Extraordinary in New York.

Two notable surgical operations, the
 first successful ones of their kind in a
 New York hospital, were performed
 recently at the Hospital For Cripples.
 By one a Virginia girl, 14 years old,
 who has been paralyzed for 11 years,
 will regain the use of her limbs
 through tendon grafting. In the other
 a patient's thigh bone, dislocated at
 birth, was taken from its original
 socket and placed fully two inches to
 one side in a socket, or acetabulum,
 made for the purpose, says the New
 York World. Dr. Royal Whitman, chief
 of clinic at the hospital, operated.

Mattie Mayhew, the paralytic, lost
 the use of both feet from infantile
 paralysis in her third year. Dr. Whit-
 man first ascertained what tendons
 were degenerate and then made an in-
 cision in the thigh and ingrafted small
 parts of healthy tendons where the
 degenerate parts had been cut away.
 When the operation was finished, the
 feet were placed in plaster casts. The
 doctors say the child will have the
 full use of her limbs in two months.
 The operation is of French origin. And
 yet even in France surgeons have not
 attempted to perform the operation on
 any but very young children.

The other operation was what is called
 the Lorenz open operation, from
 Dr. Lorenz, a Frenchman. Rosa Deni-
 zetti, 4 years old, of Italian parentage,
 was the patient. An incision was
 made in her hip and the ball and sock-
 et joint laid bare. The thigh bone was
 removed from its socket, and another
 socket was cut in the pelvic bone two
 inches from the one which caused the
 dislocation. Then the thigh bone was
 placed in the new socket, the incision
 was sewed up and the hip placed in a
 plaster cast. In two months the pa-
 tient will be able to walk.

LIGHTING UP THE SEA.

An Invention Which Will Be Valu-
 able in War and Peace.

The value of a means of lighting up
 the sea at night is amply demonstrated
 by the importance now attached to the
 searchlight. There are, however, many
 conditions, particularly in merchant
 marine, life saving corps and navy op-
 erations, under which an independent
 and more flexible method of illumina-
 tion is desirable. Such a method is
 said to have been provided in a new
 shell, in the shape of an ordinary pro-
 jectile, which may be thrown from a
 gun in the direction of the enemy or
 dropped over the side of a ship by
 hand, as the occasion may require. It
 is buoyant, and, on striking the water,
 it becomes an illuminating plant of it-
 self, shedding a powerful light over a
 considerable radius, says the St. Louis
 Globe-Democrat.

It consists of a hollow cylinder, made
 from drawn steel tubing, in sizes from
 three to six inches or more in diameter
 and from three to five feet in length,
 according to the purpose for which it
 is to be used. The shell is charged
 with calcium carbide, which generates
 acetylene gas as it comes in contact
 with water. At the top of the shell,
 which shows a quarter of its length
 out of the water, are the burners, to
 which the gas rises as it is disengaged,

and is lighted by an electric spark gen-
 erated by a battery within a shell. The
 shell can be made ready for firing from
 a gun or throwing overboard in less
 than 30 seconds. The water is admit-
 ted to the calcium carbide tube. If the
 shell is submerged, it instantly rises
 like a can buoy, rights itself and shines
 out with the strength and brightness
 of a beacon light even in a gale of
 wind.

Have You a Match?

A man whose feet do not track stop-
 ped us on the street the other day and
 said: "The phenomenal good health of
 smokers is not due to tobacco alone.
 Smokers carry matches loose in their
 pockets and it is the sulphur on the
 matches that surrounds the body with
 an aura of protection. What smoke
 and sulphur won't do in the way of
 killing microbes is not worth mention-
 ing." We offer this for the benefit of
 the old chroniclers who "can stop smok-
 ing any time they want to," but who
 never bump up against the time when
 they want to. --Denver Road.

Photographing by Heat.

A sensitive plate exposed to dark
 heat waves will ultimately become af-
 fected. With the plate still covered
 the same result would occur from light
 waves, such as proceed from the sun-
 light. A fair test is to expose an
 aluminum disk to their action. X rays
 penetrate this metal, and it is probable
 that heat waves and others can affect
 the photographic plate.

True to Their Training.

"Perhaps," remarks Harry Gilstrap,
 "the Oklahoma soldiers wouldn't have
 been good at swimming streams, but
 they would have 'soonered' their way
 into Calococan."--Kansas City Journal

EXECUTOR'S SALE.

An Opportunity to Secure Val-
 uable Real Estate.

I will offer for sale, at public auction,

AUGUST 21st, 1899,

at 2 p. m., on the premises, the east part of
 lot number seven hundred and twenty-two
 (722) in Eliza M. Rigby's addition to the city
 of East Liverpool. Said part of said lot
 fronts forty-five feet (45) on Spring street,
 and extends back westwardly at right angles
 one hundred feet (100). Said property is ap-
 praised at one thousand seven hundred six-
 ty-six dollars and sixty-six and two-thirds
 cents (\$1,766.66 2/3), and cannot sell for less
 than two-thirds of said appraised value.
 Terms: Cash.

JETHRO MANLEY,
 Executor of Ellen Durber.

Mayor's New Charges Against Whan and Grim

MADE PUBLIC THIS AFTERNOON

Half a Score Saloons and Two Disorderly Houses Named In the Grim Case and the Accusations Against Whan Are Equally Specific—No Room For Complaint or Delay Now.

Mayor Bough, this afternoon, decided to make public his new charges against Suspended Officers Whan and Grim. Although not compelled to make the charges any more specific than the former ones, the mayor considered that it might be best to take the public into his confidence and state exactly what had led him to again suspend these officers. As a result the new charges not alone specify dates, but give places and full details so that there can be no further objection or delay possible when the cases come before council. His Honor has now complied fully, completely and unreservedly with the demands of the counsel for the defense and the request of President Peach and council, although in no way required to do so by law. The result is a set of most interestingly specific charges that will be read with close attention.

PLENTY OF PLACES NAMED FOR GRIM.

The Mayor Is Obliging Specific In His New Charges Against That Officer.

The new charges against Officer Grim bristle with names of places, saloons and loafing quarters where Grim is charged with resorting when he should have been elsewhere. The new charges follow:

THE STATE OF OHIO, } ss.
Columbiana County.
The Incorporated City of East }
Liverpool.

Before me, the undersigned, clerk of said city, personally came Charles F. Bough, who, being duly sworn according to law, depose and saith that one Arthur Grim, the said Arthur Grim being a member of the police force of the said city of East Liverpool, Ohio, from April 12, 1898, to May 24, 1899:

Saloons Are Named.

First—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 4th day of July, 1898, in the saloon of Joseph W. Geon, in the city of East Liverpool, Ohio.

Second—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 1st day of December, 1898, in the saloon of William E. Morrow, in the city of East Liverpool, Ohio.

Third—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 15th day of February, 1899, in the saloon of William Frank, in the city of East Liverpool, Ohio.

Fourth—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 3rd day of September, 1898, at the saloon of M. J. Cloran, in the city of East Liverpool, Ohio.

Fifth—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 30th day of December, 1898, in the saloon of Daniel Ritter, in the city of East Liverpool, Ohio.

Other Places Too.

Sixth—Did unlawfully drink liquor while on duty as an officer aforesaid, on or about the 1st day of August, 1898, at a camp in West Virginia, opposite Walker.

Seventh—Did unlawfully enter and loaf and loiter about a house of prostitution, to-wit: The Davidson opera house, on or about the 1st day of March, 1899, in the city of East Liverpool, Ohio.

Eighth—Did unlawfully enter and loaf and loiter about a house of assignation, to-wit: Opposite the First National bank building, on or about the 15th day of August, 1898, and the 1st day of September, 1898, in the city of East Liverpool, Ohio.

Loafing Places.

Ninth—Was guilty of conduct unbecoming an officer in that the said Arthur Grim did loaf and loiter about premises where intoxicating liquors were sold or

ROYAL Baking Powder

ROYAL BAKING POWDER CO., NEW YORK.

furnished at divers other times and places than those mentioned, during the period aforesaid, from April 12, 1898, to May 24, 1899, namely: On or about May 4, 1898, in the saloon of Wm. E. Morrow; on or about August 15, 1898, in the saloon of Joseph W. Geon; on or about Sept. 3, 1898, in the saloon of M. J. Cloran; on or about Sept. 21, 1898, at the National House saloon; on or about Oct. 1, 1898, in the saloon of Wm. E. Morrow; on or about Nov. 1st, 1898, in the saloon of Nick Murray; on or about Feb. 10, 1899, in the saloon of Nick Murray; on or about Dec. 1, 1898, in the Pittsburg house saloon and in the saloon of William E. Morrow; on or about April 1, 1899, in the saloon of Aaron Guthrie; on or about April 15, 1899, in the saloon of Joseph W. Geon; on or about May 1, 1899, in the saloon of Joseph W. Geon; on or about May 10, 1899, in the saloon of Nick Murray, East Liverpool, Ohio.

Insubordinate Also.

Tenth—Did conduct himself in a manner unbecoming an officer, to-wit: Insubordination to his superior officer, to-wit: The mayor of the said city of East Liverpool, Ohio, the said Arthur Grim insisting upon exclusive day service for himself as an officer, causing dissatisfaction among the other officers of the police force, necessitating for them an unjust proportion of night service without their consent; and the said Arthur Grim was further insubordinate by denying, May 24, 1899, the authority of the complainant to suspend him from duty as an officer, insolently declaring to the complainant that he would decide for himself, and at his pleasure his suspension; that he is under no obligation whatever to the complainant; that he would not recognize the authority of the complainant by resigning to him if he were to resign; that his friends are very numerous compared with the very few of the complainant, and that the complainant had personally insulted him and his friends by presuming to compare him with Officer John Whan as a drinking man, contrary to the ordinance of said city in such cases made and provided.

CHARLES F. BOUGH.
Sworn to and subscribed before me this 25th day of July, A. D., 1899.
J. N. HANLEY,
City Clerk.

NAMES THE PLACES WHERE WHAN WAS.

The Mayor Is Equally Specific In His New Charges Against the Other Officer.

The mayor's new charges against Officer Whan are equally specific in stating time and place. They are as follows:

THE STATE OF OHIO, } ss.
Columbiana County.
The Incorporated City of East }
Liverpool.

Before me, the undersigned, clerk of the said city, personally came Charles F. Bough, who, being duly sworn according to law, depose and saith that John Whan, being a member of the police force of the city of East Liverpool, Ohio, from April 12, 1898, to May 24, 1899:

Dates Are Given.

First—Did unlawfully drink liquor while on duty as an officer aforesaid on Sept. 17, 1898, in the city of East Liverpool, Ohio.

Second—Did unlawfully drink liquor while on duty as an officer aforesaid on March 7, 1899 in the city of East Liverpool, O.

Third—Did unlawfully drink liquor while on duty as an officer aforesaid on April 7, 1899, in the city of East Liverpool, O.

Fourth—Did unlawfully drink liquor while on duty as an officer aforesaid on April 29, 1899, in the city of East Liverpool, O.

Guilty of Gross Misconduct.

Fifth—Was guilty of gross misconduct

in that he was intoxicated while on duty as an officer aforesaid, in the city of East Liverpool, Ohio, on the dates mentioned in specifications one, two, three and four, aforesaid, and at the following places respectively, to-wit: At the Davidson opera house and at the Cleveland and Pittsburg passenger depot, on Second street, and at city hall; at city hall, south side of Sixth street, between saloon of William E. Morrow and corner of Diamond; foot of Jefferson street on or near Cleveland and Pittsburg railroad.

Sixth—Did unlawfully loaf and loiter about premises where intoxicating liquors are sold or furnished to-wit: The saloon of William Frank on or about the first day of December, 1898, in the city of East Liverpool, O., contrary to the ordinance of said city in such cases made and provided.

CHARLES F. BOUGH.
Sworn to and subscribed before me this 25th day of July, A. D., 1899.
J. N. HANLEY,
City Clerk.

THE UNIFORM LIST. Trenton Workmen Are Much Interested In This Absorbing Topic.

This week's Commoner and Glassworker has the following Trenton dispatch: The pottery workers of this city have not been as interested in anything for a long time as they are in the proposed new uniform scale, and the meetings to be held this week give promise of being largely attended. The pressers will meet Wednesday night. A large attendance of the jiggermen are expected at the meeting of that branch of the trade on Thursday night. Some of the latter do not think that the west ought to make the list for the eastern potteries, but of course that will all be discussed at the meetings. The main thing is to get them together and reason things out, and if possible suggest a more satisfactory way to arrange matters.

O'MARA SURE OF ALLEN Says There Is No Doubt the Detroit Prisoner Is the Man Wanted.

Roger O'Mara, superintendent of the detective department of Pittsburg, writes that he has secured identification which is conclusive that the Davis arrested in Detroit is known in that city as Charles E. Boyd and C. E. Allen. He says that the delay in identification has been due to the fact that Boyd, or Allen, had no beard or mustache when there. The photograph when taken showed a week's growth of beard, which puzzled them for a time.

Allen's motion for a new trial will be argued Wednesday at Detroit.

SMITH Is Still Among the Missing, but His Bondsmen Are Determined to Find Him.

"Have you heard from Smith?" is the question that is being asked Justice McLane today, but the official is compelled to say that he has not. The bondsmen are determined that Smith shall return and stand trial and the slightest clues are being carefully investigated. This morning Bondsman Smith received a clue and at once notified Chief Johnson, who will follow it up.

A HORSE Was Caught Thursday Evening by Officer White.

Thursday night Officer Frank White found a horse wandering along the Cleveland and Pittsburg railroad track about 15 minutes before the midnight train was due. The officer caught the animal and took it to the stable of John Rinehart and it proved to be one of his horses that had got out of the stable a short time before.

DEMOCRATS ARE QUIET

A New Central Committee Was Named Last Night.

IT WAS A HARMONIOUS SESSION

Delegates to the Convention at Wellsville, Next Tuesday, Were Named—M. E. Miskall Elected Permanent Chairman of the New Central Committee.

The Democrats of this city got together in council chamber last evening and held a very harmonious although interesting meeting. The convention was called to order at 8 o'clock by Chairman R. J. Meakin, who stated the object. After talking a short time, M. E. Miskall was elected permanent chairman.

Delegates to the county convention to be held in Wellsville next Tuesday were elected as follows:

J. J. Weisend, M. E. Miskall, W. S. Cook, J. H. Litmer, Joseph Riley, John C. Walsh, C. A. Ferguson, John W. Moore, Jr., R. J. Meakin, W. E. Morrow, Edward Cook.

Alternates—J. J. Kerr, M. W. Elliott, Lawrence Allison, George Lawton, I. P. Maley, John Weaver, James G. Green, C. A. Leiter, Walter Stewart, James Tracey, Frank Fisher.

The following were named as central committeemen, subject to the endorsement of the county convention.

First ward—W. H. Frederick, George Culbertson, M. W. Elliott, Walter Stewart, W. E. Morrow, J. J. Weisend, Harvey McHenry, I. P. Maley, J. M. Willison.

Second ward—J. S. Weaver, Edward Cook, J. H. Litmer, J. C. Walsh, Geo. S. Miller, B. McKinnon.

Third ward—Thomas Daugherty, Patrick Fennell, F. P. Williams, John Kerr, Jr., John W. Moore, Jr., M. E. Miskall.

Fourth ward—Joseph O. Riley, James H. Tracey, Frank Ikert, Edward O'Hanlon, Frank Fisher, James McKinnon.

Township—R. J. Meakin, Peter McDewitt, R. W. Laughlin.

The following were elected as officers of the central committee: Chairman, M. E. Miskall; secretary, J. H. Litmer; treasurer, Walter Stewart.

The meeting then adjourned to meet at the call of the chairman.

IN MEMORIAM.

Resolutions of Respect In Memory of Brother John J. Kerrigan.

At a special meeting of Branch No. 73, C. M. B. A., held July 29, 1899, the following resolutions were adopted:

Whereas, It was with feelings of deep regret that Branch No. 73, C. M. B. A., learned of the death of Brother John J. Kerrigan, our late esteemed member; therefore, be it

Resolved, That we humbly submit to the decrees of Divine Providence in removing from our midst our brother member.

Resolved, That we extend to the family of the deceased our sympathy in this their hour of affliction, and that our charter be draped in mourning, out of respect for our departed brother.

Resolved, That a copy of these resolutions be printed in the local daily papers of East Liverpool, and a copy be sent to his widow and entered on the minutes of the branch.

VOLCANO IN ERUPTION.

Mauna Loa Threatens to Destroy City of Hilo.

BLAZING STREAMS OF LAVA.

Three Are Coursing Down the Mountain Side, Sending Up Sheets of Flame—Outbreak Began With an Explosion, and It Is the First in Eighteen Years.

The great crater of Moku Weewo, on the peak of Mauna Loa, island of Hawaii, has broken into active eruption, according to advices by the America Maru, which recently arrived at San Francisco, and a lava flow, throwing the mountains of fire into the air to the height of hundreds of feet, has started down the mountain side toward the city of Hilo. This flow is apparently following the track of the old flow, which in 1881 reached the outskirts of the city. There are two other flows, one down the Kau side of the peak toward the sea, threatening the coffee plantations and thousands of acres of sugar land on that side, says the New York Herald.

The whole summit of Mauna Loa seems to be crowned with fire, flaming at night like a majestic torch. From the outskirts of Hilo fountains of fire 800 and 1,000 feet high can be seen with opera glasses. Writing from the Volcano House of the beginning of the eruption, Mrs. May C. Beckley, a resident of Honolulu, says:

"At quarter past 4 o'clock on the morning of the Fourth of July there was a terrible explosion, which made the island rock, and the manager of the hotel came to tell us that Moku Weewo was in eruption. The flow of lava could be plainly seen from here. It has left the crater and divided into two streams, one going down the Kau side and the other toward Hilo. It runs very rapidly, throwing up jets of fire and molten lava sometimes to a height of 1,000 feet. Kilauea does not show so much smoke since the larger crater has broken out."

This is the first time in 18 years that the great crater of Mauna Loa has shown signs of activity. The present eruption promises to be the most notable in the recent history of the mountain, and the damage done will be almost incalculable. Already Hilo is threatened, and the Volcano House is right in the track of the lava flow. If some agency does not turn the fiery flood, no power can save the historic hotel. All about the base of the Mauna Loa, too, are canefields and coffee plantations, and these the burning lava will lick up in its course.

The America Maru left Honolulu on July 13. On the Sunday before the steamer Kineau arrived from Hilo with news of the eruption. The Hilo Tribune gave this account: "The eruption was first noticed at the Volcano House early on the morning of July 4. The patrons at the hotel were awakened by a tremendous explosion and, on making their way to the veranda, witnessed one of the grandest sights ever seen. The outbreak took place on the side of Mauna Loa at an elevation of about 10,000 feet and in about the same place as where issued the flow of 1880-1.

"Two immense fountains of lava were forced into the air to an elevation of many hundreds of feet, and from the constant overflow from the crater there were soon formed three lava streams (it was at first reported that only two had been seen), which are now slowly making their way down the mountain side toward the sea. The rapidity of the movements of these streams, flowing in different directions, is dependent entirely upon the inequalities of the ground over which they must pass. The smallest flow is in the direction of Kilauea and is now about 25 miles distant from the Volcano House. What is apparently the second flow in size is on the Hilo side and, as nearly as can be determined, will take about the same course toward the town as the Walluku river.

"The third and, to all appearances, the largest flow has taken its way toward the Kau side. This is the largest stream ever seen on the island and of the three streams is moving most rapidly. The eruption shows no sign of abatement, and the sight by night is one of appalling grandeur. At the Volcano House lights are not required at night, and the country for miles around is brilliantly illuminated."

The steamer Upolu reached Honolulu on July 12, bringing Hilo news to the 10th. A letter says: "The lava from Mauna Loa continues to advance without any diminution in force. As far as we can learn, it is still uncertain what course the flow will take. It may go to Kau, Olua and Hilo by way of the 1881 flow or to Kihalo by way of the 1859 flow. Past history shows that flows from the summit are strong and reach a long way. Latest advices show that the flow on the Hilo side has reached a point near or below the Humuila sheep station. This information comes by telephone from the station. If it is correct—and there is no

reason to doubt its accuracy—the course of the flow must be direct to Hilo."

The Upolu brought word that a second outbreak had occurred on the Kau side of Mauna Loa at about the same altitude as on the Hilo side.

SINGULAR FISH CRADLES.

A Father Fish Who Hatches His Young in His Mouth.

In the Nile there is a singular fish that has been known from early Bible times. It is dedicated to the Apostle Simon or Peter, is known as Tilapia simonis and is especially common in Palestine and the sea or lake of Tiberias. Nearly all these fishes have a singular method of caring for their young. At the time of spawning the mother fish forms a little nest among the reeds and rushes, in which she deposits perhaps 200 green eggs, about the size of shot, which she immediately deserts. Curiously enough, in all the thousands of fishes but three or four instances are known where the mother displays any affection for her young or remains by them.

The father stations himself by the nest and presently appears to be dining upon the eggs, but if he is carefully watched it will be seen that he is taking them into his mouth with the greatest care and not swallowing them. They are lodged in what corresponds to the cheeks and held there. The eggs soon hatch, the little fishes grow and the countenance of Mr. Tilapia becomes greatly swollen and puffed out of all semblance to his former self. He cannot begin to close his mouth and presents a most extraordinary appearance.

To accommodate and protect the growing family the fish submits to great inconvenience and only permits them to escape when it is a physical impossibility to hold them any longer. At this time the father will undergo severe treatment rather than relinquish his progeny. He has been thrown out upon the beach, but still clings to his charge, even during his death struggles. Many of the young remain in this singular cradle until they are four inches in length.—Philadelphia Inquirer.

MAY FIRES.

An Ancient Scotch Custom Which Once Involved Human Sacrifice.

Sir John Sinclair's "Statistical Account of Scotland" contains notices of many old customs, which still continued to be observed in the Highlands, though they were even then fast dying out. From the eleventh volume of that great work, which was published in 1791 and the succeeding years, we learn, on the authority of the minister of Callander, Perthshire, that the boys of the township assembled in a body upon the moors on May day, and proceeded to dig a circular trench, leaving the soil in the center undisturbed, so as to form a low table of green turf, sufficient in size to accommodate the whole party.

They lighted a fire and prepared a custard of milk and eggs, and a large oatmeal cake, which they baked upon a stone placed in the embers. When they had eaten the custard, they divided the cake into as many equal portions as there were persons in the assembly and daubed one of those pieces with charcoal until it was perfectly black. They then placed all the pieces of cake together in a bonnet, and each in turn drew one blindfolded, the holder of the bonnet being entitled to the last piece. The boy who drew the blackened portion was destined to be sacrificed and was compelled to leap three times through the flames.

Although the ceremony had degenerated into a mere pastime for boys, it is evident that it must once upon a time have involved the actual sacrifice of a human being, in order to render the coming summer fruitful.—Gentleman's Magazine.

A Wonderful Book.

The Chinese Almanac is the most largely circulated publication in the world, the copies printed and sold yearly reaching several millions. It is printed at Peking and is a monopoly of the emperor, no other almanac being permitted to be sold in that country. Although containing reliable astronomical information, its chief mission is to give full and accurate information for selecting lucky places for performing all the acts, great and small, of everyday life. And as every act of life in China, however trivial, depends for its success on the time in which and the direction (point of compass) toward which it is done, it is of the utmost importance that every one should have correct information at all times available to enable him so to order his life as to avoid bad luck and calamity and secure good luck and prosperity.

So great is the native faith in its infallibility that not long since the Chinese minister to Germany refused to sail on a day which had been appointed because it was declared in the almanac to be unlucky.—Cincinnati Enquirer.

In ancient times and among inland peoples the possession of a salt spring was regarded as a special gift of the gods. The Chaoians in Epirus had one which flowed into a stream where there were no fish, and the legend was that Heracles had allowed their forefathers to have salt instead of fish.

Dewey's Comin Home.

From Maine to California throughout our mighty land

There's somethin' agitatin' us a child could understand—
A patriotic sentiment as strong as warm an true
As ever cheered the heart of man an thrilled it through an through.
No partisan or race or creed, or low or upper crust,
Can gather in this feelin' an control it with a trust,
An pretty soon, from mine pit up to heaven's distant dome,
That pent up feelin' will explode—for Dewey's comin' home.

There's never been an admiral who had a better way
Of taking up an argument an settlin' it to stay,
For when his side has had its say—his broadside, in a word—
The opposition argument is very seldom heard:
You never hear him quibble, an he never hesitates
When he is makin' history for the United States.
Oh, talk of cheerin' Caesar once upon a time in Rome!
We'll knock that cheerin' galley west—for Dewey's comin' home.

He's modest as they make 'em, an there's no one charges that
Since he has won his victories he wears a bigger hat.
He's had all kinds of trials, an there's no one ever said
That he was ever rattled or he ever lost his head.
No wonder that his countrymen will swear that he's about
As perfect an American as ever ground out.

So, hurry up, Olympia, an churn the briny foam,
An everybody whoop 'er up—for Dewey's comin' home.
—Dave Florence in Chicago Times-Herald.

GOLD TEETH NOT ALL GOLD.

Often Are Removable Shells, Worn to Make a Show.

"I'd hate to pay that woman's dentist bills," said a business man to a friend on a South Side L train the other day. Across the aisle from the men was a woman who showed enough gold every time she opened her mouth to make a man want to leave home and try his fortunes in the Klondike. Two of her upper teeth had been replaced by pieces of burnished metal, and one of her lower teeth also had a 22 carat sheen about it. Her companion had only one gold tooth, but she kept it doing the work of three by a constant smile.

"That's another case of the old adage, 'All that glitters is not gold,'" said the business man's friend. "One of the dental novelties makes gold teeth possible to any one at a small cost and without even sacrificing a healthy incisor to make room for the metal. For a quarter you can get a shell that can be stuck over any front tooth, and with an excuse to smile you can present a regular gold mine to the astonished public.

"Actresses first affected the gold tooth, and then the Yankee man got an idea. In a short time there was an epidemic of gold teeth. The novelty man came out with his plated shells and sold them like hot cakes. No one but the dentist has any kick against the imitation gold tooth, and as a dazzler it is hard to beat. That woman's teeth may be the real stuff, but I believe she can slip them off when she wants to and get them plated when they get tarnished."—Chicago Inter Ocean.

C. M. B. A. AT ROCK POINT.

Reunion of Branches Will Be Fittingly Celebrated by Athletics, Dancing, Etc.

Wednesday, August 9, the 1899 reunion of the Catholic Mutual Benefit association under direction of Western Pennsylvania Advisory Council, will be held at Rock Point, the pretty mountain grove on the Pennsylvania lines. The C. M. B. A. outing invariably attracts thousands who enjoy the day, listen to sweet music, roam among the shady dells of the placid Connoquenessing where balmy breezes and rest are always friends, see the games for which valuable prizes will be offered the winners, and assist in the general merry-making. All C. M. B. A. men will be eligible to take part in the games. Delegations are arranging to go from Mingo, Steubenville, Toronto, Wellsville and East Liverpool. Fare 75 cents round trip. Special train will leave Wellsville 8 a. m., East Liverpool 8:15 a. m., central time; returning leave Rock Point at a very reasonable hour.

New Sunday Trains.

Under new schedule taking effect on Pennsylvania lines, C. & P. division, Sunday, July 23, a new train will be run regularly on Sundays between Pittsburgh, East Liverpool, Steubenville and Bellaire. The train will leave Pittsburgh union station 7:10 a. m., central time, arrive East Liverpool 9:02 a. m., Steubenville 10:06 a. m., Bellaire 11:15 a. m., central time; returning leave Bellaire 1 p. m., East Liverpool 3:07 p. m.

Change in Time of Trains.

Under a new schedule in effect July 23, passenger trains over the Pennsylvania lines leave East Liverpool station as follows: For the east, daily, 4:01, 6:37, 11:15 a. m., 3:10, 7:00 p. m.; 3:07 p. m., Sunday only. For the west, daily, 12:33, 7:30, 9:06 a. m., 2:49, 6:14; 9:02 a. m., Sunday only. For particular information on the subject apply to A. Hill, ticket agent.

The News Review for news.

Vacation Trips.

The Pennsylvania lines extend direct to places of summer sojourn along the Atlantic Ocean. Atlantic City, Cape May, Asbury Park Long Branch and resorts on the New Jersey coast are seashore terminals of the Pennsylvania system. Newport, Narragansett and summer havens in New England are reached over the Pennsylvania route via New York. The Adirondacks, White Mountains, Catskills and mountain retreats of the east are also reached through New York. Resorts in the Alleghenies are located upon the Pennsylvania route and may be reached via Pittsburgh without changing cars. The Pennsylvania lines also lead to resorts in Michigan and the lake region through three gateways: Cleveland, Toledo and Fort Wayne. Full information about rates, through time of trains and the convenient manner in which summer resorts may be reached will be cheerfully furnished upon application to local passenger and ticket agents of the Pennsylvania lines, or by addressing J. K. Dillon, D. P. Agt., Pittsburgh Pa.

August 3d \$10 Seashore Excursion.

Remember the date, Thursday, Aug. 3d; don't forget the rate, \$10, with fifteen day return limit, to either Atlantic City, Cape May, Sea Isle City, Avalon, Ocean Beach, and other Atlantic ocean recreation points. The mid-summer time observes the sea in his majesty, bidding friends welcome to the shore, listen to the mighty roar of the ceaseless flow, bathe in the briny-health-giving water. Sailing and deep-sea fishing at Atlantic City are pastimes once indulged, are never forgotten. \$10 round trip from East Liverpool. Adam Hill, ticket agent, will furnish details upon application.

First August Seashore Excursion.

When the summer season is at its height, the third \$10 Atlantic City excursion is ready to start. Thursday, August 3d, is the date, remember, and the fifteen day return limit gives everybody opportunity to welcome the flow of old ocean, to embrace the health-giving and rest assuring waves as they ceaselessly dash upon the beach. \$10 from East Liverpool Thursday, August 3d. Ask Adam Hill, ticket agent, about details, and Cape May, Sea Isle City, and the other excursion points, any one of which you are at liberty to choose.

Special Excursion to Rock Point

Wednesday, August 9, 75 cents round trip, for C. M. B. A. annual reunion. Special train from Wellsville 8 a. m., East Liverpool 8:15 a. m., central time. Music by Cathedral Orchestra, of Pittsburgh—fifteen pieces. Dancing free.

Time table effective May 22, 1899. Trains daily except Sunday. Central time.

FINE JOB WORK. The News Review Job rooms are the best equipped in eastern Ohio, and we are consequently able to turn out large quantities of work on short notice.

UNION LABELS.

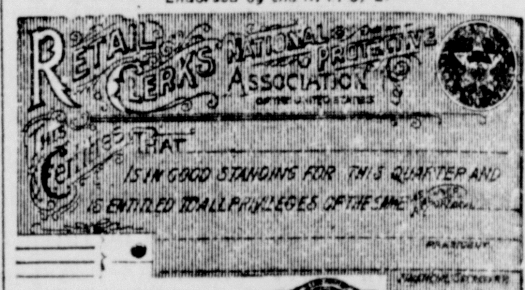

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours and union labor employed.

UNION PAPERS.
All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns.

PATRONIZE UNION CLERKS.
All members of the R. C. N. P. A. can show this card ask for it when making your purchase.
Endorsed by the A. F. of L.

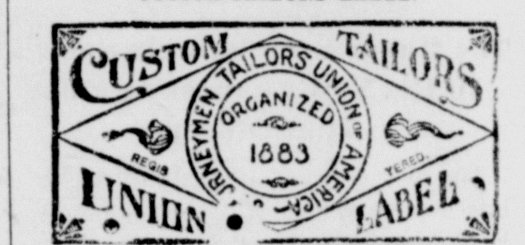

ONE-THIRD ACTUAL SIZE.
COLOR IS CHANGED EACH QUARTER.

Good only during months named in lower left hand corner and properly signed, and STAMPED with the number of the Local.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE CLOTHES.

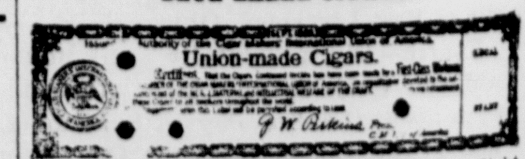

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The Label will be placed on the upper front side of the tire that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

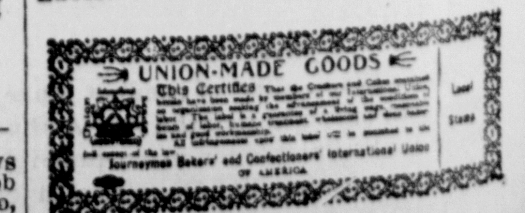

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is as much evidence that the bread is made under fair and wholesome conditions, as the label on the wrapper of the confectioners' and cracker label.

GRANT CALMED THEM

AN INCIDENT OF JOHNSON'S FAMOUS SWING AROUND THE CIRCLE.

A Painful Spectacle Which the General Brought to a Close by Forcing the Tumultuous Crowd to Listen to the President.

There is nothing in history that corresponds to that wonderful swing of President Johnson from Washington to Chicago by way of Robin Hood's barn. Mr. Johnson planned the trip with infinite cunning. He prided himself on being a commoner, and he believed that he understood the people and that if he could meet them face to face he could convince them that the president was right and congress wrong. To get the love of the people he carried with him General Grant, Admiral Farragut, Secretaries Seward, Welles and Randall, General Custer and other men well known to the people. He reasoned that, accompanied by the popular idols of the day, he would be sure of enthusiastic reception everywhere. That was all that he asked. Give him a big crowd, and he was confident that he could win them over.

The president started from Washington with a chip on his shoulder. The very first crowd he met knocked it off without ceremony. It soon became clear the people were in a resentful mood, and after two or three clashes some of Mr. Johnson's best friends recommended a change of programme. Many believed that the president, seeing the mood of the people, would yield, but they didn't know the man. I had seen him face all sorts of crowds while he was military governor of Tennessee. I had heard him scold the leading citizens of Nashville as he would a lot of school children; had seen him, when a mob threatened his life, stride out into the street and march the full length of the city at the head of a procession, carrying the stars and stripes, and I knew that he would relish keenly a scrap with those who defied him.

At one point a crowd of 50,000 people had gathered, mainly to see Grant, Farragut and Seward. There was tremendous enthusiasm over the party, and the president was elated. But when he rose to speak the crowd hooted and hissed and set up a great shout for Grant. The people had seen through the president's scheme and were turning the tables on him by using Grant and Farragut to humiliate and punish him. The president saw the strategy of the move, and he was as furious as he was helpless. In every interval of quiet he would attempt to speak, but every word he uttered would be lost in the thunder of the shouts for Grant. It was a painful spectacle, and everybody was embarrassed. The crowd would not listen to the chairman or any other local celebrity.

General Custer, then at the height of his popularity, stepped forward in his dramatic, imperious way, believing that he could quiet the tumult. The crowd was friendly, but it howled him down, and the dashing cavalryman took his seat, with the remark that he would like to clear the grounds with a brigade of cavalry.

Johnson, looking down on the tumult, saw smiling, contemptuous faces, but no hatred. He turned to Grant, who had retired to the rear of the platform, and said petulantly, "General, you will have to speak to them."

General Grant said decisively, "I will not."

Then the president said, more graciously, "Won't you show yourself, general?"

Grant stepped forward, and, after a round of cheers, the people were as quiet as a church in prayer time. Waiting an instant, Grant raised his hand, made a gesture toward Johnson and said clearly, "The president of the United States."

The incident was a simple one, but it spoke volumes. Grant's face was full of indignation and reproach, and the crowd, accepting his rebuke, listened to the president for an hour. And the president did not spare the people. He scolded them to his heart's content, replied to all their taunts, talked back to every man that opened his mouth and seemed to enjoy the performance as a war horse would a battle. The people took the scolding in good part and realized that they had come in contact with a new sort of president. They heard him in respectful silence, but they disapproved of him, as the president knew when the votes were counted at the election that fall.

Seward's face at such meetings was a study. The wound in his neck was only fairly healed, and the people took a deferential attitude toward him. But still everybody wanted to see him and shake hands with him.

Farragut, in crossing the rotunda of the capitol, came upon a group of ladies, one of whom turned toward him and eagerly inquired, "Are you Mr. Seward?" Farragut answered without a moment's hesitation:

"No; I am a handsomer man than Seward. My name is Farragut."—Chicago Inter Ocean.

Odd Companions.

The Kennebec Journal tells of a man who has a fox and a hound that are boon companions. When both animals were in the pup stage, they were plac-

ed together and have now enjoyed a year of each other's society in peace and harmony. They sleep together and play with each other much after the manner of two frolicsome pups. The fox has perfect freedom of action, coming and going at will, but he always returns at night to share the dog's bed.

Two Austrian Pops.

The two greatest dandies at the Empress Maria Theresa's court were Count Crober and Marquis Taroneca. These two men made a wager as to who should appear in the most costly costume at the next court ball. Jewels to be debarré. The Marquis Taroneca appeared in most gorgeous apparel and was considered by every one to have triumphed over his rival, who was attired in a plain satin suit. While the jury were deciding Count Crober threw open his plain satin cloak, and, placing it on the ground, showed that it was lined with one of Correggio's most famous works. The count won the wager—1,000 ducats—but the Correggio had cost 100,000 ducats.

The same count once paid a visit to Paris with a large party of friends and entertained them at a "dinner" which lasted three days and nights. It is interesting to note that this extravagant nobleman died in penury some 30 years later. Having exhausted his means, he was pensioned by the Emperor Francis, but in 1765, when Francis died, his pension was reduced to about £80 a year. One morning in mid-winter the frozen corpse of the count was discovered on a heap of refuse on the shores of the Danube.

The Enormity Melted.

There was especial opposition to the disturbance of the old Granary burial ground adjoining the Common in Boston, through a portion of which the subway runs. It was necessary to remove the remains of 910 persons interred there. One elderly man of Scotch descent made a great fuss over what he termed "the enormity of molesting the bones of his ancestors."

After much argument, delay and persuasion the venerable Scot was induced to agree that if the city would construct a tomb according to his ideas he would consent to the removal without causing further trouble. On the day the vault was completed the guardian of his progenitors was taken over to inspect this new repository.

"Now," said Dr. Green, a former mayor, who had charge of the work of removing the bodies, "you can set a day and the remains can be brought over and deposited here."

"What!" exclaimed the old gentleman. "Have that nice new tomb littered up with those old bones? Never! Close up the old tomb and let 'em be!"

Thus did he secure, without cost, a new family tomb.—New York Tribune.

A Pet Whale.

On a small island in the middle of the South Pacific lives a planter, the only white man on the island—which is full of brown skinned folk—who cuts and dries the meat of the coconut, which he sells to trading vessels.

When any stranger stops at his island he will give him of the best that the island affords; he will get up great concerts and dances of the islanders; above all, he will take him out to see his pet, which is perhaps the largest and oddest animal that was ever petted by any man.

This pet is a sperm whale, nearly 70 feet long. He came through the narrow entrance into the little harbor, which is walled in by a coral reef, when quite small, and remained until he had grown so large that he could not get out if he wanted to.

The great creature comes up to be fed when the planter blows a horn, and after his meal of a barrel of chopped meat or fish performs some ponderous and amusing tricks, apparently knowing what is expected of him.—Stray Stories.

His Double Demise.

"Wull, wull!" ejaculated McLuberty, in the midst of his perusal of a newspaper which he had carelessly picked up. "Bedad, poor Duffy is dead again! An ut sames to hov happened in the same way as ut did prayvously—he has been blown up by a prematooor blast. Oi shud hov t'ought that wance wua hov been enough to satisfy him, but thin he always was wan av thim feeners that niver know dheir own moinds."

"Phwot are yez tarkin about?" asked Mrs. McLuberty in some surprise. "Duffy dead again? Is ut crazy ye are?"

"No; Oi do be r'ading ut roight here in dhe papy, an'—"

"Lave me look at thot dockymint! Whoy, yez blunderhead, this is a 2-year-owld papy thot Oi laid out to spread on dhe shill!"

"Is thot so? Wull, ut relaves me moind. Oi was sorry to t'ink av such bad luck happenin to poor Duffy."—Harper's Bazar.

A Dinner Test.

In Siberia there is a good custom that a bride, on coming to her husband's house, has to give a dinner prepared with her own hands as a test of the education she has received. If she succeeds in gratifying her guests, it is taken as a proof not only of the young woman's own excellence, but also as a recommendation of her whole family, by whom she was instructed.

EPWORTH LEAGUE.

Topic For the Week Beginning July 30, "That Good Part"—Text, Luke x, 38-42.

"One thing needful."

The home in Bethany was a congenial resting place for Jesus when He was in the vicinity of Jerusalem. Martha seems to have been the recognized head of the little family group. Perhaps she was the eldest. The coming of Jesus caused much extra work, and Martha was perplexed by the cares of the household.

Mary realized, perhaps more deeply than any one else, the true mission of the Master and entered most deeply into the spirit of the coming kingdom of God. To her every word of the Christ was precious, and, as the opportunities to see and hear Him were so few and short, she must be with Him every moment possible. She would not neglect needful care for food and His bodily comfort, but she entered so fully into His own spirit that those things took a second place. To hear Him talk of the things of the spirit life was the one thing most essential.

So is it ever in this life. The bodily needs, the cares of the home, the pressure of business, social duties, all the multitudinous details of living absorb so much of time and energy and thought that we grow harassed, burdened, cumbered with much serving. We almost forget that Jesus is here, is our guest, is talking, is telling of things no one ever before revealed, no one else can reveal. All our future life happiness is bound up in His teaching. What a pity we can't stop fretting about things to eat and feed on His words a little!

It is grand to do much serving for Jesus' sake. Talking, praying, giving, singing and all the rest. But it is better to stop it all, once in awhile, and sit down in quietness at His feet and listen. Other things are good, this one is needful.

Do You Go to Church?

Of course every Christian does and particularly if a member of the League or any young people's society—that is, they go to some service. Perhaps it is the young people's meeting only. Often it is to the preaching service occasionally. It is to be feared that many have no settled habit of attending public worship. The morning service has no special attraction. Hard work all the week makes a person relish the rest in bed Sunday morning. Then some out of doors recreation seems desirable, bicycle, trolley, walking or driving as one chooses or is able to afford. Occasionally some special attraction of music or unusual address may draw one out in the evening to the church, but there are multitudes who almost never enter its doors.

How many church members are gradually drifting into the same habits! Better change the programme. Stop drifting and begin to live in earnest. Nothing you can do on Sunday will so rest your body, mind and spirit as to rise early and go to the church for public worship. It changes the whole tone and tenor of the life. It gives fresh impulses and new thought. It diverts care and enlarges one's world. It lifts and inspires. Better make it a rule and follow it, to go to church regularly.

Every man who is doing honest work has the right to lift up his head among men everywhere and hold himself in hand and be one of earth's noblemen. Paul was a tentmaker, Jesus a carpenter, and their fellow craftsmen have no need to be ashamed if they do their work well.

It takes more labor to raise wheat than it does to grow a crop of weeds, but, then, the wheat is worth more when harvested. It takes work to establish good habits and do good deeds. It takes self denial and care, but then it pays in the satisfaction of being right and pure. No one is good by chance. Plow the weeds under and cultivate wheat.

After the Convention—What?

The great Indianapolis gathering is over. The immense throngs, the inspiring music, the soul filling and lifting addresses and prayers; the excitement, the enthusiasm of the hour, the delightful social associations, the strange, new scenes of the trip, the new acquaintanceships, have all had their effect. Tens of thousands return home changed in many things from what they were a fortnight since. Life is larger, fuller, richer, more intense and deeper.

Reaction from fatigue will be felt both in body and mind. Beware lest it be a snare to the soul. Slow down the speed, but keep fast hold of all the good gained.

After the convention—what? Higher ideals of science, of duty, of privilege. Deeper consecration of soul and body. More watchfulness, more freedom. Deeper heart devotion and nearness to Jesus. More loyalty to the church, more love for our fellows.

"One thing is needful." Choose it. Nearness to Christ.

"No man today has a loftier pulpit than the Christian business man who so deals with his employees that their labor is an angel of joy and blessing to them, and thus making his own labor an angel, uplifting and comforting him and leading him into fellowship with God."—Christian Advocate.

NEW PEST ATTACKS COTTON

Attempt to Find a Remedy For a Fungus That Alarms Planters.

Within a few years a new and very serious disease has appeared in the cotton fields of the south. It has spread with rapidity and threatens to ruin the cotton industry in certain regions unless some method of combating it is discovered. The disease is due to a fungus which attacks the roots, causing the plant to wither and die. It has been most destructive in the vicinity of Charleston and on the adjoining islands, where most of the sea island cotton is grown. So widespread have been the ravages of this disease that a number of planters in the cotton producing states, including most of the growers of sea island cotton, have petitioned the United States department of agriculture at Washington, both directly and through their representatives in congress, to send an expert to study the disease and suggest methods of prevention or cure. The department of agriculture has attacked the problem and appointed William A. Orton, formerly biologist at the Vermont experiment station, to make an investigation, says the New York Sun.

The planters hope that Mr. Orton will soon relieve them of a most persistent and alarming foe, as they know him to have been particularly successful in developing a practical way of eradicating the noxious orange hawk weed, which was first brought to the United States from central Europe as a garden flower and widely distributed as a premium by an agricultural paper. Under the different climate and soil encountered here the plant turned to a vile weed, with broad leaves hugging the ground so closely that the grass was literally stifled. The cure for or rather the exterminator of this weed Mr. Orton found to be common salt. Mr. Orton has just been sent to Charleston, where he will begin experimenting, and will later visit all the cotton regions that have been affected by this enemy of the plant.

NEW WATER POWER ERA.

Engineer Johnston's Invention Near Seattle Started Successfully.

The other day marked a new era in water power machinery, for the Snoqualmie cyclodial mortar received water on it for the first time at the great power electric transmission plant of the Snoqualmie Falls Power company at Snoqualmie falls, 30 miles from Seattle. The wheel, an entirely new and original design in hydraulics, is the invention of Thomas T. Johnston, chief engineer of the company and of the Chicago drainage canal commission.

When the great valve was opened, admitting the water, the machinery began to turn without a hitch. The water wheels and dynamos are located in a huge underground cavern excavated out of the solid rock at the level of the river below the falls, says the Chicago Times-Herald. Twelve thousand horsepower, the initial installation, supplies all the industrial and commercial needs of Seattle and Tacoma at present. Most of the output is rented, and enterprises in that section have an auspicious future. Lines have been built into Seattle, 30, and Tacoma, 44 miles, the steel and stone distributing stations nearing completion.

The water wheels attained an efficiency of 92 per cent. Seattle is boasting of the best power plant in the world, and President Baller is receiving congratulations of friends. W. T. Baker, a Chicago capitalist, is the principal investor in the enterprise.

NOW THE STRANGLING BUG.

Insect Captured at Media, Pa., Killed a Mouse.

One of the so called strangling bugs, a large and hideous looking insect, said to be migrating here all the way from northern Africa, where it is a terror to man and beast, was recently captured in the county jail yard at Media, Pa., by Jail Warden Thomas S. Fields. Mr. Fields handled the bug carefully. He succeeded in brushing it into a glass jar and a few minutes afterward dropped a live mouse into the jar to watch the result. The bug in a minute made a sudden dash upon the neck of the mouse and stung or bit it in such a way as to cause it to keel over dead, says the Philadelphia Press, the bug hanging on it and sucking its blood.

The bug is of a dark brown color, about 2½ inches long, has a strong pair of wings and is armed with a sharp pointed "sucker," or sword, and two crablike claws.

The Soldier Boy at Sea.

A Kansas boy with the regulars going to Manila writes thus to his folks, says the Kansas City Journal: "For a time this morning we were very badly frightened because we thought we were lost at sea. One of the sailors told us that the captain had neglected to wind the compass the night before; that it had run down, and that nobody knew where we were or which way to sail. After awhile we found it was one of those fool sailor jokes."

Tin is one of the oldest known metals. The Chinese have used it in the fabrication of their brasses and bronzes from time immemorial.

Letter Heads

A letter head, as good as some printers' leading quality, at what might seem a starvation price, is another competition pill we have prepared. Of course it's worth a little more than the figure we ask, but not much. The other fellow will ask you \$2.50 or \$3.00 for the same thing, but we will charge you just what we think is right, and it won't be anywhere near the \$3.00 mark.

**THE NEWS REVIEW
JOB DEP'T.**

LOCAL BREVITIES.

Thank You.

Oh, most wonderful feat.
They have cleaned Fifth street,
And a happy environment now you meet.
A few hours well spent
Have removed the bad scent,
And the neighbors rejoice at the happy event.
PEGGY COOLEY.

Today is little pay.

Mailcarrier Joe Williams is threatened with fever.

The floor in the post office was repaired yesterday.

Father Smyth, of St. Aloysius church, is ill at his home in Fifth street.

Miss Lizzie Crawford, of Lisbon street, is recovering after a two weeks' illness.

A Ft. Wayne engine was attached to the early Cleveland express this morning.

The pony crew has worked late every night during the week on account of heavy freight traffic.

The Knowles, Taylor & Knowles company shipped cars of ware to Syracuse, N. Y., and Minneapolis, Minn.

Assistant Superintendent Kelly, of the telephone office, placed several new telephones in Salineville today.

Most all the persons who went to Cleveland Thursday, have returned to the city. Several arrived early this morning.

The Crockery City ball club left this morning for Millvale, where they played a game with the team of that place this afternoon.

Mrs. Samuel Hancock is ill at her home in Union street with the measles. This is the first case of measles that has been reported for several months.

The library directors met last evening and transacted routine business. The proposition of Andrew Carnegie to build a \$50,000 library here was informally discussed.

The funeral of John Kerrigan took place this morning from St. Aloysius church, Father Halligan officiating in the absence of Father Smyth, who is ill. Interment was made at the Catholic cemetery.

Philip DeMuth has been given the contract for carrying the mail between this city and Negley postoffice. He will make 313 trips and will receive \$400 for his services, the largest the government ever paid.

In Lisbon the Columbiana County Telephone company will place their poles, as far as possible, in alleys and backyards, leaving the streets, sidewalks, lawns, etc., free from the unsightly appliances.

The Odd Fellows have had a new bannister added to their stairway and the doors changed so they would swing out. The changes were made in accordance with an order from Deputy Factory Inspector Hull.

Captain Baker of the Cleveland and Pittsburg police force, with Detectives Shiffler and Adams, of Brilliant and Rochester, were in the city all day yesterday looking after criminals. Mr. Adams left town on the circus train.

Edward Rayman Bratt, the two-months-old son of Mr. and Mrs. J. E. Bratt, died yesterday afternoon at 1:30 o'clock, at their home on Spring street. The funeral will take place tomorrow afternoon at 4 o'clock, Reverend Weary officiating. Interment at Riverview.

Brakeman Emmett Redman, of the pony crew, had an argument with several circus laborers yesterday afternoon and for a time it looked as though the men would come to blows. The circus people objected to the manner in which their train was parted.

J. J. McCormick, general freight agent of the Cleveland and Pittsburg road, spent last night in the city on business. When seen this morning by a reporter he stated the road was now enjoying an excellent passenger and freight traffic, especially on the river division of the road.

NEWS OF THE DAY

Gathered In Columbiana and Adjoining Counties For Local Readers.

The Columbiana county Harvest Home picnic will be held at Shelton's grove August 26.

The Salem board of education has purchased for the high school of that city a telescope costing \$325.

The Alliance First Methodist Episcopal church, which is being erected at a cost of over \$50,000, will be dedicated on September 3.

Farmers of Leetonia have been circulating a petition this week, asking for free rural mail delivery from the Leetonia postoffice.

A Material Increase.

The Crockery and Glass Journal says of East Liverpool trade during the week: "Additional orders have been coming in from day to day, and at present they show a material increase. The traveling men are mostly out now, but liberal returns from them are hardly to be expected this month. They are looking over the field, seeing where demands will be earliest and largest, and making the trade acquainted with their new patterns and lines."

Merchants Will Close Earlier.

LISBON, July 29.—[Special]—District Deputy John E. Anderson instituted a local branch of the Retail Clerks' association here last night. Most of the merchants in town have agreed to close at 6 p. m., beginning next Wednesday evening.

Marriage License.

LISBON, July 29.—[Special]—Marriage license has been issued to Lionel Verner Fickes and Margaret Guy, of New Waterford.

HASSEY'S HOME,

Will
Noon

Open
July 31.

Washington Street,

OPPOSITE F. N. BANK.

Mr. Ed. Hassey has had years of experience in catering to the public. He is aware of the fact that a

FIRST CLASS RESTAURANT

Is a necessity in East Liverpool, and he believes that he can fill the necessity. He purposes having simply a fair return for his investment, and will furnish the very best of meals and luncheons at reasonable figures. He will use the very best of everything that the market affords in the way of meats, vegetables, fruits, coffee, tea, chocolate, and all non-intoxicating beverages. The

DINING ROOM

Will be made as cozy and homelike as possible, neat and clean, as Ed. and his wife believe firmly in the adage that "Cleanliness is akin to Godliness."

THE BEST OF ORDER

Will be absolutely guaranteed. You need have no hesitation in bringing your family or lady friends and acquaintances to

HASSEY'S HOME.

Regular meals at regular hours. Special orders filled at all hours, from 6 a. m. until midnight. Meal tickets will be furnished upon application. Nice luncheons at reasonable rates.

Patrons will receive prompt attention and courteous treatment. Mr. Hassey will consider it a special favor to be apprised of any deviation from this rule. He does not desire to have all the custom of the city, but simply a share thereof. He will be pleased to cater to your wants in his line, and will accord you a warm welcome at

HASSEY'S HOME,

197 Washington St., East Liverpool, O.
